The Equity Shares (*as defined hereinafter*) of the Transferee Company are listed on the Stock Exchanges (*as defined hereinafter*).

A. PREAMBLE

This Scheme (*as defined hereinafter*) is presented under the provisions of Sections 230 to 232 and other applicable provisions of the Act (*as defined hereinafter*) read with the relevant rules made thereunder, the relevant provisions of the SEBI Scheme Circular (*as defined hereinafter*), and the relevant provisions of the SEBI LODR Regulations (*as defined hereinafter*) for: (i) the amalgamation of the Transferor Company with and into the Transferee Company on a going concern basis in accordance with Section 2 (1B) of the Income Tax Act (*as defined hereinafter*) and the consequent issuance of Equity Shares by the Transferee Company to the shareholders of the Transferor Company under Sections 230 to 232 and other applicable provisions of the Act, and the SEBI Scheme Circular; and (ii) the transfer of the Identified Shares (*as defined hereinafter*) from the Transferor Shareholder (*as defined hereinafter*) to the Transferee Shareholder (*as defined hereinafter*). In addition, this Scheme also provides for various other matters consequential or otherwise integrally connected herewith.

B. DESCRIPTION OF THE SCHEME

3. This Scheme provides, *inter alia*, for:
 - (a) the amalgamation of the Transferor Company with and into the Transferee Company as a going concern, the issuance of Equity Shares by the Transferee Company to the shareholders of the Transferor Company pursuant to Sections 230 to 232 and other relevant provisions of the Act in the manner provided for in this Scheme and in compliance with the Act, the SEBI Scheme Circular, SEBI LODR Regulations and Section 2 (1B) and other relevant provisions of the Income Tax Act;
 - (b) the transfer of the Identified Shares from the Transferor Shareholder to the Transferee Shareholder; and
 - (c) various other matters incidental, consequential or otherwise integrally connected therewith, including the increase in the authorized share capital of the Transferee Company.

C. RATIONALE OF THE SCHEME

4. With a view to consolidate the business and other interests of the Transferee Company and the

[Handwritten signature]

Transferor Company, the Transferee Company and Transferor Company have decided that the Transferor Company with all its business and other interests, be amalgamated with and into the Transferee Company.

5. The Transferor Company and Transferee Company are of the view that: (a) the proposed amalgamation of the Transferor Company with and into the Transferee Company; and (b) the Share Transfer contemplated under this Scheme, would be to the benefit of the shareholders and creditors of the Transferor Company and Transferee Company and would, *inter alia*, have the following benefits:
- (a) The proposed amalgamation will enable the Transferor Company and the Transferee Company to combine their businesses and create a strong amalgamated company, and to become one of the leading private-sector fertiliser companies in India;
 - (b) The Transferor Company and Transferee Company are engaged in similar and/or complementary businesses and the proposed amalgamation pursuant to this Scheme will create synergies between their businesses, including revenue synergies through sharing of consumer understanding, market insights and channel models to ensure faster reach to the market and to achieve faster growth;
 - (c) The proposed amalgamation is expected to *inter alia* result in reduction of costs, better alignment, coordination and streamlining the day-to-day operation of all the units of the Transferor Company and the Transferee Company, strengthening of organizational capabilities around financial areas, driving scale benefits through pooling of resources, simplification of the corporate structure and elimination of administrative duplications by streamlining the legal, compliance and other statutory functions to allow a more coordinated approach towards governance of the businesses of the Transferee Company; and
 - (d) The proposed amalgamation is expected to create enhanced value for the stakeholders of the Transferor Company and the Transferee Company.
6. The Scheme also provides for the Share Transfer (*as defined hereinafter*), which shall be undertaken as an integral part of this Scheme to ensure that the existing promoter of the Transferee Company continues to hold more than 50% (fifty percent) of the share capital of the Transferee Company upon the consummation of the Scheme, which shall ensure the continued control by the existing promoter of the Transferee Company. Therefore, the Share Transfer is expected to expedite the overall benefits of the Scheme and create enhanced value for the stakeholders of both the Transferor Company and the Transferee Company.

Part II of the Scheme shall be effective on and from the Appointed Date 2 and shall be operative on and from the Effective Date 2. Part III of the Scheme shall be effective on and from the Appointed Date 1 and shall be operative on and from Effective Date 1.

PART II

AMALGAMATION

SECTION A: AMALGAMATION OF THE TRANSFEROR COMPANY INTO THE TRANSFEREE COMPANY

11. TRANSFER OF THE UNDERTAKING

Upon Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2, and subject to the provisions of this Scheme, including the completion of the Share Transfer as set out in Part III of this Scheme: (a) the Transferor Company shall stand amalgamated with and into the Transferee Company; and (b) the Undertaking shall, pursuant to the provisions of Sections 230 to 232 and other applicable provisions, if any, of the Act and other Applicable Law, be and stand transferred to and vested in the Transferee Company, as a going concern and shall become the property of and an integral part of the Transferee Company by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument, deed, matter or thing so as to become, the Undertaking of the Transferee Company by virtue of and in the manner provided in the Scheme, and in accordance with Sections 230 to 232 and other applicable provisions of the Act, the Income Tax Act and Applicable Law.

12. TRANSFER OF ASSETS

Without prejudice to the generality of Clause 11 above, upon Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2:

- (a) all the estate, assets, rights, claims, title, interest, properties, and authorities comprised in the Undertaking shall, by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument, or deed, be and stand transferred to and vested in and be deemed to have been transferred to and vested in the Transferee Company as a going concern so as to become, the estate, assets, rights, claims, title, interest, properties, and authorities of the Transferee Company;
- (b) all assets of the Transferor Company, that are movable in nature (including investment in shares and marketable securities) or incorporeal property or that are otherwise capable of transfer by physical or constructive delivery, novation and/or by endorsement and delivery or by vesting and recordal or by operation of law pursuant to this Scheme, including without limitation equipment(s), furniture(s), fixture(s), book(s), record(s), file(s), paper(s), computer program(s), engineering and process information, manual(s), data, production methodology(ies), production plan(s), catalogues, quotation.(s), website(s), sales and advertising material, marketing strategy(ies), list of present and former customers, customer credit information, customer pricing information, and other record(s), whether in physical form or electronic form or in any other form, shall by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument, or deed, stand transferred to and vested in and deemed to be transferred and vested in the Transferee Company and shall become the property and an integral part of the Transferee Company pursuant to Sections 230 to 232 of the Act and all other applicable provisions of Applicable Law. The vesting pursuant to this sub-clause shall be deemed to have occurred by physical or constructive delivery or by endorsement and delivery, or by vesting and recordal, as appropriate to the property being vested and the title to such property shall be deemed to have been transferred accordingly to the Transferee Company;
- (c) all other movable assets of the Transferor Company (except those specified elsewhere in this Clause), including without limitation, actionable claims, earnest monies, receivables, bills, sundry debts and receivables, credits, outstanding loans and advances, if any, recoverable in cash or in kind or for value to be received, bank balances and deposits, if any, with any Governmental Authority or other authorities or bodies, customers and any other Persons, cheques on hand, shall by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument, or deed become the property of the Transferee Company, pursuant to Sections 230 to 232 of the Act and all other applicable provisions of Applicable Law, if any. The Transferor Company may, upon the receipt of

the Sanction Orders, if so required, also give notice in such form as it may deem fit and proper to the debtors or obligors or any other Person, that pursuant to the Sanction Orders, the said debtors should pay to the Transferee Company, the debt, investment, loan, claim, bank balances and deposit or advance of the Transferor Company or make the same on account of the Transferor Company and the right of the Transferor Company to recover and realize the same shall stand vested in the Transferee Company;

- (d) all immovable properties (including land, together with buildings and structures standing thereon), and rights, title and interests thereon or embedded to the land and all rights, title and interests and claims in any immovable properties of the Transferor Company, whether or not included in the books of the Transferor Company, whether freehold or leasehold or licensed or right of way or otherwise, all tenancies, and all documents of title, lease or license or rent agreements, security deposits, advance, prepaid lease/license fee, rights and easements in relation thereto, shall stand transferred to and vested in and/or be deemed to have been transferred to and vested in the Transferee Company, by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument or deed on the same terms and conditions that exist with respect to the Transferor Company. The Transferee Company shall be entitled to and shall exercise all rights and privileges attached to such immovable property including refund of any security deposits, advance, prepaid fee and shall be liable to pay the appropriate rent, rates and taxes and fulfill all obligations in relation to or applicable to such immovable properties. Upon Part II of the Scheme coming into effect on the Effective Date 2 and with on and from the Appointed Date 2, the title to all immovable properties shall be deemed to have been mutated and recognized as that of the Transferee Company and the mere filing of the Sanction Orders with the appropriate registrar or sub-registrar or with the relevant Governmental Authority shall suffice as record of continuing titles with the Transferee Company and shall be constituted as a deemed mutation and substitution thereof. The relevant Governmental Authorities may rely on the Scheme along with the copy of the Sanction Orders, to make necessary mutation entries and changes in the land or revenue records to reflect the name of the Transferee Company as the owner or lessee (as the case may be) of the immovable properties. The Transferee Company shall, upon receipt of the Sanction Orders be entitled to the delivery and possession of all documents of title in respect of such immovable property and incorporeal assets, if any, in this regard;
- (e) the Transferee Company will be entitled to all intellectual property of the Transferor Company, including patents, trade and service marks, logo, domain names, database rights, copyrights, trade secrets, know-how, brands, marketing authorisations, marketing tangibles, designs, industrial designs, software, confidential processes, inventions, licenses, computer programs, manuals, data, catalogues, sales material and any other intellectual property or proprietary right whether owned by, licensed or assigned to the Transferor Company, whether or not the same are registered, along with all rights including those attached to goodwill, title, interest, labels and brand registrations, and all such other industrial or intellectual rights of whatsoever nature, and all intellectual property of the Transferor Company shall, by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument or deed, stand transferred to and vested in the Transferee Company. Necessary filings, intimations, updates, etc., as may be required in terms of Applicable Law shall be undertaken with the relevant Governmental Authority, in order to reflect the foregoing and shall be carried out by the Transferee Company and Transferor Company, as may be applicable;
- (f) all goodwill and past track record of the Transferor Company, including without limitation, the profitability, experience, credentials and market share, shall, by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument or deed, stand transferred to and vested in the Transferee Company and shall be deemed to be the goodwill and track record of the Transferee Company for all commercial and regulatory purposes including the purpose of eligibility, standing, evaluation and participation of the Transferee Company in all existing and future bids, tenders and contracts of all authorities, agencies and clients;
- (g) all bank accounts operated or entitled to be operated by the Transferor Company shall by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument or deed, be deemed to have been transferred and shall stand transferred to the Transferee Company and name of the Transferor Company shall be substituted by the

name of the Transferee Company in the bank's records and the Transferee Company shall be entitled to operate all bank accounts, realize monies and complete and enforce all pending contracts and transactions in the name of the Transferor Company to the extent necessary until the transfer of the rights and obligations of the Transferor Company to the Transferee Company under the Scheme is formally accepted and completed by the parties concerned. It is hereby clarified that all cheques and other negotiable instruments, payment orders received or presented for encashment which are in the name of the Transferor Company on or after the Effective Date 2, shall be accepted by the bankers of the Transferee Company and credited to the account of the Transferee Company, if presented by the Transferee Company; and

- (h) all letters of intent, requests for proposal, pre-qualifications, bid acceptances, tenders, and other instrument of whatsoever nature to which the Transferor Company is a party to or to the benefit of which the Transferor Company may be eligible for, shall remain in full force and effect against or in favour of the Transferee Company and may be enforced as fully and effectually as if, instead of the Transferor Company, the Transferee Company had been a party or beneficiary or obligee thereto.

13. TRANSFER OF CONTRACTS, ETC.

- (a) Without prejudice to the generality of Clause 11 above, upon Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2, subject to the provisions of this Scheme, all Contracts, insurance policies, applications, and other instruments of whatsoever nature, to which the Transferor Company is a party or to the benefit of which the Transferor Company may be eligible or for the obligations of which the Transferor Company may be liable, and which are subsisting or have effect immediately before the Effective Date 2, shall by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument or deed, continue in full force and effect on or against or in favour of, as the case may be, of the Transferee Company and may be enforced as fully and effectually as if, instead of the Transferor Company, the Transferee Company had been a party or beneficiary or obligee thereto. It is hereby clarified that upon Part II of this Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2, all inter-se Contracts, and other instruments between the Transferor Company and the Transferee Company, if any, will stand cancelled and there shall be no further inter-se rights and obligations of the Transferor Company and the Transferee Company in this regard.
- (b) Without prejudice to the generality of the foregoing, bank guarantees, performance guarantees, letters of credit, agreements with any Governmental Authority, hire purchase agreements, lending agreements and such other agreements, deeds, documents and arrangements pertaining to the business of Transferor Company or to the benefit of which the Transferor Company may be eligible and which are subsisting or have effect immediately before the Effective Date 2, including without limitation all rights and benefits (including without limitation benefits of any deposit, advances, receivables or claims) arising or accruing therefrom, shall, upon Part II of this Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2, by operation of law pursuant to the Sanction Orders without the requirement of any further act, instrument or deed, be deemed to be bank guarantees, performance guarantees, letters of credit, agreements, deeds, documents, and arrangements, as the case may be, of the Transferee Company.
- (c) Without prejudice to the other provisions of this Scheme and notwithstanding the fact that vesting of the Undertaking occurs by virtue of this Scheme itself, the Transferee Company may, at any time after Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2, in accordance with the provisions hereof, if so required under the Applicable Law or otherwise, take such actions and execute such deeds (including deeds of adherence), confirmations or other writings or tripartite arrangements with any party to any Contract to which the Transferor Company is a party or any writings as may be necessary to be executed in order to give formal effect to the above provisions. The Transferee Company shall, under the provisions of Part II of this Scheme, be deemed to be authorised to execute any such writings as a successor of the Transferor Company and to carry out or perform all such formalities or compliances referred to above on the part of

SC

the Transferor Company to be carried out or performed.

14. **TRANSFER OF LICENSES AND APPROVALS**

- (a) Without prejudice to the generality of Clause 11 above, upon Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2, all approvals, allotments, Consents, concessions, clearances, credits, awards, sanctions, exemptions, benefits, Tax deferrals, subsidies, incentives, refunds, grants, registrations, no-objection certificates, permits, quotas, rights, entitlements, assignments, authorisations, pre-qualifications, bids, acceptances, tenders, statutory licenses or other licenses (including the licenses granted by any Governmental Authority or regulatory bodies for the purpose of carrying on its business or in connection therewith), permissions, privileges, powers, facilities, special status, letter of allotments and certificates of every kind and description whatsoever in relation to the Transferor Company, or to the benefit of which the Transferor Company may be eligible, and which are subsisting or having effect immediately before the Effective Date 2, including the benefits of any applications made for any of the foregoing, shall by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument or deed, be and remain in full force and effect in favour of the Transferee Company and may be enforced as fully and effectually as if, instead of the Transferor Company, the Transferee Company had been a party or beneficiary or obligee thereto and the Transferee Company shall be bound by the terms thereof, the obligations and duties thereunder, and the rights and benefits under the same shall be available to the Transferee Company.
- (b) It is hereby clarified that if the Consent of any third party or Governmental Authority is required to give effect to the provisions of this Clause, the said party or the Governmental Authority shall make and duly record the necessary substitution / endorsement in the name of the Transferee Company pursuant to the sanction of this Scheme by the Tribunal, and upon Part II of this Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2 in accordance with the terms hereof.

15. **TRANSFER OF LIABILITIES**

Without prejudice to the generality of Clause 11 above, upon Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2, all liabilities relating to and comprised in the Undertaking including all secured and unsecured debts (whether in Indian rupees or a foreign currency), sundry creditors, debentures, loans raised and used, advances duties and obligations (including any guarantees, letters of credit, letters of comfort or any other instrument or arrangement which may give rise to a contingent liability in whatever form) of the Transferor Company of every kind, nature, and description whatsoever and howsoever arising and whenever due, raised or incurred or utilized for its business activities and operations (“Liabilities”), whether or not recorded in its books and records shall, by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument or deed, be and stand transferred to and vested in and be deemed to be transferred to and vested in the Transferee Company to the extent that they are outstanding on the Effective Date 2 so as to become the Liabilities of the Transferee Company on the same terms and conditions as were applicable to the Transferor Company and the Transferee Company shall meet, discharge and satisfy the same.

16. **TRANSFER OF ENCUMBRANCES**

Without prejudice to the generality of Clause 11 above, upon Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2:

- (a) the transfer and vesting of the assets comprised in the Undertaking to and in the Transferee Company under this Scheme shall be subject to Encumbrances, if any, affecting the same, as and to the extent hereinafter provided;
- (b) all Encumbrances over the Transferor Company’s assets existing immediately prior to the Effective Date 2, shall in so far as they secure or pertain to Liabilities of the Transferor Company, shall, after the Effective Date 2, continue to relate and attach to such assets or any

part thereof to which they are related or attached prior to the Effective Date 2 and as are transferred to the Transferee Company. Such Encumbrances shall not relate or attach to any of the other assets of the Transferee Company;

- (c) if any assets of the Transferor Company have not been Encumbered in respect of any Liabilities transferred pursuant to this Scheme, such assets shall remain unencumbered, and any existing Encumbrance shall not be extended to and shall not operate over any other assets of the Transferor Company or the Transferee Company. The holders of security over the properties of the Transferee Company shall not be entitled to any additional security over the properties, assets, rights, benefits, and interests of the Transferor Company and therefore, assets of the Transferor Company or the Transferee Company which are not currently Encumbered shall remain free and available for creation of any security thereon in future in relation to any current or future indebtedness of the Transferee Company; and
- (d) any reference in any security documents or arrangements (to which the Transferor Company is a party) to the Transferor Company and its assets and properties, shall be construed as a reference to the Transferee Company and the assets and properties of the Transferor Company transferred to the Transferee Company by virtue of this Scheme. Without prejudice to the foregoing provisions, the Transferor Company and the Transferee Company may execute any instruments or documents or do all the acts and deeds as may be considered appropriate, including the filing of necessary particulars and / or modification(s) of charge(s), with the RoC to give formal effect of the above provisions, if required.

17. TRANSFER OF LEGAL AND OTHER PROCEEDINGS

Without prejudice to the generality of Clause 11 above, upon the coming into effect of Part II of this Scheme on the Effective Date 2 and with effect from the Appointed Date 2:

- (a) any suits, actions, claims, cause of actions, appeals, legal or other proceedings (including tax proceedings), arbitration proceedings before any Governmental Authority or any other tribunal(s) and other proceedings of whatsoever nature (“**Proceedings**”) by or against the Transferor Company which is pending prior to the Effective Date 2 or which may be instituted at any time in the future, shall not abate, be discontinued or be in any way prejudicially affected by reason of the amalgamation of the Transferor Company with and into the Transferee Company pursuant to and in accordance with this Scheme or of anything contained in this Scheme, but the Proceedings may be continued, prosecuted and enforced by or against the Transferee Company in the same manner and to the same extent as it would or might have been continued, prosecuted and enforced by or against the Transferor Company, by operation of law pursuant to the Sanction Orders, without the requirement of any further act, instrument or deed;
- (b) the Transferee Company shall be deemed to be authorised under this Scheme to execute any pleadings, applications, forms, etc., as are required to remove any difficulties and carry out any formalities or compliance as are necessary for the implementation of this Scheme.

18. TRANSFER OF EMPLOYEES

Without prejudice to the generality of Clause 11 above, upon Part II of the Scheme coming into effect on the Effective Date 2:

- (a) all persons who were employed in the Transferor Company immediately before the Effective Date 2 shall become employees of the Transferee Company pursuant to the Sanction Orders, on terms and conditions which are overall not less favourable than those that were applicable to such employees immediately prior to Effective Date 2 and without any break or interruption in service. It is clarified that such employees of the Transferor Company who become employees of the Transferee Company by virtue of this Scheme, shall be governed by the terms of employment of the Transferee Company (including in connection with provident fund, gratuity fund, superannuation fund or any other special fund or obligation), provided that such terms of employment of the Transferee Company are overall not less favourable than those that were applicable to such employees immediately before Effective Date 2;

- (b) with regard to provident fund, gratuity fund, superannuation fund or any other special fund or obligation created or existing for the benefit of the employees of the Transferor Company who become employees of the Transferee Company by virtue of this Scheme upon Part II of this Scheme coming into effect on the Effective Date 2, (i) all contributions made to such funds by the Transferor Company on behalf of such employees shall be deemed to have been made on behalf of the Transferee Company, and shall be transferred to the Transferee Company, the relevant authorities or the funds (if any) established by the Transferee Company, as the case may be, and (ii) all contributions made by such employees, including interests/ investments (which are referable and allocable to the employees transferred), shall be transferred to the Transferee Company, the relevant authorities or the funds (if any) established by the Transferee Company, as the case may be. Where applicable and required, in connection with provident fund, gratuity fund, superannuation fund or any other special fund or obligation created or existing for the benefit of the employees of the Transferor Company who become employees of the Transferee Company by virtue of this Scheme, the Transferee Company shall stand substituted for the Transferor Company, by operation of law pursuant to the Sanction Orders, for all purposes whatsoever relating to the obligations to make contributions to the said funds in accordance with the provisions of such schemes or funds in the respective trust deeds or other documents. It is the aim and intent of this Scheme that all the rights, duties, powers and obligations of the Transferor Company in relation to such schemes or funds shall become those of the Transferee Company;
- (c) any prosecution or disciplinary action initiated, pending or contemplated against and any penalty imposed in this regard on any employee past or present, forming part of the Transferor Company shall not abate, be discontinued or in any way prejudicially affected by reason of the Scheme and shall be continued/ continue to operate against the relevant employee and the Transferee Company shall be entitled to take any relevant action or sanction, without the requirement of any further act, instrument or deed undertaken by the Transferor Company or the Transferee Company;
- (d) notwithstanding the aforesaid, the Board of the Transferee Company, if it deems fit and subject to Applicable Law, shall be entitled to:
- (i) retain separate trusts or funds within the Transferee Company for the erstwhile fund(s) of the Transferor Company; or
- (ii) merge the pre-existing funds of the Transferor Company with other similar funds of the Transferee Company.
- (e) the Transferee Company shall, for the purpose of payment of any retrenchment compensation, gratuity and other terminal benefits to the employees of Transferor Company, take into account the past services of such employees with the Transferor Company;
- (f) the Transferee Company shall continue to abide by any agreement(s)/ settlement(s) entered into by the Transferor Company with its employees; and
- (g) employment information, whether in physical or electronic form, including personnel files including hiring documents, payroll records, medical documents (including documents relating to past or on-going leaves of absence, on the job injuries or illness, or fitness for work examinations, where relevant), disciplinary records, supervisory files relating to the employees of Transferor Company and all forms, notifications, orders and contribution/identity cards issued by the concerned authorities relating to benefits shall be deemed to have been transferred to the Transferee Company pursuant to the Sanctions Orders.

19. TREATMENT OF TAXES

Without prejudice to the generality of Clause 11 above, upon Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2:

- (a) all Taxes / cess / duties paid, payable, received or receivable by or on behalf of the

M

S.V.

Transferor Company, including all or any refunds, claims or entitlements as to Tax credits, Taxes paid in advance, and / or Taxes deducted at source, and / or Taxes collected at source, including refunds or claims pending with the revenue authorities, if any, whether or not the same is reflected in Form 26AS/ Form AIS of the Transferor Company, shall, for all purposes be treated as the Taxes / cess / duties, liabilities or refunds of the Transferee Company by operation of law pursuant to the Sanctions Orders, without the requirement of any further act, instrument or deed;

- (b) all deductions otherwise admissible to Transferor Company including without limitation deduction admissible on actual payment or on deduction of appropriate Taxes or on payment of Tax deducted at source (including, but not limited to, claim for sum prescribed under Section 43B, Section 40, Section 35DD and Section 94B of the Income Tax Act, claim for deduction of provisions written back by the Transferor Company previously disallowed in the hands of Transferor Company under the Income Tax Act, claim for debt or part of debt written off by Transferor Company under Section 36(1)(vii) read with Section 36(2) of the Income Tax Act where such debt or part of debt were offered to Tax by the Transferor Company, and claim for any deferred payments) shall be eligible for deduction to the Transferee Company in the same manner and to the same extent as would have been enjoyed, availed or utilized by the Transferor Company before the Effective Date 2 by operation of law pursuant to the Sanctions Orders, without the requirement of any further act, instrument or deed;
- (c) the unutilized credits relating to excise duties paid on inputs lying to the account of Transferor Company as well as the unutilized credits relating to service Tax / goods and service Tax on input goods consumed by the Transferor Company shall be transferred to the Transferee Company automatically without any specific approval or permission, as an integral part of the Scheme, by operation of law pursuant to the Sanctions Orders without the requirement of any further act, instrument or deed;
- (d) to the extent required, the Transferor Company and the Transferee Company shall be permitted to revise and file their respective financial statements, income Tax returns (including under Section 170A of the Income Tax Act, Tax deducted at source or Tax collected at source), withholding Tax returns (including Tax deducted at source certificates), sales Tax, value added Tax, service Tax, central sales Tax, entry Tax, goods and services Tax returns and any other Tax returns, if required to give effect to the provisions of the Scheme. Such returns may be revised and filed notwithstanding that the statutory period for such revision and filing may have expired;
- (e) the Transferee Company shall be entitled to: (i) claim deduction with respect to items such as provisions, expenses, etc. disallowed in earlier years in the hands of the Transferor Company, which may be allowable in accordance with the provisions of the Income Tax Act on or after the Effective Date 2; and (ii) exclude items such as provisions, reversals, etc. for which no deduction or Tax benefit has been claimed by the Transferor Company prior to the Effective Date 2;
- (f) notwithstanding anything to the contrary contained in the provisions of this Scheme, unabsorbed Tax depreciation and accumulated losses, if any, of the Transferor Company as on the Effective Date 2, shall, for all purposes, be treated as unabsorbed Tax depreciation and accumulated losses of the Transferee Company and the Transferee Company shall be eligible to set off unabsorbed Tax depreciation and accumulated losses, if any, of the Transferor Company as on the Effective Date 2 against future taxable income of the Transferee Company in the same manner and to the same extent as would have been enjoyed, availed or utilized by the Transferor Company before the Effective Date 2;
- (g) it is further clarified that any unabsorbed depreciation of the Transferor Company as specified in their respective books of account shall be included as unabsorbed depreciation of the Transferee Company for the purposes of computation of minimum alternate Tax;
- (h) any Tax liability under the Income Tax Act, or any other applicable Tax laws or regulations allocable to the Transferor Company whether or not provided for or covered by any Tax provisions in the accounts of the Transferor Company made as on the date immediately preceding the Effective Date 2, shall be transferred to the Transferee Company. Any surplus in the provision for taxation or duties or levies in the accounts of the Transferor

Company, including advance Tax and Tax deducted at source as on the close of business in India on the date immediately preceding the Effective Date 2 will also be transferred to the account of the Transferee Company, by operation of law pursuant to the Sanctions Orders without the requirement of any further act, instrument or deed;

- (i) all Tax assessment proceedings and appeals of whatsoever nature by or against the Transferor Company, pending or arising as on the Effective Date 2, shall be continued and / or enforced by or against the Transferee Company in the same manner and to the same extent as would or might have been continued and enforced by or against the Transferor Company. Further, the aforementioned proceedings shall neither abate or be discontinued nor be in any way prejudicially affected by reason of the amalgamation of the Transferor Company with and into the Transferee Company pursuant to and in accordance with this Scheme or anything contained in this Scheme;
 - (j) any refund under the Income Tax Act or any other tax laws related to or due to the Transferor Company, including those for which no credit is taken as on the date immediately preceding the Effective Date 2, shall also belong to and be received by the Transferee Company; and
 - (k) without prejudice to the generality of the above, all benefits, incentives, claims, losses, credits (including income Tax, service Tax, excise duty, goods and service Tax and applicable state value added Tax (if applicable)) to which the Transferor Company is entitled to in terms of applicable tax laws, shall be available to and vest in the Transferee Company by operation of law pursuant to the Sanctions Orders without the requirement of any further act, instrument or deed.
20. The Transferee Company and the Transferor Company shall, respectively, take such actions as may be necessary and permissible in order to give formal effect to the provisions of Part II of this Scheme, including, without limitation, making appropriate filings with any Person (including the relevant Governmental Authorities), and such Person (including the relevant Governmental Authorities) shall take the same on record, and shall make and duly record the necessary substitution/endorsement in the name of the Transferee Company upon Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2 in accordance with the terms hereof.
21. The Transferee Company shall, at any time after Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2, if so required under Applicable Laws, do all such acts or things as may be necessary to transfer/ obtain the approvals, Consents, Contracts, exemptions, registrations, no-objection certificates, permits, quotas, rights, entitlements, licenses and certificates which were held or enjoyed by the Transferor Company, including in connection with the transfer of properties of the Transferor Company to the Transferee Company. The Transferee Company shall file appropriate applications/ documents and make appropriate filings with the relevant authorities concerned for information and record purposes and the Transferee Company shall, under the provisions of this Scheme, be deemed to be authorised to execute any such writings on behalf of the Transferor Company and to carry out or perform all such acts, formalities or compliances referred to above on behalf of the Transferor Company, inter alia, in its capacity as the successor entity of the Transferor Company.

SECTION B: CONSIDERATION FOR AMALGAMATION

22. The Board of the Transferee Company shall determine the Record Date for the issue and allotment of Equity Shares to the shareholders of the Transferor Company.
23. Upon Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2 and in consideration of the amalgamation including the transfer and vesting of the Undertaking of the Transferor Company with the Transferee Company pursuant to this Scheme, the Transferee Company shall, without any further application, act, instrument or deed issue and allot to each equity shareholder of the Transferor Company as on the Record Date, 187 (One Hundred and Eighty Seven) fully paid-up Equity Share(s) of INR 10 (Indian Rupees Ten) each of the Transferee Company for every 100 (One Hundred) fully paid-up Equity Share(s) of INR 10 (Indian Rupees Ten) each of the Transferor Company.

24. The share exchange ratio stated in Clause 23 above has been taken on record and approved by the Boards of each of the Transferor Company and Transferee Company after taking into consideration the joint valuation report dated February 7, 2024 provided by SSPA & CO., Chartered Accountants and Pawan Shivkumar Poddar, both who are Registered Valuers issued to the Transferor Company and the Transferee Company.
25. The Equity Shares in the Transferee Company to be issued to the shareholders of the Transferor Company pursuant to Clause 23 of Section B of Part II of this Scheme shall rank *pari passu* in all respects with the existing Equity Shares of the Transferee Company, including with respect to dividend, bonus, voting rights and other corporate benefits attached to the Equity Shares of the Transferee Company. The Equity Shares of the Transferee Company issued pursuant to Clause 23 of Section B of Part II and in lieu of the locked-in shares of the Transferor Company, if any, will be subject to lock-in for the remaining lock-in period of such locked-in shares, in accordance with the SEBI Scheme Circular.
26. If any shareholder of the Transferor Company becomes entitled to a fractional Equity Share to be issued by the Transferee Company pursuant to Clause 23 of Section B of Part II of this Scheme, the Transferee Company shall not issue such fractional Equity Share to such shareholder of the Transferor Company, but shall consolidate all such fractional entitlements of all shareholders of the Transferor Company and the Board of the Transferee Company shall, without the requirement of any further act, instrument or deed, issue and allot such Equity Shares that represent the consolidated fractional entitlements to a trustee nominated by the Board of the Transferee Company (“Trustee”) and the Trustee shall hold such Equity Shares, with all additions or accretions thereto, in trust for the benefit of the shareholders of the Transferor Company who are entitled to the fractional entitlements (and their respective heirs, executors, administrators or successors) for the specific purpose of selling such Equity Shares in the market within a period of 90 (ninety) days from the date of allotment of shares, and on such sale, distribute to the shareholders in proportion to their respective fractional entitlements, the net sale proceeds of such Equity Shares and dividends or distributions made on such Equity Shares (after deduction of applicable Taxes and costs incurred and subject to withholding Tax, if any). It is clarified that any such distribution shall take place only after the sale of all the Equity Shares of the Transferee Company that were issued and allotted to the Trustee pursuant to this Clause 26.
27. The Equity Shares issued by the Transferee Company in terms of Clause 23 of Section B of Part II of the Scheme shall be issued in dematerialized form and the register of members maintained by the Transferee Company and/ or, other relevant records, whether in physical or electronic form, maintained by the Transferee Company, the relevant depository and registrar and transfer agent in terms of Applicable Laws shall (as deemed necessary by the Board of the Transferee Company) be updated to reflect the issue of such Equity Shares by the Transferee Company in terms of this Scheme. The shareholders of the Transferor Company who hold equity shares in the Transferor Company in physical form shall provide requisite details relating to his/ her/ its accounts with a depository participant to the Transferee Company prior to the Effective Date 2 to enable the Transferee Company to issue Equity Shares in terms of Clause 23 of Section B of Part II of the Scheme.
- However, if no such details have been provided to the Transferee Company by the relevant shareholder(s) holding equity shares in the Transferor Company in physical form prior to the Effective Date 2, the Transferee Company shall issue the corresponding Equity Shares in dematerialized form to the trustee nominated by the Board of the Transferee Company who shall hold such Equity Shares in trust for the benefit of the relevant shareholder(s) of the Transferor Company.
28. Upon Part II of this Scheme coming into effect on the Effective Date 2 and upon the Equity Shares of the Transferee Company being issued and allotted by it to the equity shareholders of Transferor Company in terms of Clause 23 of Section B of Part II of this Scheme, the Equity Shares of the Transferor Company, shall be deemed to have been automatically cancelled, and any liability in respect of the same shall stand extinguished.
29. The Equity Shares allotted and issued in terms of Clause 23 of Section B of Part II of this Scheme, shall be listed and/or admitted to trading on the Stock Exchanges, where the Equity Shares of the Transferee Company are listed and/or admitted to trading. The Transferee Company shall make all requisite applications, and take all steps to list the Equity Shares issued and allotted pursuant to

Clause 23, listed on the Stock Exchanges and obtain the final listing and trading permissions for such Equity Shares.

30. The Equity Shares issued and allotted in terms of Clause 23 of Section B of Part II of this Scheme, shall remain frozen in the depository system till listing/ trading permission is given by the Stock Exchange with respect to such Equity Shares.
31. Upon the Scheme coming into effect in accordance with its terms, in addition to the existing promoters of the Transferee Company (i.e., Zuari Maroc Phosphates Private Limited), Akshay Poddar, Shradha Agarwala, Jyotsna Poddar, Gaurav Agarwala, Zuari Agro Chemicals Limited, Adventz Finance Private Limited, Zuari Industries Limited and their affiliates (if any), shall each be and deemed to be the “promoters” of the Transferee Company.
32. On the approval of this Scheme by the Board and members of each of the Transferor Company and the Transferee Company pursuant to Sections 230-232 of the Act and other relevant provisions of the Act, if applicable, it shall be deemed that the Board and members of each of the Transferee Company and Transferor Company have also accorded their consent under Sections 13, 42, 61, 62(1)I and 64 of the Act and/ or any other applicable provisions of the Act and the relevant provisions of the Articles, as may be applicable, for the aforesaid issuance of Equity Shares of the Transferee Company to the equity shareholders of the Transferor Company and amendment of the memorandum of association of the Transferee Company for reclassification and enhancement of the authorised share capital of the Transferee Company, and no further resolution or actions, including compliance with any procedural requirements, shall be required to be undertaken by the Transferee Company under Sections 13, 42, 61, 62(1)(c) or 64 of the Act and/ or any other applicable provisions of the Act. Upon Part II of this Scheme coming into effect on the Effective Date 2, the Transferee Company shall, if required, file all necessary documents/ intimations as per the provisions of the Act with the RoC or any other applicable Governmental Authority to record the amalgamation of Transferor Company with and into the Transferee Company, issuance of Equity Shares of the Transferee Company to the equity shareholders of the Transferor Company, amendment of the memorandum of association of the Transferee Company and dissolution of the Transferor Company, in the manner set out in Section C of Part II of this Scheme.
33. In the event of there being any pending share transfers, whether lodged or outstanding, of any shareholder of the Transferor Company, the Board of the Transferee Company shall be empowered in appropriate cases, prior to or even subsequent to the Record Date, to effectuate such a transfer as if such changes in registered holder were operative as on the Record Date, in order to remove any difficulties arising to the transferor of the shares in the Transferor Company and in relation to the shares issued by the Transferee Company, after the effectiveness of the Scheme. The Board of the Transferee Company shall be empowered to remove such difficulties as may arise in the course of implementation of this Scheme and registration of new shareholders in the Transferee Company.

SECTION C: DISSOLUTION OF THE TRANSFEROR COMPANY

34. Upon Part II of this Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2, subject to Clause 49 of Part IV, the Transferor Company shall, without the requirement of any further act, instrument or deed, stand dissolved without winding up pursuant to the Sanction Orders.
35. On and from the Effective Date 2, subject to Clause 49 of Part IV: (i) the Board of the Transferor Company, shall, without the requirement of any further acts, resolutions, filings, instruments, or deeds, cease to exist and stand dissolved; and (ii) the name of the Transferor Company shall be struck off from the records of the RoC.

SECTION D: ACCOUNTING TREATMENT

36. Notwithstanding anything to the contrary contained in the Scheme, pursuant to Part II of the Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date 2, the Transferee Company shall account for the amalgamation of the Transferor Company with the Transferee Company in its books of account as per the acquisition method in accordance with accounting principles as laid down in the Indian Accounting Standard 103 (Business Combinations), notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and relevant clarifications issued by the Institute of Chartered Accountants of India.

- (vi) the certified copies of the Sanction Orders having been filed by the Transferor Company and the Transferee Company (as the case may be), with the respective RoC within the timeline specified under Applicable Law;
- (vii) the satisfaction (or waiver in writing) of such other conditions precedent as have been mutually agreed between the Transferor Company and the Transferee Company in writing, in the Merger Cooperation Agreement.

46. The Scheme shall not come into effect unless the aforementioned conditions precedent mentioned in Clause 45 above are satisfied (or to the extent permissible under Applicable Law, waived by the Transferee Company) and in such an event, no rights and liabilities stated under this Scheme shall accrue to or be incurred *inter se* the Transferor Company and the Transferee Company or their respective shareholders or creditors or employees or any other Person.

47. Each of the Transferor Company and the Transferee Company shall file the Sanction Orders with the respective RoC within the timeline specified under Applicable Law. In case Part II of the Scheme does not become effective on Effective Date 2 and Part III of the Scheme does not become effective on Effective Date 1, within a period of 30 (thirty) days of receipt of respective Sanction Orders, the Transferor Company and the Transferee Company (as the case may be) shall be entitled to promptly file the Sanction Orders with the respective RoC in the requisite form(s), along with the necessary clarification letter(s), as may be required, within the time period prescribed under Applicable Law or the Sanction Orders. Upon Part II of the Scheme coming into effect in accordance herewith, the Transferor Company and the Transferee Company (as the case may be) shall file the requisite form(s), along with the necessary letter(s), as may be required, with their respective RoC.

48. The amalgamation of the Transferor Company with the Transferee Company pursuant to Part II of this Scheme shall be operative on and from the Effective Date 2 and shall be effective on and from the Appointed Date 2.

49. **SEQUENCING OF ACTIONS**

The Scheme shall be implemented in the following sequence:

Firstly, the following action under Part III of this Scheme shall occur on the Effective Date 1:

- (a) Transfer of Identified Shares from the Transferor Shareholder to the Transferee Shareholder in accordance with Part III of this Scheme;

Subsequently and only after the action stated in (a) above has been undertaken and the Share Transfer having consummated, the following actions under Part II and Part IV of this Scheme shall occur pursuant to the effectiveness of Part II of this Scheme:

[Handwritten mark]

[Handwritten signature]

- (a) amalgamation of the Transferor Company into and with the Transferee Company in accordance with Part II of this Scheme;
- (b) transfer of the authorised share capital of the Transferor Company to the Transferee Company in accordance with Clause 42 of Part IV of this Scheme, and consequential increase in the authorised share capital of the Transferee Company;
- (c) dissolution of the Transferor Company without winding-up in accordance with Clause 34 of Section C of Part II of this Scheme; and
- (d) issue and allotment of Equity Shares of the Transferee Company by the Transferee Company to the equity shareholders of the Transferor Company (as of the Record Date) in accordance with Clause 23 of Section B of Part II of this Scheme.

50. **MODIFICATIONS/ AMENDMENTS TO THE SCHEME**

The Transferor Company and Transferee Company will be at liberty to apply to the respective Tribunal from time to time for necessary directions in matters relating to this Scheme or any terms hereof, in terms of the Act and the rules made thereunder.

Subject to the provisions of the SEBI Scheme Circular, the Transferee Company and the Transferor Company may, by mutual written consent and acting through their respective Boards (which shall include any committee constituted by the respective boards), assent to any modifications/ amendments to this Scheme and/ or to any conditions or limitations that the Tribunals or any other Governmental Authority may deem fit to direct or impose or which may otherwise be considered necessary, desirable or appropriate by them.

51. **REMOVAL OF DIFFICULTIES**

The Transferor Company or Transferee Company (as the case maybe), may, by mutual consent and acting through their respective authorised representatives, agree to take all such steps as may be necessary, desirable or proper to resolve all doubts, difficulties or questions, that may arise in relation to the meaning or interpretation of the respective sections of this Scheme or implementation thereof or in any manner whatsoever connected therewith, whether by reason of any directive or orders of the Tribunals or any other Governmental Authority or otherwise, howsoever arising out of, under or by virtue of this Scheme in relation to the arrangement contemplated in this Scheme and/or any matters concerned or connected therewith and to do and execute all acts, deeds, matters and things necessary for giving effect to this Scheme.

52. **WITHDRAWAL OF THE SCHEME**

The Scheme shall be withdrawn from the Tribunals by the Transferor Company and the Transferee Company upon the occurrence of the following events:

- (a) by mutual consent of the Transferor Company and the Transferee Company, acting through their respective board of directors; or
- (b) upon termination of the Merger Cooperation Agreement.

53. **TAX NEUTRALITY**

This Scheme is in compliance with the provisions relating to “Amalgamation” as specified under Section 2(1B) and other relevant provisions of the Income Tax Act, such that, *inter alia* upon Part II of this Scheme becoming effective on the Effective Date 2 and with effect from the Appointed Date 2:

- (a) all the properties of the Transferor Company, immediately before the Effective Date 2, shall become the properties of the Transferee Company, by virtue of the amalgamation;
- (b) all the Liabilities of the Transferor Company, immediately before the Effective Date 2, shall become the liabilities of the Transferee Company, by virtue of the amalgamation; and

- (c) shareholders holding at least 3/4th (three-fourths) in value of the shares in the Transferor Company (other than shares already held therein immediately before the amalgamation by, or by a nominee for, the Transferee Company or its subsidiary) will become shareholders of the Transferee Company by virtue of the amalgamation.

If any terms or provisions of this Scheme is/are inconsistent with the provisions of Section 2(1B) of the Income Tax Act, the provisions of Section 2(1B) of the Income Tax Act shall prevail and this Scheme shall stand modified to the extent necessary to comply with Section 2(1B) of the Income Tax Act and such modification shall not affect other terms or provisions of this Scheme.

54. ENTIRE EFFECT

Each section of this Scheme is inextricably inter-linked with the other sections and the Scheme shall be given effect only in its entirety in the sequence set out in Clause 49 of Section IV of the Scheme.

55. COSTS

- (a) The Transferor Company and the Transferee Company agree that it shall bear by itself all own costs, charges, levies and expenses in relation to or in connection with or incidental to this Scheme until the date of sanction of this Scheme by the Tribunals, including without limitation, costs and expenses associated with retention of financial, legal, tax and other professional advisers, and in connection with any valuation report and the fairness opinion issued by their respective valuers and merchant bankers.
- (b) Save as otherwise agreed, all stamp, transfer, registration, and other similar taxes, duties, charges and fees (including in relation to the registration and the stamping of the Sanction Orders) payable or assessed in connection with this Scheme, the issuance of Equity Shares by the Transferee Company and the transfers contemplated by the Scheme shall be borne by the Transferee Company and the Transferee Company shall be entitled to claim deduction of all such expenses in accordance with the provisions of Section 35DD of the Income Tax Act.

56. SEVERABILITY

If any provision of this Scheme becomes or is declared by a court of competent jurisdiction to be illegal, unenforceable or void, portions of such provision, or such provision in its entirety, to the extent necessary, shall be severed from this Scheme, and the Transferor Company and the Transferee Company will negotiate in good faith to agree to replace such illegal, void, or unenforceable provision of this Scheme with a valid and enforceable provision that will achieve, to the extent possible, the same economic, business and other purposes of the illegal, void or unenforceable provision or act in accordance with a judgment, order, decree, or declaration made by a court of competent jurisdiction. The balance of this Scheme shall be enforceable in accordance with its terms.

57. REPEAL AND SAVING

The provisions of the Act and rules made thereunder shall not be required to be separately complied with, in relation to acts done by the Transferor Company or the Transferee Company as per direction of the Tribunal or the Sanction Orders.

SSPA, is a partnership firm, located at 1st Floor, "Arjun", Plot No. 6A, V. P. Road, Andheri (West), Mumbai - 400 058, India. SSPA is engaged in providing various corporate consultancy services.

We are a firm of practising Chartered Accountants registered with the ICAI. We are also registered with the Insolvency and Bankruptcy Board of India ('IBBI'), as a Registered Valuer for asset class – 'Securities or Financial Assets' with Registration No. IBBI/RV-E/06/2020/126.

PAWAN SHIVKUMAR PODDAR, REGISTERED VALUER – SECURITIES AND FINANCIAL ASSETS

PSP is a practicing Chartered Accountant registered with The Institute of Chartered Accountants of India ('ICAI') and located at B 116/117, Durian Estate, Goregaon Mulund Link Road, Goregaon East, Mumbai 400 063. I am also registered with the Insolvency and Bankruptcy Board of India ('IBBI'), as a Registered Valuer for asset class – 'Securities and Financial Assets' with Registration No. IBBI/RV/06/2019/12475. .

SCOPE AND PURPOSE OF THIS REPORT

We understand that the Managements of the Transacting Companies are contemplating a composite scheme of arrangement, wherein they intend to amalgamate MCFL with PPL in accordance with the provisions of Sections 230 to 232 of the Companies Act, 2013 or any statutory modifications, re-enactment or amendments thereof for the time being in force ("the Act") read with the Companies (Compromises, Arrangements and Amalgamations) Rules, 2016 ("the Rules"), as amended from time to time and all other applicable provisions, if any, of the Act and any other applicable law for the time being in force including the applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the circulars issued therein ("the Regulations"), in each case, as amended from time to time, and in a manner provided in the Draft Composite Scheme of Arrangement (hereinafter referred to as 'the Scheme').

We understand that as consideration for the proposed amalgamation of MCFL with PPL, equity shares of PPL would be issued to equity shareholders of MCFL.

In this connection, Transacting Companies have appointed SSPA and PSP, Registered Valuers under the Companies Act, 2013, to submit a joint valuation report recommending the fair equity share exchange ratio to Audit Committee / Board of Directors of the Companies for the Proposed Amalgamation (hereinafter referred to as "Report").

We understand that the appointed date for the Proposed Amalgamation shall be such date as mentioned in the Scheme or such other date as the National Company Law Tribunal ('NCLT') may direct.

For the purpose of this Report, we have considered Valuation Date to be February 06, 2024 ('Valuation Date').

The scope of our services is to conduct a relative (and not absolute) valuation exercise as at the Valuation Date to determine the equity value of the Transacting Companies using internationally accepted valuation methodologies as may be applicable to the Transacting Companies and then arrive at the fair equity share exchange ratio and report on the same in accordance with generally accepted professional standards including ICAI Valuation Standards, 2018 ('ICAI VS') notified by ICAI and requirement prescribed by the regulations applicable to listed companies as prescribed by SEBI.

The Valuers have worked independently in their analysis. The Valuers have independently arrived at different values per share of the Valuation Subjects. However, to arrive at the consensus on the fair equity share exchange ratio for the Proposed Amalgamation, appropriate minor adjustments, rounding-off has been done in the values arrived at by the Valuers.

We have been provided with the limited reviewed financial statements of PPL and MCFL for the nine months period ended December 31, 2023. We have taken into consideration the current market parameters in our analysis and have adjusted for additional facts made known to us till the date of our Report. The Management has informed us that there are no unusual / abnormal events in the Transacting Companies materially impacting their operating / financial performance after December 31, 2023, until the Report Date. Further, we have been informed by the Management that to the best of their knowledge, material information regarding the business of each of the Transacting Companies has been disclosed to us.

We have relied on the above while arriving at fair equity share exchange ratio for the Proposed Amalgamation.

We have been informed that:

- a) With effect from the appointed date, and up to and including the effective date, there would not be any capital variation in the Transacting Companies except by mutual consent of the Board of Directors of Transacting Companies or such other events as contemplated in the Scheme.

Recommendation of fair equity share exchange ratio for the proposed amalgamation of MCFL with PPL

- b) Till the Proposed Amalgamation becomes effective, neither of the Transacting Companies would declare any dividend which are materially different from those declared in the past few years.
- c) There would be no significant variation between the draft Scheme of arrangement and the final scheme approved and submitted with the relevant authorities.

We have been informed that, in the event either of the Transacting Companies restructure their equity share capital by way of share split / consolidation / issue of bonus shares / merger / demerger / reduction of share capital before the Scheme becomes effective, the issue of shares pursuant to the fair equity share exchange ratio recommended in this Report shall be adjusted accordingly to consider the effect of any such corporate actions.

This Report is our deliverable for the above engagement and is subject to the scope, assumptions, qualifications, exclusions, limitations and disclaimers detailed hereinafter.

As such, the Report is to be read in totality and not in parts and in conjunction with the relevant documents referred to therein.

SOURCES OF INFORMATION

In connection with this exercise, we have received / obtained the following information about the Transacting Companies from the Management of the respective company:

Valuation analysis and results are specific to the purpose of valuation and as per the agreed terms of the respective engagements. It may not be valid for any other purpose or as of any other date. Also, it may not be valid if done on behalf of any other entity.

A valuation of this nature is necessarily based on the prevailing stock market, financial, economic and other conditions in general and industry trends in particular as in effect on and the information made available to us as of, the date hereof. This Report is issued on the understanding that the Management has drawn our attention to all the matters, which they are aware of concerning the financial position of the Companies and any other matter, which may have an impact on our opinion, on the fair equity share exchange ratio for the Proposed Amalgamation. Events occurring after the date hereof may affect this Report and the assumptions used in preparing it, and we do not assume any obligation to update, revise or reaffirm this Report.

The recommendation rendered in this Report only represent our recommendation based upon information furnished by the Companies and gathered from public domain (and analysis thereon) and the said recommendation shall be considered to be in the nature of non-binding advice. Our recommendation should not be used for advising anybody to take buy or sell decision, for which specific opinion needs to be taken from expert advisors.

The decision to carry out the Proposed Amalgamation (including consideration thereof) lies entirely with the Management / Board of Directors of the respective Company and our work and findings shall not constitute recommendation as to whether or not the Management / the Board of Directors of the Company should carry out the Proposed Amalgamation.

The determination of fair value for arriving at fair equity share exchange ratio is not a precise science and the conclusions arrived at in many cases, will, of necessity, be subjective and dependent on the exercise of individual judgment. There is, therefore, no indisputable single fair value.

While we have provided our recommendation of the fair equity share exchange ratio based on the information available to us and within the scope and constraints of our engagement, others may have a different opinion. The final responsibility for the determination of the fair equity share exchange ratio at which the Proposed Amalgamation shall take place will be with the Board of Directors of the Transacting Companies, who should consider other factors such as their own assessment of the Proposed Amalgamation and input of other advisors.

Recommendation of fair equity share exchange ratio for the proposed amalgamation of MCFL with PPL

In the course of the valuation, we were provided with both written and verbal information, including market, financial and operating data. In accordance with the terms of our respective engagements, we have carried out relevant analysis and evaluations through discussions, calculations and such other means, as may be applicable and available. We have assumed and relied upon, without independently verifying (i) the accuracy of the information that was publicly available, sourced from subscribed databases; and (ii) the accuracy of information made available to us by the Companies; both of which formed a substantial basis for this Report. While information obtained from the public domain or external sources have not been verified for authenticity, accuracy or completeness, we have obtained information, as far as possible, from sources generally considered to be reliable. We assume no responsibility for such information. Our valuation does not constitute an audit or review in accordance with the auditing standards applicable in India, accounting / financial / commercial / legal / tax / environmental due diligence or forensic / investigation services and does not include verification or validation work. In accordance with the terms of our engagement / appointment letters and in accordance with the customary approach adopted in valuation exercises, we have not audited, reviewed, certified, carried out a due diligence, or otherwise investigated the historical financials / financial information or individual assets or liabilities, provided to us regarding the Companies / subsidiary / associates / joint ventures / investee companies, if any. Accordingly, we do not express an opinion or offer any form of assurance regarding the truth and fairness of the financial position as indicated in such historical financials / financial statements. Also, with respect to explanations and information sought from the Companies, we have been given to understand by the Companies that they have not omitted any relevant and material factors and that they have checked the relevance or materiality of any specific information to the present exercise with us in case of any doubt. Our conclusion is based on the assumptions and information given by / on behalf of the Companies. The Management has indicated to us that they have understood that any omissions, inaccuracies or misstatements may materially affect our valuation analysis / results.

It may herein be noted that the projections are responsibility of the Management. Our scope of work does not enable us to accept responsibility for the accuracy and completeness of the information provided to us. We have, therefore, not performed any audit, or examination of any of the historical or prospective information used and therefore, we do not express any opinion with regard to the same.

The Report assumes that the Companies comply fully with relevant laws and regulations applicable in all its areas of operations unless otherwise stated, and that the Companies will be managed in a competent and responsible manner. This Report has given no consideration to matters of a legal nature, including issues of legal title and compliance with local laws, and litigation and other contingent liabilities that are not disclosed in the audited / unaudited balance sheets of the Companies. No investigation of Companies' claims to title of assets has been made for the purpose of this Report and Companies' claim to such rights has been assumed to be valid. No consideration has been given to liens or encumbrances against the assets, beyond the loans disclosed in the accounts. Therefore, no responsibility is assumed for matters of a legal nature. Our conclusion of value assumes that the assets and liabilities of the Companies reflected in their respective latest balance sheets remain intact as of the Report Date.

This Report has been prepared for the purposes stated herein and should not be relied upon for any other purpose. Clients are the only authorized user of this Report and is restricted for the purpose indicated in the engagement letter. This restriction does not preclude the Clients from providing a copy of the report to third-party advisors whose review would be consistent with the intended use. We do not take any responsibility for the unauthorized use of this report. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or wilful default on part of the Clients or Companies, their directors, employees or agents. The Report should not be copied or reproduced without obtaining our prior written approval for any purpose other than the purpose for which it is prepared.

We accept no responsibility or any direct or indirect liability towards any third party including but not limited to any person, who may have been provided a copy of this Report for intended use in connection with the Scheme and hence, no party other than the Client shall have any recourse to us in relation to this engagement. In no event, we shall be liable for any loss, damage, cost or expense arising in any way from any acts carried out by the Companies referred herein or any person connected thereto.

We have not carried out any physical verification of the assets and liabilities of the Transacting Companies and take no responsibility for the identification of such assets and liabilities.

This Report does not look into the business / commercial reasons behind the Proposed Amalgamation nor the likely benefits arising out of it. Similarly, it does not address the relative merits of the Proposed Amalgamation as compared with any other alternative business transaction, or other alternatives, or whether or not such alternatives could be achieved or are available. This report is restricted to recommendation of fair equity share exchange ratio for the Proposed Amalgamation only.

We must emphasize that realization of forecasted free cash flow or the realizability of the assets at the values considered in our analysis will be dependent on the continuing validity of assumptions on which they are based. Our analysis, therefore, will not, and cannot be directed to providing any assurance about the achievability of the final projections. Since the financial forecasts relate to the future, actual results are likely to be different from the projected results because events and circumstances do not occur as expected, and the differences could be material. To the extent that our conclusions are based on the forecasts, we express no opinion on achievability of those forecasts. The fact that we have considered the projections in this valuation exercise should not be construed or taken as our being associated with or a party to such projections.

The valuation analysis and results thereof for recommendation under this Report are governed by concept of materiality.

The fee for the engagement is not contingent upon the results reported.

We will not be liable for any losses, claims, damages or liabilities arising out of the actions taken, omissions of or advice given by any other to the Companies. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or wilful default on part of the Companies, their directors, employees or agents.

It is understood that this analysis does not represent a fairness opinion. This report is not a substitute for the third party's own due diligence / appraisal / enquiries / independent advice that the third party should undertake for his purpose.

This Report is subject to the laws of India.

Neither the Report nor its contents may be referred to or quoted in any registration statement, prospectus, offering memorandum, annual report, loan agreement or other agreement or document given to third parties, other than in connection with the purpose of determining the fair equity share exchange ratio for the Proposed Amalgamation and relevant filings with regulatory authorities in this regard, without our prior written consent.

In addition, this Report does not in any manner address the price at which equity share of PPL and MCFL shall trade following announcement of the Proposed Amalgamation and we express no opinion or recommendation as to how the shareholders of either of the Companies should vote at any shareholders' meeting(s) to be held in connection with the Proposed Amalgamation. Our report and opinion / valuation analysis contained herein is not to be construed as advice relating to investing in, purchasing, selling or otherwise dealing in securities.

We will owe the responsibility only to the Board of Directors of PPL and MCFL.

Recommendation of fair equity share exchange ratio for the proposed amalgamation of MCFL with PPL

Disclosure of Registered Valuers' Interest or Conflict, if any and other affirmative statements

We do not have any financial interest in the Clients, nor do we have any conflict of interest in carrying out this valuation, as of the date of the engagement letter till the Report Date. We further state that we are not related to the Company or their promoters or their directors or their relatives. Further, the information provided by the Management have been appropriately reviewed in carrying out the valuation.

APPROACH FOR RECOMMENDATION OF FAIR EQUITY SHARE EXCHANGE RATIO:

The Proposed Amalgamation contemplates the amalgamation of MCFL with PPL. Arriving at the fair equity share exchange ratio for the Proposed Amalgamation would require determining the relative value of equity shares of Transacting Companies. These values are to be determined independently, but on a relative basis for the Valuation Subjects, without considering the effect of the Proposed Amalgamation.

Our choice of methodology of valuation has been arrived at using usual and conventional methodologies adopted for Proposed Amalgamation and our reasonable judgment, in an independent and bona fide manner.

The Valuation Approach adopted by SSPA and PSP is given in Annexure 1A and 1B respectively (Annexure 1A and 1B together referred to as Annexures).

BASIS FOR RECOMMENDATION OF FAIR EQUITY SHARE EXCHANGE RATIO

Recommendation of equity share exchange ratio for the proposed amalgamation of MCFL with PPL

The basis of the amalgamation of MCFL with PPL would have to be determined after taking into consideration all the factors and methods mentioned hereinafter. Though different values have been arrived at under each of the approaches / methods as mentioned in the Annexures, for the purpose of recommending the fair equity share exchange ratio of equity shares it is necessary to arrive at a final value for each Valuation Subject. It is however important to note that in doing so, we are not attempting to arrive at the absolute equity values of the Valuation Subjects, but at their relative values to facilitate the determination of the fair equity share exchange ratio. For this purpose, it is necessary to give appropriate weights to the values arrived at under each approaches / methods.

The fair equity share exchange ratio has been arrived at on the basis of a relative equity valuation of Valuation Subjects based on the various approaches / methods explained in the Annexures and various qualitative factors relevant to each company and the business dynamics and growth potentials of the businesses of the Valuation Subjects, having regard to information base, key underlying assumptions and limitations.

While we have provided our recommendation of the fair equity share exchange ratio based on the information available to us and within the scope and constraints of our engagement, others may have a different opinion as to the fair equity share exchange ratio. The final responsibility for the determination of the exchange ratio at which the amalgamation of MCFL with PPL shall take place will be with the Board of Directors of the respective Companies who should consider other factors such as their own assessment of the amalgamation of MCFL with PPL and input of other advisors.

We have independently applied approaches / methods discussed in the Annexures, as considered appropriate, and arrived at the relative value per share of the Companies. To arrive at the consensus on the fair equity share exchange ratio for the Proposed Amalgamation of MCFL with PPL, suitable minor adjustments / rounding off have been done.

It should be noted that we have not examined any other matter including economic rationale for the Proposed Amalgamation of MCFL with PPL per se or accounting, legal or tax matters involved in the Proposed Amalgamation.

In light of the above and on a consideration of all the relevant factors and circumstances as discussed and outlined herein above including scope, limitations and assumptions describe in this report and the engagement letter, we recommend the fair equity share exchange ratio as follows:

To the equity shareholders of MCFL

"187 (One Hundred and Eighty Seven) equity shares of PPL having a face value of INR 10 each fully paid-up shall be issued for every 100 (One Hundred) equity shares held in MCFL having face value of INR 10 each fully paid-up".

VALUATION APPROACHES

Bases and Premise of Valuation

Valuation of the equity shares of the Companies as on the Valuation Date is carried out in accordance with ICAI VS, considering 'relative value' base and 'going concern value' premise. Any change in the valuation base, or the valuation premise could have a significant impact on the valuation outcome of the Companies.

The following are commonly used and accepted methods for determining the value of the equity shares of a company:

1. Cost Approach – Net Asset Value method
2. Market Approach:
 - a) Market Price method
 - b) Comparable Companies Multiple method
3. Income Approach – Discounted Cash Flow method

Each of the aforesaid approaches proceeds on different fundamental assumptions which have greater or lesser relevance and at times even no relevance, to a given situation. Thus, the approach to be adopted for a particular valuation exercise must be judiciously chosen.

For the Proposed Amalgamation, we have considered the following commonly used and accepted methods for determining the value of equity shares of the Transacting Companies for the purpose of recommending fair equity share exchange ratio to the extent relevant and applicable:

1. Cost Approach - Net Asset Value Method ('NAV')

The Cost Approach reflects the amount that would be required currently to replace the service capacity of an asset; often referred to as current replacement cost.

PPL and MCFL

In the present case, the business of PPL and of MCFL is intended to be continued on a 'going concern basis' and there is no intention to dispose-off the assets, therefore the Cost Approach is not adopted for the present valuation exercise.

2. Market Approach

a) Market Price Method

The market price of an equity share as quoted on a stock exchange is normally considered as the fair value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares.

PPL and MCFL

In the present case, the equity shares of PPL and MCFL are listed on NSE and BSE. The value of equity shares of PPL and MCFL under this method is determined considering the share prices of PPL and MCFL on NSE over an appropriate period.

b) Comparable Companies' Multiple (CCM) / Comparable Transactions Multiples (CTM) Method

Under CCM method, the value of equity shares of companies is determined by using multiples derived from valuations of comparable companies. This valuation is based on the principle that market valuations, taking place between informed buyers and informed sellers, incorporate all factors relevant to valuation. Relevant multiples need to be chosen carefully.

PPL and MCFL

In the present case, PPL and MCFL have been valued based on EV/EBITDA multiple of comparable listed companies to arrive at the fair value per share of PPL and MCFL under the Market Approach.

Under CTM, the value of shares / business of a company is determined based on market multiples of publicly disclosed transactions in the similar space as that of the subject company. Multiples are generally based on data from recent transactions in a comparable sector, but with appropriate adjustment after consideration has been given to the specific characteristics of the business being valued.

PPL and MCFL

Based on our analysis and discussion with the Management, we understand that there are no recent comparable transactions, data of which is available in public domain, involving companies of similar nature and having a similar operating / financial metrics as that of PPL and MCFL, we have therefore not used CTM method to value the equity shares of these Companies.

3. Income Approach - Discounted Cash Flows Method ('DCF')

Under the Income Approach, equity shares of PPL and MCFL are valued using DCF Method.

Under DCF method, the projected free cash flows from business operations, after considering fund requirements for projected capital expenditure and incremental working capital, are discounted at the Weighted Average Cost of Capital (WACC). The sum of the discounted value of such free cash flows and discounted value of perpetuity is the value of the business.

The free cash flows represent the cash available for distribution to both the owners and the creditors of the business. The free cash flows are determined by adding back to earnings before interest and tax (i) depreciation and amortizations (non-cash charge), and (ii) any non-operating item. The cash flow is adjusted for outflows on account of (i) capital expenditure, (ii) incremental working capital requirements and (iii) tax.

WACC is considered as the most appropriate discount rate in the DCF Method, since it reflects both the business and the financial risk of the company. In other words, WACC is the weighted average of cost of equity and cost of debt of the respective Companies.

To the value so arrived, appropriate adjustments have been made for loan funds, contingent liabilities, cash and cash equivalents, value of investments and other assets / liabilities, to arrive at the equity value.

Fair equity share exchange ratio:

*Since, the business of PPL and MCFL are both intended to be continued on a 'going concern basis' and there is no intention to dispose off the assets, therefore the Asset (Cost) Approach is not adopted for the present valuation exercise.

Annexure IB - Valuation Workings PSP:

VALUATION APPROACHES

Bases and Premise of Valuation

Valuation of the equity shares of the Companies as on the Valuation Date is carried out in accordance with ICAI VS, considering 'relative value' base and 'going concern value' premise. Any change in the valuation base, or the valuation premise could have a significant impact on the valuation outcome of the Companies.

Premise of Value

Premise of Value refers to the conditions and circumstances how an asset is deployed. Valuation of the Companies is carried out on a Going Concern Value premise which is defined under ICAI VS as under:

"Going concern value is the value of a business enterprise that is expected to continue to operate in the future. The intangible elements of going concern value result from factors such as having a trained work force, an operational plant, the necessary licenses, systems, and procedures in place, etc."

It should be understood that the valuation of any business / company / shares or its assets is inherently imprecise and is subject to various uncertainties and contingencies, all of which are difficult to predict and are beyond our control. In performing our analysis, we made numerous assumptions with respect to market, industry performance, general business and economic conditions, many of which are beyond the control of the company.

The application of any particular method of valuation depends on the purpose for which the valuation is done. Although, different values may exist for different purpose, it cannot be too strongly emphasized that a valuer can only arrive at one value for one purpose. Our choice of methodology of valuation has been arrived at using usual and conventional methodologies adopted for transactions of similar nature and our reasonable judgment, in an independent and bona fide manner based on our previous experience of assignments of a similar nature.

The following are commonly used and accepted methods for determining the value of the equity shares of a company:

1. Asset Approach – Net Asset Value method
2. Market Approach:
 - a) Market Price method
 - b) Comparable Companies Market Multiple method
3. Income Approach – Discounted Cash Flow method

For the Proposed Amalgamation, we have considered the following commonly used and accepted methods for determining the value of equity shares of the Transacting Companies for the purpose of recommending fair equity share exchange ratio to the extent relevant and applicable:

1. Asset Approach - Net Asset Value Method ('NAV')

The asset-based value analysis technique is based on the value of the underlying net assets of the business, either on a book value basis or realizable value basis or replacement cost basis. This methodology is likely to be appropriate for business which derives value mainly from the underlying value of its assets rather than its earnings. This value analysis approach may also be used in case where the firm is to be liquidated or in case where the assets base dominates earning capability. It is also used where the main strength of the business is its asset backing rather than its capacity or potential to earn profits.

PPL and MCFL

In the present case both PPL and MCFL operate as going concern and there is no intention to dispose of the assets. In such a going concern scenario the relative earning power, as reflected under the income and market approaches is of greater importance for arriving at the value as compared to the value arrived on the Net Asset Value basis considering the realisable value of the assets recorded in the books. Further PPL and MCFL have self-generated intangibles in the form of proprietary processes and products which are not currently recorded in the financial statements of both companies, hence the value arrived under the Net Asset Value Method will not represent the intrinsic value of the business. Accordingly, we have not adopted Net Asset Value method for valuing equity share of PPL and MCFL respectively.

2. Market Approach

a) Market Price Method

The market price of an equity share as quoted on a stock exchange is normally considered as the value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares.

PPL and MCFL

In the present case, equity shares of PPL and MCFL are listed on NSE and BSE, they are widely held, regularly and frequently traded with reasonable volumes on both the exchanges. We have therefore used the market price method to value the equity shares of PPL and MCFL.

b) Comparable Companies' Multiple (CCM) / Comparable Transactions Multiples (CTM) Method

Under CCM, the value of shares / business of a company is determined based on market multiples of publicly traded comparable companies. This valuation is based on the principle that market valuations, taking place between informed buyers and informed sellers, incorporate all factors relevant to valuation. CCM applies multiples derived from similar or 'comparable' publicly traded companies. Although no two companies are entirely alike, the companies selected as comparable companies should be engaged in the same or a similar line of business as the subject company. Relevant multiples need to be chosen carefully and adjusted for differences between the circumstances.

PPL and MCFL

Based on our analysis and discussion with the Management, we understand that there are comparable listed companies which operate in a similar line of business having similar financial/ operating metrics as that of PPL and MCFL, we have therefore used CCM Method based on EV/EBITDA multiple of comparable listed companies to arrive at the fair value per share of PPL and MCFL under the Market Approach.

Under CTM, the value of shares / business of a company is determined based on market multiples of publicly disclosed transactions in the similar space as that of the subject company. Multiples are generally based on data from recent transactions in a comparable sector, but with appropriate adjustment after consideration has been given to the specific characteristics of the business being valued.

PPL and MCFL

Based on our analysis and discussion with the Management, we understand that there are no recent comparable transactions, data of which is available in public domain, involving companies of similar nature and having a similar operating / financial metrics as that of PPL and MCFL, we have therefore not used CTM method to value the equity shares of these Companies.

3. Income Approach - Discounted Cash Flows Method ('DCF')

DCF method values a business based upon the available cash flow a prudent investor would expect the subject business to generate over a given period of time. This method is used to determine the present value of a business on a going concern assumption and recognizes the time value of money by discounting the free cash flows for the explicit forecast period and the perpetuity value at an appropriate discount factor. Free cash flows are the cash flows expected to be generated by the company that are available for distribution to both the owners of and lenders to the business. The terminal value represents the total value of the available cash flow for all periods subsequent to the forecast period. The terminal value of the business at the end of the forecast period is estimated and discounted to its equivalent present value and added to the present value of the explicit forecast period cash flow to estimate the value of the business.

The projected free cash flows are discounted by the Weighted Cost of Capital (WACC) to arrive at the enterprise value. The WACC represents the returns required by the investors of both debt and equity weighed to their relative funding in the entity. Appropriate adjustments are made for loan funds, contingent liabilities, cash and cash equivalents, value of investments and other assets / liabilities, to determine the equity value of the Companies.

PPL and MCFL are profit making companies and generate surplus cash which is expected to continue going forward, we have therefore used DCF Method to arrive at the equity value of PPL and MCFL.

While deliberating on the Scheme, the Committee, *inter alia*, considered and took on record the following documents:

- (a) the Scheme;
- (b) the valuation report dated February 07, 2024 issued jointly by SSPA & Co Chartered Accountants (IBBI Registration No. IBBI/RV-E/06/2020/126) and Pawan Shivkumar Poddar (IBBI Registration No. IBBI/RV/06/2019/12475), registered valuers appointed by the audit committee of the Board ("**Valuation Report**");
- (c) the fairness opinion dated February 07, 2024 issued by Inga Ventures Private Limited, SEBI registered merchant banker with registration number INM000012698 providing its opinion on the fairness of the share exchange ratio proposed in the Valuation Report ("**Fairness Opinion**"); and
- (d) the certificate dated February 07, 2024 issued by B S R & Co. LLP, the statutory auditors of the Company, certifying that the accounting treatment contained in the Scheme is in conformity with the accounting standards prescribed under Section 133 of the Companies Act read with the rules framed thereunder or the accounting standards issued by the Institute of Chartered Accountants of India, as applicable and other generally accepted accounting principles.

3. Salient features of the Scheme

3.1 The Scheme, amongst others, contemplates the following:

- (a) the amalgamation by way of merger of the Transferor Company with and into the Company in accordance with Sections 230 to 232 of the Companies Act and other applicable laws;
- (b) the transfer of the Identified Shares (*as defined in the Scheme*) from the Transferor Shareholder (*as defined in the Scheme*) to the Transferee Shareholder (*as defined in the Scheme*);
- (c) issuance and allotment of equity shares of the Company (*as defined in the Scheme*) by the Company (*as defined in the Scheme*) to the equity shareholders of the Transferor Company, as on the Record Date (*as defined in the Scheme*), based on the share exchange ratio as provided for in the Valuation Report;
- (d) transfer of the authorized share capital of the Transferor Company to the Company and the consequential increase in the authorized share capital of the Company as provided in the Scheme; and
- (e) dissolution without winding up of the Transferor Company.

3.2 The effectiveness of the Scheme is conditional upon fulfilment of certain conditions precedent as provided in Clause 45 of the Scheme.

4. Need for the Scheme; Rationale of the Scheme; and Synergies of business of the entities involved in the Scheme

4.1 The proposed amalgamation will enable the Transferor Company and the Company to combine their businesses and create a strong amalgamated company, and to become one of the leading private-sector fertiliser companies in India.

4.2 The Transferor Company and the Company are engaged in similar and/or complementary businesses and the proposed amalgamation will create synergies between their businesses, including revenue synergies through sharing of consumer understanding, market insights and channel models to ensure faster reach to the market and to achieve faster growth.

4.3 The proposed amalgamation is expected to *inter alia* result in reduction of costs, better alignment, coordination and streamlining the day-to-day operation of all the units of the Transferor Company and the Company, strengthening of organizational capabilities around financial areas, driving scale benefits through pooling of resources, simplification of the corporate structure and elimination of administrative duplications by streamlining the legal, compliance and other statutory functions to allow a more coordinated approach towards governance of the businesses of the Company.

4.4 The proposed amalgamation is expected to create enhanced value for the stakeholders of both the Transferor Company and the Company.

5. Impact of the Scheme on the shareholders

5.1 The Audit Committee reviewed the Valuation Report and noted the valuation and the share exchange ratio for the proposed amalgamation as recommended by the valuers. No special valuation difficulties were reported by the valuers in their respective Valuation Report.

5.2 As per the Scheme, the Company is required to issue and allot fully paid equity shares of the Company to the shareholders of the Transferor Company, in consideration for the proposed amalgamation, in the following ratio:

For every 100 fully paid up equity shares of face value of INR 10 each held in the Transferor Company as on the Record Date (as defined in the Scheme), the equity shareholders of the Transferor Company shall be issued 187 equity shares of face value of INR 10 each credited as fully paid up in the Company.

5.3 The equity shares of the Company to be issued and allotted to the shareholders of the Transferor Company as per the aforementioned share exchange ratio (which is in terms of the Valuation Report) are to rank *pari passu* in all respects with the existing equity shares of the Company.

6. Cost benefit analysis of the Scheme

The Committee noted that the Scheme will provide an opportunity to improve the economic value for the shareholders of the Company and the Transferor Company. This is reflected by the proposed improved synergies that will arise pursuant to the Scheme.

To,
The Board of Directors,
Paradeep Phosphates Limited,
5th Floor, Orissa State Handloom Weavers' Co-operative Building,
Pandit J.N. Marg,
Bhubaneswar, Orissa 751001

Dear Sirs,

Sub: Fairness Opinion on Share Exchange Ratio recommended by the Valuers pursuant to the Proposed Composite Scheme of Arrangement

We refer to the engagement letter dated December 20, 2023 ("Engagement Letter") whereby Paradeep Phosphates Limited ("Transferee Company" or "PPL" or "the Company") has engaged Inga Ventures Private Limited ("Inga"), to provide a fairness opinion to the Board of Directors of PPL on the Share Exchange Ratio recommended by the Valuers, viz. SSPA & Co, Chartered Accountants ("SSPA" or "Valuer 1") and Pawan Shivkumar Poddar ("PSP" or "Valuer 2") under their report jointly issued dated February 07, 2024 ("Share Exchange Ratio Report / Valuation Report") for the proposed amalgamation of Mangalore Chemical Fertilizers Limited ("Transferor Company" or "MCFL") with and into PPL ("Proposed Amalgamation") as a going concern with effect from April 01, 2024 ('Appointed Date 2') vide a Composite Scheme of Arrangement under the provisions of Sections 230 to Section 232 of the Companies Act, 2013 read with other applicable provisions and rules thereunder ("Proposed Scheme").

Valuer 1 and Valuer 2 are hereinafter collectively referred to as the "Valuers".

PPL and MCFL are collectively referred to as the "Companies".

Company Background and Purpose

Paradeep Phosphates Limited is a public company incorporated under the Companies Act, 1956 with corporate identity number L24129OR1981PLC001020, and having its registered office at 5th Floor, Orissa State Handloom Weavers' Co-operative Building, Pandit J.N. The equity shares of the Transferee Company are listed on BSE Limited ('BSE') and National Stock Exchange of India Limited ('NSE').

Mangalore Chemicals Fertilizers Limited is a public company incorporated under the Companies Act, 1956 with corporate identity number L24123KA1966PLC002036, and having its registered office at Level 11, UB Tower, UB City, No. 24, Vittal Maliya Road, Bengaluru – 560 001. The Transferor Company was incorporated on 18th July, 1966. The Transferor Company is *inter alia* engaged in the business of manufacture, purchase, import and sale of fertilizers. The equity shares of the Transferor Company are listed on BSE Limited ('BSE') and National Stock Exchange of India Limited ('NSE').

1

The proposal also envisages, inter alia, amalgamation of MCFL with PPL, whereby equity shares of PPL will be issued to the shareholders of MCFL.

Both the Valuers have arrived at a swap ratio (Share Exchange Ratio) as follows:

187 (One Hundred & Eighty Seven) equity shares of PPL of INR 10/- each fully paid up for every 100 (One Hundred) equity shares of MCFL of INR 10/- each fully paid up.

PPL in terms of the Engagement Letter has requested us to issue our independent opinion as to the fairness of the Share Exchange Ratio recommended by the Valuers ("Fairness Opinion").

Source of Information

For arriving at the opinion set forth below, we have received from the Management of PPL ("the Management") and any information available in the public domain:

5. Financial Projections of PPL and MCFL which represents the management's best estimate of the future financial performance of the Companies.
6. Other relevant information and documents for the purpose of this engagement
7. Other relevant details regarding the Companies such as their history, past and present activities, future plans and prospects, existing shareholding pattern, income- tax position, contingent liabilities, undertakings and other relevant information and data, including information in the public domain
8. Such other information and explanations as required and which have been provided by the Management including Management Representation.
9. Such other Information received during discussion with Valuers

Scope Limitations

We have assumed and relied upon, without independent verification, the accuracy and completeness of all information that was publicly available or provided or otherwise made available to us by the Companies for the purposes of this Fairness Opinion. We express no opinion, and accordingly, accept no responsibility with respect to or for such information, or the assumptions on which it is based, and, we have simply accepted this information on an "as is" basis, and, have not verified the accuracy and/or the completeness of the same from our end.

We have not assumed any obligation to conduct, nor have we conducted any physical inspection or title verification of the properties or facilities of the Companies and its related parties (holding company / subsidiary /associates /joint ventures etc.) and neither express any opinion with respect thereto nor accept any responsibility therefore. We have not made any independent valuation or appraisal of the assets or liabilities of the Companies and other related entities which forms part of the group.

We have not reviewed any internal management information statements or any non-public reports, and instead, with your consent, have relied upon information that was publicly available or provided or otherwise made available to us by Companies on an "as is" basis for the purposes of this Fairness

Opinion. We are not experts in the evaluation of litigation or other actual or threatened claims, and accordingly, we have not evaluated any litigation or other actual or threatened claims.

We have assumed that there are no circumstances that could materially affect the business or financial prospects of Companies and other related entities which forms part of the group.

We understand that the management of Companies, during our discussion with them, would have drawn our attention to all such information and matters which may have an impact on our analysis and opinion. We have assumed that in the course of obtaining any and all necessary regulatory or other consents, no restrictions will be imposed or there will be no delays that will have a material adverse effect on the Proposed Scheme. Our opinion is necessarily based on financial, economic, market and other conditions as they currently exist and on the information made available to us as of the date hereof. It should be understood that although subsequent developments may affect this opinion, we do not have an obligation to update, revise or reaffirm this opinion. In arriving at our opinion, we were not authorized to solicit, and did not solicit, interest from any party with respect to the acquisition, business combination or other extraordinary transaction involving Companies, other related entities which forms part of the group. or any of its assets, nor did we negotiate with any other party in this regard.

We express no opinion whatsoever and make no recommendation at all as to the Companies underlying decision to effect the Proposed Amalgamation. We also do not provide any recommendation to the holders of equity shares or secured or unsecured creditors of the Companies with respect to the Proposed Amalgamation. We also express no opinion, and accordingly, accept no responsibility for or as to the price at which the equity shares of PPL and MCFL will trade following the announcement of the Proposed Amalgamation or as to the financial performance of PPL and MCFL following the consummation of the Proposed Amalgamation. We express no opinion whatsoever and make no recommendations at all (and accordingly take no responsibility) as to whether shareholders / investors should buy, sell or hold any stake in PPL or MCFL or any of its related parties.

Our report is not, nor should it be construed as opining or certifying the compliance of the proposed transaction with the provisions of any law including companies, competition, taxation (including transfer pricing) and capital market related laws or as regards any legal implications or issues arising in India or abroad from such Proposed Amalgamation.

Conclusion

Based on our examination of the Share Exchange Ratio/Valuation Report, such other information / undertakings / representations provided to us by the Management and our independent analysis and evaluation of such information and subject to the scope limitations as mentioned hereinabove and to the best of our knowledge and belief, we are of the opinion that the recommendation made by the Valuers of the Share Exchange Ratio is fair and reasonable.

The fair equity share exchange ratio for the proposed amalgamation of MCFL with PPL is as under:

187 (One Hundred & Eighty Seven) equity shares of PPL of INR 10 each fully paid up for every 100 (One Hundred) equity shares of MCFL of INR 10 each fully paid up

(5) Sub-categorization of shares under will be based on shareholding (no. of shares) under the following sub-categories:

- (i) Shareholders who are represented by a nominee Director on the board of the listed entity or have the right to nominate a representative (i.e. Director) on the board of the listed entity.
- (ii) Shareholders who have entered into shareholder agreement with the listed entity.
- (iii) Shareholders acting as persons in concert with promoters.

(6) The above post-scheme shareholding of PPL is calculated on the basis of total shareholders of PPL and MCFL as on quarter ended December 2023. Upon merger, each shareholder of MCFL as on the Record Date would be issued equity shares of PPL in the ratio of 187 equity shares of PPL for every 100 equity shares held in MCFL. The fractional entitlement of each of the MCFL shareholders (if any) shall be sold in the market within 90 days of allotment of shares and distribution of cash to the MCFL shareholders shall take place only after sale of all the shares. Thus, the actual number of PPL shares to be issued to each of the MCFL shareholder as on the Record Date may vary due to the fractional entitlement. Further, this shareholding pattern does not take into account the shares under the ESOP scheme which may result in the additional 33,58,166 equity shares of PPL upon the exercise of the employee stock options issued by PPL.

Details of Shares which remain unclaimed may be given here along with details such as number of shareholders, outstanding shares held in demat/unclaimed suspense account, voting rights which are frozen etc

Notes:

(1) PAN would not be displayed on website of Stock Exchange(s).

(2) The above format needs to be disclosed along with the names of the shareholders holding 1% or more than 1% of shares of the listed entity. Column no. (XIII) is not applicable in the above format.

(3) W.r.t. the information pertaining to Depository Receipts, the same may be disclosed in the respective columns to the extent information available and the balance to be disclosed as held by custodian.

(4) Categorization and disclosure of each shareholder category should be carried out in the order prescribed in the above format. If a shareholder is falling under more than one category, then the same shall be classified in the category falling first in the order prescribed in the above format. Shareholding under any of the categories shall be unique and will not be duplicated under multiple categories.

(5) Sub-categorization of shares under will be based on shareholding (no. of shares) under the following sub-categories

(i) Shareholders who are represented by a nominee Director on the board of the listed entity or have the right to nominate a representative (i.e. Director) on the board of the listed entity.

(ii) Shareholders who have entered into shareholder agreement with the listed entity.

(iii) Shareholders acting as persons in concert with promoters.

(6) The above post-scheme shareholding of PPL is calculated on the basis of total shareholders of PPL and MCFL as on quarter ended December 2023. Upon merger, each shareholder of MCFL as on the Record Date would be issued equity shares of PPL in the ratio of 187 equity shares of PPL for every 100 equity shares held in MCFL. The fractional entitlement of each of the MCFL shareholders (if any) shall be sold in the market within 90 days of allotment of shares and distribution of cash to the MCFL shareholders shall take place only after sale of all the shares. Thus, the actual number of PPL shares to be issued to each of the MCFL shareholder as on the Record Date may vary due to the fractional entitlement. Further, this shareholding pattern does not take into account the shares under the ESOP scheme which may result in the additional 33,58,166 equity shares of PPL upon the exercise of the employee stock options issued by PPL.

(5) Sub-categorization of shares under will be based on shareholding (no. of shares) under the following sub-categories:

- (i) Shareholders who are represented by a nominee Director on the board of the listed entity or have the right to nominate a representative (i.e. Director) on the board of the listed entity.
- (ii) Shareholders who have entered into shareholder agreement with the listed entity.
- (iii) Shareholders acting as persons in concert with promoters.

(6) The above post-scheme shareholding of PPL is calculated on the basis of total shareholders of PPL and MCFL as on quarter ended December 2023. Upon merger, each shareholder of MCFL as on the Record Date would be issued equity shares of PPL in the ratio of 187 equity shares of PPL for every 100 equity shares held in MCFL. The fractional entitlement of each of the MCFL shareholders (if any) shall be sold in the market within 90 days of allotment of shares and distribution of cash to the MCFL shareholders shall take place only after sale of all the shares. Thus, the actual number of PPL shares to be issued to each of the MCFL shareholder as on the Record Date may vary due to the fractional entitlement. Further, this shareholding pattern does not take into account the shares under the ESOP scheme which may result in the additional 33,58,166 equity shares of PPL upon the exercise of the employee stock options issued by PPL.

Details of the shareholders acting as persons in Concert including their Shareholding (No. and %):

Details of Shares which remain unclaimed may be given here along with details such as number of shareholders, outstanding shares held in demat/unclaimed suspense account, voting rights which are frozen etc.

Note:

(1) PAN would not be displayed on website of Stock Exchange(s).

(2) The above format needs to be disclosed along with the names of the shareholders holding 1% or more than 1% of shares of the listed entity. Column no. (XIII) is not applicable in the above format.

(3) W.r.t. the information pertaining to Depository Receipts, the same may be disclosed in the respective columns to the extent information available and the balance to be disclosed as held by custodian.

(4) Categorization and disclosure of each shareholder category should be carried out in the order prescribed in the above format. If a shareholder is falling under more than one category, then the same shall be classified in the category falling first in the order prescribed in the above format. Shareholding under any of the categories shall be unique and will not be duplicated under multiple categories.

(5) Sub-categorization of shares under will be based on shareholding (no. of shares) under the following sub-categories

(i) Shareholders who are represented by a nominee Director on the board of the listed entity or have the right to nominate a representative (i.e. Director) on the board of the listed entity.

(ii) Shareholders who have entered into shareholder agreement with the listed entity.

(iii) Shareholders acting as persons in concert with promoters.

(6) The above post-scheme shareholding of PPL is calculated on the basis of total shareholders of PPL and MCFL as on quarter ended December 2023. Upon merger, each shareholder of MCFL as on the Record Date would be issued equity shares of PPL in the ratio of 187 equity shares of PPL for every 100 equity shares held in MCFL. The fractional entitlement of each of the MCFL shareholders (if any) shall be sold in the market within 90 days of allotment of shares and distribution of cash to the MCFL shareholders shall take place only after sale of all the shares. Thus, the actual number of PPL shares to be issued to each of the MCFL shareholder as on the Record Date may vary due to the fractional entitlement. Further, this shareholding pattern does not take into account the shares under the ESOP scheme which may result in the additional 33,58,166 equity shares of PPL upon the exercise of the employee stock options issued by PPL.

Limited Review Report on unaudited standalone financial results of Paradeep Phosphates Limited for the quarter ended 30 September 2023 and year to date results for the period from 1 April 2023 to 30 September 2023 pursuant to Regulation 33 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

To the Board of Directors of Paradeep Phosphates Limited

1. We have reviewed the accompanying Statement of unaudited standalone financial results of Paradeep Phosphates Limited (hereinafter referred to as "the Company") for the quarter ended 30 September 2023 and year to date results for the period from 1 April 2023 to 30 September 2023 ("the Statement").
2. This Statement, which is the responsibility of the Company's management and approved by its Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations"). Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Limited Review Report on unaudited consolidated financial results of Paradeep Phosphates Limited for the quarter ended 30 September 2023 and year to date results for the period from 1 April 2023 to 30 September 2023 pursuant to Regulation 33 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

To the Board of Directors of Paradeep Phosphates Limited

1. We have reviewed the accompanying Statement of unaudited consolidated financial results of Paradeep Phosphates Limited (hereinafter referred to as "the Company"), and its share of the net loss and total comprehensive income of its associate for the quarter ended 30 September 2023 and year to date results for the period from 1 April 2023 to 30 September 2023 ("the Statement"), being submitted by the Company pursuant to the requirements of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").
2. This Statement, which is the responsibility of the Company's management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the associate, Zuari Yoma Agri Solutions Limited.
5. Based on our review conducted and procedures performed as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. The Statement also includes the Company's share of net loss of Rs. Nil and Rs. 0.53 crore and total comprehensive income of Rs. 0.04 crore and Rs. 0.03 crore, for the quarter ended 30 September 2023 and for the period from 1 April 2023 to 30 September 2023 respectively, as considered in the Statement, in respect of its associate, based on its financial information which has not been reviewed. According to the information and explanations given to us by the management, this financial information is not material to the Company.

Limited Review Report on unaudited consolidated financial results of Paradeep Phosphates Limited for the quarter ended 31 December 2023 and year to date results for the period from 1 April 2023 to 31 December 2023 pursuant to Regulation 33 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

To the Board of Directors of Paradeep Phosphates Limited

1. We have reviewed the accompanying Statement of unaudited consolidated financial results of Paradeep Phosphates Limited (hereinafter referred to as "the Company"), and its share of the net loss and total comprehensive income of its associate for the quarter ended 31 December 2023 and year to date results for the period from 1 April 2023 to 31 December 2023 ("the Statement"), being submitted by the Company pursuant to the requirements of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").
2. This Statement, which is the responsibility of the Company's management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of its associate, Zuari Yoma Agri Solutions Limited.
5. Based on our review conducted and procedures performed as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. The Statement also includes the Company's share of net loss of Rs. Nil and Rs. 0.53 crore and total comprehensive income of Rs. 0.05 crore and Rs. 0.08 crore for the quarter ended 31 December 2023 and for the period from 1 April to 31 December 2023 respectively, as considered in the Statement, in respect of associate, based on its financial information which has not been reviewed. According to the information and explanations given to us by the management, this financial information is not material to the Company.

Notes:

1. The unaudited financial results for the quarter ended September 30, 2023 and year to date from April 1, 2023 to September 30, 2023 of Mangalore Chemicals and Fertilizers Limited ("the Company") have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on October 30, 2023 and has been subjected to limited review by auditors.
2. The unaudited financial results have been prepared in accordance with the Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013, read with relevant Rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
3. The Company is engaged in the manufacture, sale and trading of fertilisers which constitutes a single operating segment as per Ind AS 108 and hence separate segment disclosures have not been furnished.
4. The urea concession income and subsidy income for Phosphatic fertilizers under Nutrient Based Subsidy Scheme for the period / year has been recognized based on management's estimate, pending finalization by the Government of India ('GOI').
5. The Company had during the year ended March 31, 2021 recognised urea subsidy income of INR 2,914 Lakhs without benchmarking its cost of production using naphtha with that of gas-based urea manufacturing units recently converted to natural gas, as notified by the Department of Fertilizers [DoF] for subsidy income computation, against which the Company had filed a writ petition against the DoF before the Hon'ble High Court of Delhi [DHC]. Pending finalization of writ petition before the DHC, the management, based on legal opinion and considering the fact that the energy cost is always a pass through in subsidy computation, believes that artificial benchmarking is arbitrary and discriminatory and is confident of realisation of the aforesaid subsidy income.
6. The Company has shutdown the Ammonia and Urea plants in the last week of September 23 for planned maintenance and the start-up is under progress.
7. The Code on Social Security, 2020 ('Code') relating to employee benefits received Presidential assent in September 2020. However, effective date and the final Rules/ interpretation have not yet been notified / issued. The Company will assess the impact of the Code and recognize the same, if any, once the Code comes into effect.
8. Previous year / period's figures have been regrouped / rearranged wherever considered necessary, to conform with current period's classification.

Independent Auditor's Review Report on review of Unaudited Financial Results

To the Board of Directors of Mangalore Chemicals & Fertilizers Limited

We have reviewed the accompanying Statement of Unaudited Financial results of Mangalore Chemicals & Fertilizers Limited ("the company") for the quarter and period ended 30th Sep 2023, being submitted by the company pursuant to Regulation 33 of SEBI (Listing Obligations and Disclosure requirements) regulations, 2015, as amended.

Management's Responsibility

The Statement, which is the responsibility of the management and approved by the Board of Directors, has been prepared in accordance with recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("IndAS-34") prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder, and other accounting principles generally accepted in India.

Auditor's Responsibility

Our responsibility is to issue a report on the Statement based on our review. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Conclusion

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results prepared in accordance with the recognition and measurement principles of the applicable Accounting Standards and other recognized practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure requirements) regulations, 2015 as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Emphasis of Matter

We draw attention to Note no 5, which states that the Company had recognized urea subsidy income of Rs. 2914 lakhs in Financial Year ended March 31, 2021, considering that benchmarking of its cost of production of urea using Naphtha with that of gas-based urea manufacturing units is arbitrary and for which the Company had already filed a writ petition against the Department of Fertilizers before Hon'ble High court of Delhi. Based on legal opinion obtained, the management believes that the criteria for recognition of subsidy revenue is met. Our conclusion is not modified in respect of this matter.

Independent Auditor's Review Report on review of Unaudited Financial Results

To the Board of Directors of Mangalore Chemicals & Fertilizers Limited

We have reviewed the accompanying Statement of Unaudited Financial results of Mangalore Chemicals & Fertilizers Limited ("the company") for the quarter and period ended 31st Dec 2023, being submitted by the company pursuant to Regulation 33 of SEBI (Listing Obligations and Disclosure requirements) regulations, 2015, as amended.

Management's Responsibility

The Statement, which is the responsibility of the management and approved by the Board of Directors, has been prepared in accordance with recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("IndAS-34") prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder, and other accounting principles generally accepted in India.

Auditor's Responsibility

Our responsibility is to issue a report on the Statement based on our review. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Conclusion

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results prepared in accordance with the recognition and measurement principles of the applicable Accounting Standards and other recognized practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure requirements) regulations, 2015 as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Emphasis of Matter

We draw attention to Note no 5, which states that the Company had recognized urea subsidy income of Rs. 2914 lakhs in the Financial Year ended March 31, 2021, considering that benchmarking of its cost of production of urea using Naphtha with that of gas-based urea manufacturing units is arbitrary and for which the Company had already filed a writ petition against the Department of Fertilizers before Hon'ble High court of Delhi. Based on the legal opinion obtained, the management believes that the criteria for recognition of subsidy revenue is met. Our conclusion is not modified in respect of this matter.

Independent Auditor's Certificate on the proposed accounting treatment contained in the Draft Scheme of Amalgamation of Paradeep Phosphates Limited and Mangalore Chemicals and Fertilizers Limited and their respective shareholders

1. This Certificate is issued in accordance with the terms of our engagement letter dated 2 November 2022 and addendum to the engagement letter dated 5 February 2024.
2. We, B S R & Co. LLP, Chartered Accountants (Firm Registration Number - 101248W/W- 100022), the statutory auditors of Paradeep Phosphates Limited ("the Company" or "the Transferee Company"), have been requested by the Board of Directors of the Company to issue a certificate in relation to the proposed Scheme of Arrangement between the Company and of Mangalore Chemicals and Fertilizers Limited ("the Transferor Company" or "MCFL") and their respective shareholders and creditors with the Company ("Proposed Scheme"), and extract of which is reproduced under Annexure 1 to this certificate, in terms of the provisions of Sections 230 to 232 of the Companies Act, 2013 ("the Act") and rules made thereunder, with reference to its compliance with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and circulars issued thereunder ("SEBI regulations") and applicable Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act and other generally accepted accounting principles in India.
3. The Proposed Scheme is approved by the Board of Directors of the Company and Transferor Company on 7 February 2024 and is subject to approval of the respective Shareholders, the National Company Law Tribunal ("NCLT") and Statutory and Regulatory Authorities, as applicable. The appointed date for the purpose of this Proposed Scheme is 01 April 2024.

Management's Responsibility

4. The preparation of the Proposed Scheme and its compliance with the relevant provision of the Act, SEBI regulations, laws and regulations, including the applicable Ind AS read with the Rules made, issued thereunder and the Generally Accepted Accounting Principles in India is the responsibility of the Board of Directors of the Companies involved, including the preparation and maintenance of all accounting and other relevant supporting records and documents.
5. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Proposed Scheme and applying an appropriate basis of preparation, and making estimates that are reasonable in the circumstances.

6. The Company's management is also responsible for ensuring that the Company complies with the requirements of the Act and SEBI regulations, and providing all relevant information with respect to the Proposed Scheme to the NCLT.

Auditors' Responsibility

7. Pursuant to the requirements of provisions of Section 232 of the Act and SEBI regulations, our responsibility is only to provide a reasonable assurance on whether the proposed accounting treatment as specified in Clause 36 of Section D of Part II of the Proposed Scheme, the extract of which reproduced as Annexure I to this Certificate, is in conformity with SEBI regulations and Ind AS specified under section 133 of the Act read with the rules issued thereunder and other generally accepted accounting principles in India.
8. We conducted our examination of the proposed accounting treatment referred to Clause 36 of Section D of Part II of the Proposed Scheme and the extract of which is reproduced under Annexure I to this certificate in accordance with the Guidance Note on Reports or Certificates for Special Purposes ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
9. We have performed the following procedures:
 - Review of the proposed accounting treatment as contained in the Annexure I to this certificate to ensure it is in accordance with applicable Ind AS specified under section 133 of the Act read with the rules issued thereunder and other generally accepted accounting principles in India as required as per the proviso to Section 230(7) and Section 232(3) of the Act; and
 - Making suitable inquires and obtained relevant representations from the management of the Company.
10. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

11. As per Section 232(6) of the Act, the Proposed Scheme has to provide for the appointed date from which the Proposed Scheme shall be deemed to be effective. The Company has accordingly proposed the appointed date as 01 April 2024. The appointed date may be different from the acquisition date as per Ind AS 103. If approved by the NCLT, the appointed date shall be deemed to be the 'acquisition date' for the purpose of accounting for the amalgamation of MCFL by the Company.
12. Based on our examination and according to the information and explanations provided to us and appropriate representations given to us, the proposed accounting treatment specified in Clause 36 of Section D of Part II of the Proposed Scheme and the extract of which is reproduced in Annexure I to this Certificate, initialed and stamped by us for the purpose of identification only, is in conformity with SEBI regulations and applicable Ind AS prescribed under Section 133 of the Act and other generally accepted accounting principles in India.

Restriction on use

13. This certificate is issued at the request of the Board of Directors of the Company solely for the purpose of onward submission to the NCLT, BSE Limited and National Stock Exchange of India Limited and any other regulatory authority in relation to the Proposed Scheme pursuant to the requirements of SEBI regulations and sections 230 to 232 of the Act read with relevant rules issued thereunder. Our certificate should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

2. Documents perused by the Committee

While deliberating on the Scheme, the Committee, *inter alia*, considered and took on record the following documents:

- (a) the Scheme;
- (b) the valuation report dated February 07,2024 issued jointly by SSPA & Co Chartered Accountants (IBBI Registration No. IBBI/RV-E/06/2020/126) and Pawan Shivkumar Poddar (IBBI Registration No. IBBI/RV/06/2019/12475), registered valuers appointed by the audit committee of the Board (collectively the "Valuation Report");
- (c) the fairness opinion dated February 07,2024 issued by Inga Ventures Private Limited, SEBI registered merchant banker with registration number INM000012698 providing its opinion on the fairness of the share exchange ratio proposed in the Valuation Report ("Fairness Opinion"); and
- (d) the certificate dated February 07,2024 issued by B S R & Co. LLP, the statutory auditors of the Company, certifying that the accounting treatment contained in the Scheme is in conformity with the accounting standards prescribed under Section 133 of the Companies Act read with the rules framed thereunder or the accounting standards issued by the Institute of Chartered Accountants of India, as applicable and other generally accepted accounting principles.

3. Salient features of the Scheme

3.1 The Scheme, amongst others, contemplates the following:

- (a) the amalgamation by way of merger of the Transferor Company with and into the Company in accordance with Sections 230 to 232 of the Companies Act and other applicable laws;
- (b) the transfer of the Identified Shares (*as defined in the Scheme*) from the Transferor Shareholder (*as defined in the Scheme*) to the Transferee Shareholder (*as defined in the Scheme*);
- (c) issuance and allotment of equity shares of the Company (*as defined in the Scheme*) by the Company (*as defined in the Scheme*) to the equity shareholders of the Transferor Company, as on the Record Date (*as defined in the Scheme*), based on the share exchange ratio as provided for in the Valuation Report;
- (d) transfer of the authorized share capital of the Transferor Company to the Company and the consequential increase in the authorized share capital of the Company as provided in the Scheme; and
- (e) dissolution without winding up of the Transferor Company.

3.2 The effectiveness of the Scheme is conditional upon fulfilment of certain conditions precedent as provided in Clause 45 of the Scheme.

4. Rationale of the Scheme

The Company and the Transferor Company are of the view that (a) the proposed amalgamation of the Transferor Company with and into the Company; and (b) the other arrangements contemplated in the Scheme, would be to the benefit of the shareholders and creditors of the Transferor Company and the Company and would *inter alia* have the following benefits:

- 4.1 The proposed amalgamation will enable the Transferor Company and the Company to combine their businesses and create a strong amalgamated company, and to become one of the leading private-sector fertiliser companies in India.
- 4.2 The Transferor Company and the Company are engaged in similar and/or complementary businesses and the proposed amalgamation pursuant to the Scheme will create synergies between their businesses, including revenue synergies through sharing of consumer understanding, market insights and channel models to ensure faster reach to the market and to achieve faster growth.
- 4.3 The proposed amalgamation is expected to inter alia result in reduction of costs, better alignment, coordination and streamlining the day-to-day operation of all the units of the Transferor Company and the Company, strengthening of organizational capabilities around financial areas, driving scale benefits through pooling of resources, simplification of the corporate structure and elimination of administrative duplications by streamlining the legal, compliance and other statutory functions to allow a more coordinated approach towards governance of the businesses of the Company.
- 4.4 The proposed amalgamation is expected to create enhanced value for the stakeholders of both the Transferor Company and the Company.

5. Scheme is not detrimental to the shareholders of the Company

- 5.1 The Committee discussed the background, salient features and rationale of the Scheme. In view of the various documents presented to the Committee, including the Valuations Reports and the Fairness Opinion, it is observed that the Scheme will result in synergies between the businesses of the Company and the Transferor Company, including revenue synergies through sharing of consumer understanding and market insights and channel models to ensure faster reach to the market and to achieve faster growth.
- 5.2 The Committee discussed and formed the view that there will be strong synergies in the proposed amalgamation contemplated in the Scheme, the employees in general will be benefited and the merged company will be better positioned to carry on the combined businesses of the Transferor Company and the Company, financially and otherwise.
- 5.3 Therefore, considering the above and other documents presented to the Committee, the Committee is of the view that the Scheme is not detrimental to the shareholders of the Company.

Strengthening **CAPACITY.**

Nurturing **SUSTAINABILITY.**

While industrial growth and technological evolution have been considered to be the front-bearers of human growth, it is important to ensure adequate food security for the billions that toil across various industrial sectors and in agricultural activities globally. With the rise in population, and continuous demand to ensure adequate nutrition for people, usage of fertilisers has also increased exponentially in the farming sector.

As the second largest private sector producer of phosphatic fertilisers in India, Paradeep Phosphates Limited (PPL), has been a key player in ensuring adequate soil enrichment to support food production in India. Over 8 million farmers currently trust the Company, and we are constantly focussing on strengthening capacity to nurture the sustainability of food production in India. Our commitment is not only towards ensuring food security for all Indians, but also tread the path of balanced growth with minimal environmental impact.

PPL's efforts towards reducing water and air pollution, protecting the ecologies, safe handling of hazardous waste, and cutting down noise pollution exemplify the seriousness that is attributed to the

cause of sustainability. We assiduously adhere to all applicable laws and regulations governing the discharge, emission, storage, handling, and disposal of substances involved in our operations. Further, the Company has been relentlessly pursuing the goal of adopting renewable energy sources, promoting energy efficiency through tech advancements, conservation of water resources, and implementing a zero-effluent discharge policy. Each step taken towards mitigating the environmental impact of our operations without compromising on our support to the agriculture sector in India is aimed at strengthening capacity and nurturing sustainability for a prosperous India, and the planet at large.

ABOUT THE COMPANY

India's Second-largest Integrated Private Sector Fertiliser Company

Paradeep Phosphates boasts a rich history of more than 40 years in providing world-class soil and crop specific fertilisers to Indian farmers. The Company's unwavering dedication to enhancing its capabilities and promoting sustainability has propelled it to great heights in the fertiliser industry.

Founded in 1981, Paradeep Phosphates Limited (referred to as 'PPL' or 'The Company') has secured its position as the second-largest private sector phosphatic fertiliser company in India. PPL's strategic acquisition of the fertiliser facility in Mormugao, Goa, stands as a pivotal factor in amplifying its phosphatic fertiliser production capabilities and augmenting the Company's urea manufacturing proficiency. This strategic move has led to a significant expansion of PPL's operations, working together with its activities in Paradeep, Odisha, to strengthen its position in the industry.

With a dedication to excellence, PPL employs six interchangeable production lines to craft an extensive spectrum of phosphatic fertilisers, encompassing N20, N12, N10, and DAP variants, among others. The Company's commitment to delivering exceptional products finds tangible validation in the widespread acclaim and triumph of its flagship brands, namely 'Jai Kisaan' and 'Navratna'.

Chairman's Communique

As the second-largest manufacturer of phosphatic fertilisers in the private sector, our primary focus is to ensure balanced fertilisation of the soil by offering the right nutrient blends.

Dear Shareholders,

The year 2022-23 presented unparalleled challenges in the form of global supply chain disruptions and subsequent inflationary pressures. Along with other factors like rising input costs, including higher fuel and food grain prices, these challenges forced policymakers to take proactive measures to stabilise their economies. Central banks worldwide implemented synchronised policy tightening, which seems to have yielded positive outcomes.

However, in the tumultuous year that went by, India showed remarkable resilience in the face of global headwinds. The country achieved a solid growth rate of 7%, while the Reserve Bank of India (RBI) implemented well-calibrated and systematic interest rate hikes to bring inflation rates back within the target range. Additionally,

swift action by the Government to secure India's food chain, coupled with average rainfall ensured that the food prices are kept in check, thereby ensuring that no Indian goes hungry.

India's food grain production reached 323.55 Million tonnes in 2022-23, showing an increase from the previous year. The country has become a net exporter of agricultural products, with agriculture exports reaching USD 50.2 Billion in the same period. The kharif food grain production for 2022-23 was 149.9 Million tonnes, surpassing the average production of the previous five years.

India's population growth requires increased food and agricultural production, but available agricultural land is decreasing due to urbanisation and industrialisation. This leads to higher pressure on productivity per acre,

resulting in increased reliance on fertilisers. As a result, the demand for fertilisers is expected to remain high. Initiatives like *Aatmanirbhar Krishi* and *Aatmanirbhar Bharat* have reduced India's reliance on imported fertilisers and offer opportunities for domestic fertiliser manufacturers to expand. Factors contributing to increased fertiliser consumption include higher subsidies, improved rural incomes, better access to credit, adoption of technologies like the Internet of Things (IoT), corporate farming, growing farmer awareness of fertiliser benefits, and improved minimum support prices.

Fertilisers play a crucial role in agriculture by providing essential nutrients to the soil in optimal quantities. However, the global challenge lies in producing an adequate supply of sustainable fertilisers to meet the increasing agricultural demands and effectively nourish the growing global population. To achieve this, it is vital to enhance sustainable fertiliser production, which can improve industry efficiency, while minimising harmful emissions.

At PPL, our steadfast commitment lies in achieving harmony between human progress and environmental sustainability. We prioritise and actively engage in mitigating water and air pollution, safeguarding the environment, and responsibly managing waste. These

The fertiliser market in India is projected to experience a steady growth rate, with a Compound Annual Growth Rate (CAGR) of 4.7% between 2023 and 2028. This anticipated growth is expected to drive the market value significantly in the coming years.

PPL specialises in manufacturing and distributing essential macronutrients such as Nitrogen, Phosphorus, Potassium, and micronutrients such as Sulphur, and Zinc. Additionally, we engage in the trading of Muriate of Phosphate, and DAP and additionally sell Ammonia, Sulphuric Acid, Zypmite and Gypsum.

endeavours reflect our resolute dedication to this cause. We meticulously adhere to all applicable laws and regulations governing the discharge, emission, storage, handling, and disposal of substances involved in our operations. By doing so, we ensure compliance and demonstrate our commitment to environmental stewardship.

We are actively engaged in promoting energy efficiency, embracing clean technologies, adopting renewable energy sources, conserving water resources, and implementing a zero-effluent discharge policy. These may be small steps, but they are significant contributions towards creating a more sustainable future. By greening our operations and embracing eco-friendly practices, we aim to play our part in building a healthier and more prosperous planet.

As the second-largest manufacturer of phosphatic fertilisers in the private sector, our primary focus is to ensure balanced fertilisation of the soil by offering right nutrient blends. PPL specialises in manufacturing and distributing essential macronutrients such as Nitrogen, Phosphorus, Potassium, and micronutrients such as Sulphur, and Zinc. Additionally, we engage in the trading of Muriate of Phosphate, and DAP and additionally sell Ammonia, Sulphuric Acid, Zypmite and Gypsum.

PPL boasts of an extensive distribution network that comprises 21 regional marketing offices, over 450 stock points, a network of 6,500 dealers, and more than 65,500 retailers. This expansive network enables us to reach approximately 8 Million farmers throughout the country, providing them with access to the renowned brands 'Navratna' and 'Jai Kisaan Navratna'.

At PPL, we differentiate ourselves through a robust foundation of engineering analysis and meticulous planning. This is reflected in all our operations and is evident in the exceptional quality of our products. PPL boasts an extensive distribution network that comprises over 21 regional marketing offices, over 450 stock points, a network of 6,500 dealers, and more than 65,500 retailers. This expansive network enables us to reach approximately 8 Million farmers throughout the country, providing them with access to the renowned brands 'Navratna' and 'Jai Kisaan Navratna'.

To assist farmers in selecting the right fertilisers, PPL has established a centralised agricultural development laboratory in Bhubaneswar and operates a fleet of mobile soil testing labs. Moreover, the Company collaborates with the Government of Odisha in a Public-Private Partnership to run the farmer's training school, offering agricultural skills training to farmers in a classroom environment.

NPK 19 was solely produced by PPL's Goa plant in India until 2022-23, while NPK 28 was produced only by two companies in India, including PPL's Goa Plant.

Our Goa plant produces a unique bouquet of NPKs like 19 and NPK 28. NPK 19 was solely produced by PPL's Goa plant in India until 2022-23, while NPK 28 was produced only by two companies in India, including PPL's Goa Plant. The plant has also allowed us to expand to developed agricultural markets like Maharashtra, Karnataka, Madhya Pradesh, and Chhattisgarh.

Going forward, our brownfield backward integration plan aims to expand our phosphoric acid capacity from 300,000 tonnes per annum to 500,000 tonnes per annum. This will provide us with a competitive advantage and pave the way for further growth.

At PPL, we prioritise creating an empowering work environment for our employees, fostering enduring relationships and maintaining a low attrition rate. We aim to provide well-rounded experiences that contribute to personal and professional growth.

As a responsible corporate citizen, we recognise our duty to contribute to the socio-economic development of surrounding communities. Through our initiative called 'Navratna Prayas,' we positively impact the lives of approximately 50,000 individuals annually. We collaborate closely with 10,000 households near our plants, addressing livelihoods, education, and health, with a focus on water, sanitation, and hygiene (WaSH). We actively involve women and children in these endeavours, recognising their role in sustainable development and community well-being. Through our initiatives, we strive to make a significant positive impact, working towards a sustainable future for millions of people.

I would like to extend my heartfelt gratitude to all our stakeholders, including shareholders, Board members, employees, customers, suppliers, banks, regulatory bodies, and governments. Your unwavering support has been instrumental in propelling the progress of PPL. Without your invaluable contributions, we would not have achieved the remarkable growth and success that we enjoy today. Thank you for your continued support and trust in our Company.

Best regards,

S.K. Poddar
Chairman

From the CEO and MD's Desk

We have successfully scaled up our capacity to 3 MMTPA synergising all areas in our value chain across sourcing, product innovation, distribution, and customer-engagement. We have placed sustainability as a central theme in our growth path.

Dear Shareholders,

Throughout our remarkable 42-year journey, we have discovered and harnessed our true potential, gathering invaluable experiences, and drawing important lessons from various outcomes. As we approach our Golden Jubilee year, I am filled with confidence that the next decade will present abundant opportunities for sustained growth and even greater achievements. Together, we eagerly anticipate embracing these opportunities and ascending to unprecedented heights.

Our History

Paradeep Phosphates Limited is the second-largest private sector manufacturer and distributor of phosphatic fertiliser. PPL was incorporated in 1981 as a joint venture between the Government of India (GoI) and the Republic of Nauru (RN) to set up a phosphatic fertilisers manufacturing unit at Paradeep, Odisha. Later in 1993, with the divestment of RN's stake, PPL became a public sector enterprise (PSU). Subsequently, in 2002, GoI decided to divest close to 80% of its stake in favour of Zuari Maroc Phosphates Private Limited

(ZMPPL), a joint venture between Zuari Agro Chemicals Limited (ZACL) and the OCP Group S.A. While ZACL is a pre-eminent fertiliser player in India; the OCP Group, based in Morocco, is one of the world's largest phosphatic companies, controlling over 70% of the world's known phosphate reserves.

Ensuring Food Security

India has achieved remarkable success in ensuring food security and safeguarding the livelihoods of farmers, while also addressing the issue of hunger. This was made possible by the Government's substantial increase in its fertiliser subsidy budget during the year 2022-23. This step was taken in response to the surge in international fertiliser prices and the challenges arising from various factors, such as the Russia-Ukraine conflict and export quotas imposed by China on raw materials.

During these challenging circumstances, PPL has shown its commitment to serving our nation by utilising our enhanced capacity to serve the fertiliser demand of the nation, while formalising sustainability.

Our Contribution to Safeguarding India's Agricultural Chain

Over the year, we have successfully realised our expanded capacity of 1.8 Million metric tonnes per annum at Paradeep Plant, a significant increase from the previous 1.2 Million metric tonnes per annum. Additionally, our phosphoric acid capacity is in the process of expansion from 300,000 to 500,000 tonnes per annum. Furthermore, we have a dedicated berth at the Paradeep port, along with a 3.4-km long concrete conveyor belt that directly transports raw materials to the plant. We prioritised sustainability and effective resource utilisation. We localised raw materials, enhanced energy efficiency by harnessing heat from production processes, and implemented circularity principles. Backward integration and achieving 100% ZLD in operations reflected our commitment to reducing environmental impact and ensuring responsible practices.

To mitigate potential supply chain constraints, we strategically established our manufacturing units near port facilities, enabling efficient sourcing and implementation of backward integration. A significant enhancement to our operations was the revamping of the four trains at the Paradeep plant, ensuring smooth operations.

The acquisition of the Goa plant has aided in our capacity to reach 3 Million metric tonnes per annum, allowing us to meet the needs of over 8 Million farmers in 15 states. Our extensive network, comprising 21 regional marketing offices, 6,500+ dealers, 65,500+ retailers, and 450+ stock points, combined with a dedicated sales force, has played a pivotal role in ensuring the timely distribution of fertilisers to farmers.

Notable Achievements of the Year

Despite the challenging geopolitical and macroeconomic environment, PPL has achieved a remarkable top-line performance during the year under review. Our Company recorded its highest-ever annual sales of ₹ 133,407 Million, representing a significant year-on-year growth of 70%. Additionally, our EBITDA increased by 26% to ₹ 8,921 Million, and we achieved a profit after tax of ₹ 3,042 Million.

Looking ahead, I am highly optimistic about the future of the fertiliser industry and the prospects of our Company. With the successful commissioning of our Goa plant at full capacity, both our plants are now operating at their maximum potential. This achievement has positioned us at the forefront, allowing us to play a pivotal role in India's food security efforts. As evidence of our strong market presence, we currently hold a substantial market share of ~8%.

In 2022-23, we produced a total of 2.032 Million metric tonnes, experiencing a remarkable year-on-year growth of 63%. Moreover, our sales volume reached 2.029 Million metric tonnes, showing a growth of 64% compared to the previous year. We are proud to have effectively converted the manufactured quantity into sold products.

During this period, we enhanced our capacity by 150%, reaching a run rate of 3 Million metric tonnes of finished fertilisers as of December 2022. This includes 1.8 Million tonnes per annum at the Paradeep plant and 1.2 Million

metric tonnes at the Goa plant. We are also making significant progress with our ongoing CAPEX projects, including the development of captive phosphoric acid and the capacity enhancement to 0.5 Million tonnes at the Paradeep site, as well as the installation of the fourth evaporator. These projects, scheduled for completion by the end of the first quarter of 2023-24, will further strengthen our backward integration and capabilities, leading to higher profitability.

Throughout the year, we successfully produced a wide range of complex fertiliser grades at both our Paradeep and Goa sites, providing farmers with improved options for soil and crop-specific nutrition. Notably, our Goa site produced a total of eight varieties of value-added NPK during 2022-23.

Our Focus for the Year Ahead

With the Goa plant reaching its capacity, our aim is to reap the combined benefits with the expanded capacity of both our plants. Our foundation lies in ensuring sustainability across environment, social and governance. Building upon our growth, we place significant emphasis on increased collaboration with farmers nationwide, while further strengthening our sustainability initiatives in these key areas and promoting balanced fertilisation practices.

The Indian fertiliser industry is experiencing notable progress in innovation, and at PPL, we are actively involved in these advancements. We have developed newer formulations of NPK-based fertilisers, aligning ourselves with industrial innovations. Furthermore, we are currently involved in the development of nano fertilisers, a promising technology that could bring significant advancements to farming practices in India.

As we continue our journey towards digitisation in the agricultural sector, we have leveraged technology to optimise our sales network and incentivise our distribution channels. Our focus on agri service digitisation allows us to enhance efficiency in sales network operations and provide better channel incentives. Furthermore, we have effectively utilised social media platforms, such as YouTube, Facebook, and WhatsApp, to connect with our extensive network of dealers and farmers. Through these channels, we effectively communicate the purpose and brand story of our Company, fostering meaningful engagement and connection.

A Note of Thanks

I want to sincerely thank the Board members, employees, customers, and suppliers for their invaluable contributions. By working together, we can seize the opportunity to make substantial progress in achieving a hunger-free India. Our goal is to increase agricultural output using environmentally sustainable methods and foster contentment among farmers, who play a crucial role in the food supply chain. Paradeep Phosphates aspires to be a steadfast partner in India's mission to enhance its food production capabilities.

Warm regards,

N. Suresh Krishnan

Strengthening Growth with Product Offerings

PPL offers a comprehensive range of fertilisers, including Nitrogen, Phosphate, and Potassium-based products. By providing a diverse selection of nutrient-rich offerings, the Company aims to promote and maintain optimal soil health for agricultural purposes.

PPL has developed a robust and diverse range of products to ensure optimal plant growth, yield, and quality through balanced fertilisation. The Company understands the significance of supplying essential plant nutrients like Nitrogen (N), Phosphorus (P), Potassium (K), in the correct proportions.

With its extensive capabilities, PPL is involved in the production, distribution, trading, and sale of a wide variety of advanced fertilisers. The Company's product lineup includes Urea, DAP (di-ammonium phosphate), and different grades of NPK fertilisers. Additionally, it makes efficient use of by-products generated during

manufacturing processes, such as HFSA (High-Grade Fluorosilicic Acid), phosphogypsum, and zypmite, along with intermediate products like sulphuric acid, phosphoric acid, and ammonia.

Apart from its core fertiliser products, PPL also engages in the sale, trading, and distribution of MOP (Muriate of Potash) and city compost. By offering a comprehensive range of products and utilising various by-products and intermediates, Paradeep Phosphates remains dedicated to supporting farmers and promoting sustainable agricultural practices throughout India.

OUR PORTFOLIO

DAP

- DAP (Di-ammonium Phosphate) is a granulated and high-quality mineral fertiliser.
- Also available as Jai Kisaan Navratna DAP.

- It predominantly consists of 18% Ammoniacal Nitrogen and 46% Phosphate by weight.
- Highly soluble, it quickly dissolves in the soil to release plant-available phosphate and ammonium.
- The ammoniacal form helps in releasing micronutrients (Zn, Fe, Cu & Mn) from the soil, thus making them easily available for crop uptake.
- Band application is recommended for more efficient use of P.
- Available in 50 kg bags.

NPK

Multi-nutrient, complex fertilisers, known as NPK fertilisers, encompass the three main nutrient elements essential for plant growth: Nitrogen, Phosphate, and Potassium. These complex fertilisers are created through a process of blending or chemical reactions involving Phosphoric Acid, Ammonia, Potassium Chloride (or Potassium Sulphate), Nitric acid, and other substances. During 2022-23, we achieved a total NPK production of 970,660 and our sales for the same period reached 901,177. Below are the details of our core NPK portfolio, which consists of NPK 20, NPK 12, and NPK 10.

NPK 20

- The 1:1 ratio of Nitrogen and Phosphorus is beneficial for a wide range of vegetable crops.
- It provides Sulphur, the fourth most important nutrient after N, P, and K.
- The Sulphur content makes it suitable for oilseeds, pulses, and other crops like onions, garlic, chillies, soybean, sugarcane, paddy, and cotton among others.
- It is suitable for both basal and top dressing applications for all crops due to the high solubility of P.
- Available in 50 kg bags.

VOLUME (MT per annum)

NPK 10

- Suitable for crops requiring high phosphate and potassium content. Ideally suited for sugarcane and potatoes.
- The ammoniacal form helps release micronutrients (Zn, Fe, Cu & Mn) from the soil, thus making them easily available for crop uptake.
- Basal and band applications are recommended for a more efficient use of P and K.
- Available in 50 kg bags.

VOLUME (MT per annum)

NPK 12

- Greater root penetration and a better root system, even in poor soils, help young plants establish faster, even under adverse soil or climatic conditions.

- Potash helps build resistance to pests and diseases.
- Ideally suitable for oilseeds like soybean, groundnut, and sunflower.
- Useful for potatoes, ginger, turmeric, onions, and pulses.
- Available in 50 kg bags.

NPK 19:19:19

- It is the most concentrated NPK fertiliser in a 1:1:1 proportion.
- Enhances tillering, branching, flowering, and yield.
- Contains traces of micronutrients as well.
- Ideal for balanced plant nutrition across all crops.
- Available in 50 kg bags.

35,570 MT per annum

Production Volumes

NPK 28:28:0

- Complex with the highest N & P in a 1:1 ratio.
- Highly soluble and quickly available to plants.
- Aids in root development, flower setting, and panicle emergence in plants.
- Improves photosynthesis, activates several enzymes, and facilitates energy transfer.
- Nitrogen is present in both ammoniacal and amide forms. Ammonium ions reduce the pH of the soil around the root system, enhancing the quick and easy absorption of phosphorus from the soil.
- The major portion (24% out of 28%) of phosphorus is in a water-soluble form and readily available to plants.
- Coating of Ammonium Phosphate over Urea during the manufacturing process minimises various types of nutrient losses from Urea.
- Due to the presence of a remarkable water-soluble portion of Nitrogen and Phosphorus, instant vegetative growth and development are observed.
- The presence of other nutrients like Sulphur, Calcium, and Iron enhances the crop's quality.
- It is suitable for application in all crops, especially for basal application in paddy, cotton, chilli, sugarcane and vegetables, among others.

40,400 MT per annum

Production Volumes

Zypmite

Zypmite is a blend of micronutrients, including Sulphur, Zinc, Boron, Calcium, and Magnesium. This unique formulation aids in enhancing soil fertility, optimising the utilisation of NPK fertilisers, and improving the overall crop yield quality.

Urea

- Neem-coated urea provides a more gradual release of nitrogen due to its nitrification inhibition properties, thus aiding plants in obtaining greater nutrition and enhancing yields.
- Neem oil acts as an insecticide and helps deter insect attacks on crops.
- Suitable for use in both solid and liquid formulations.
- For more efficient utilisation of Nitrogen, split application and banding are recommended.
- Available in 45 kg bags.

386,800 MT per annum

New Product

NPK 24

- Jai Kisaan 24:24:00 is an FCO registered NP nutrient source fertiliser. It contains a minimum of 24.0% Nitrogen and 24.0% Phosphorus as P_2O_5 by weight.
- It contains two major plant nutrients, namely Nitrogen and Phosphorus, that significantly determine plant growth and productivity.
- The NP ratio in this complex fertiliser is 1:1, making it an ideal fertiliser to meet the nutritional requirements of all crops, as they need an equal amount of Nitrogen and Phosphorus in the initial stages of plant growth.
- The presence of Nitrogen in both Urea and ammoniacal forms enables this product to fulfill immediate as well as subsequent N requirements during the early growth stages.
- It quickly dissolves in the soil, releasing plant-available phosphate and ammonium ions.

Phospho-Gypsum

Phospho-Gypsum, containing Sulphur and Calcium in a 17:21 ratio, offers numerous benefits for alkaline soils. The presence of Sulphur in it contributes to increased crop yield, improved crop quality, and higher oil content in oil seeds. It also improves the effectiveness of fertilisers, promotes plant health, and enhances soil conditions. Additionally, it imparts appealing colour and flavour to the crops. On the other hand, the Calcium in Phospho-Gypsum aids in fruit development, enhances crop quality, stimulates plant growth and root development, supports metabolic activities, and prevents fruit cracking. Overall, Phospho-Gypsum significantly boosts the yield and quality of various crops such as rice, pulses, oil seeds, and sugarcane.

WHAT SETS US APART

Playing to Strengths: Key Advantages

PPL derives significant advantage due to a range of factors. These include a favourable macroeconomic environment and the invaluable achievements amassed over four decades of remarkable success.

Manufacturing Strengths

PPL operates two strategically located manufacturing units in Paradeep and Goa with a combined DAP/NPK capacity of 3 Million metric tonnes per annum. The Company aims to strengthen its position by increasing captive sulphuric acid capacity from 1.39 to 1.90 MMTPA, aligning with backward integration of phosphoric acid production to enable lower-cost captive green power generation. Current annual phosphoric acid capacity is 300,000 tonnes per year, increasing to 500,000 tonnes per year after expansion. The Goa plant uniquely houses co-located urea and complex manufacturing, enabling specialised NPK blends. This positions PPL ahead of competitors as one of only six plants in India with these capabilities.

Robust Value Chain

PPL has established a strong integrated supply network domestically and internationally. Long-term contracts with key partners like the influential OCP Group ensure smooth, dependable raw material supply. This strategic collaboration enhances PPL's ability to source internationally, reinforcing its commitment to seamless operations. Since 2021-22, PPL has expanded manufacturing capacity by 150% and pursued backward integration of phosphoric and sulphuric acid production. By growing its distribution network, PPL aims to increase its reach and connections with farmers. The robust supply chain and strategic expansions position PPL for continued growth.

Streamlined Logistics

The Paradeep plant's proximity to the Paradeep port provides strategic advantage with convenient access to waterways, railways, and highways, enhancing logistics to efficiently serve eastern, central, and southern Indian markets. Similarly, the Goa plant near Mormugao port offers captive power, railway siding, storage infrastructure, and bagging capabilities to cater to western, central, and southern agricultural states. The strategic locations of the Paradeep and Goa plants with port access empower PPL with efficient logistics reaching key markets across India.

Extensive Product Line

PPL offers a diverse array of products in its portfolio, encompassing various fertilisers such as DAP, different grades of NPK (NPK 10, NPK 12, NP 20, NPK 19, NPK 28), Urea, Zyprite, and a by-product known as Phospho-Gypsum. Furthermore, the Company manufactures ammonia, sulphuric acid, and phosphoric acid for captive use.

Wide and Expanding Distribution Network

The Company aims to enhance profitability and yields by optimizing production capacity utilisation. This is supported by the extensive distribution network enabling efficient inventory and scaling of products to customers across regions. With over 450+ stock points covering 15 states, the distribution infrastructure drives geographic penetration. Enhancing this network and marketing initiatives will further strengthen capabilities for optimised operations, profitability and geographic coverage. The focus on maximising capacity use along with robust distribution strengthens efficiency, yields and earnings.

Food Security and Favourable Policies

India's large and growing population of 1.4 Billion underscores the importance of fertilisers for sustainable agricultural productivity. The fertiliser market is expected to see steady growth at a 4.7% CAGR from 2023-2028. The Government recently approved a substantial ₹ 1.79 lakh Crores fertiliser subsidy for the 2023-24 season, allocating ₹ 44,000 crores for phosphatic and potassic fertilisers and ₹ 1,35,000 crores for Urea. With its ~8% market share, PPL is poised to leverage favourable policies and emerging opportunities to strengthen its position as a leading fertiliser company in India's high-potential market.

OVERVIEW

Paradeep Phosphates Limited has had a phenomenal growth in revenues showcasing a 32% CAGR in the last five financial years. Revenues increased 70% in 2022-23 over the previous year, despite the challenging geopolitical and macroeconomic environment, as well as the pressure on key raw material prices. EBITDA increased by 26% and can be attributed to higher production and sales.

Highlights

RETURN ON CAPITAL EMPLOYED

Over the past five financial years, the Company has consistently delivered a Return on Capital Employed (ROCE) surpassing 20%, with its highest recorded at 26.4% in 2021-22. This exceptional performance instils confidence in PPL, as it remains steadfast in its commitment to maintaining a ROCE above 20% and aims to achieve even higher levels in the forthcoming financial years.

NET DEBT/EQUITY

PPL has demonstrated a commendable reduction in its debt-to-equity ratio over the past five years, showcasing its commitment to financial prudence. Despite borrowing to fund expansion initiatives, the continual decrease in the overall debt-to-equity ratio exemplifies the Company's adeptness at managing and minimising its borrowings, while maintaining a robust and healthy financial ratio.

ROBUST FINANCIAL PERFORMANCE

Despite the significant disruptions in the supply chain that adversely affected fertiliser raw material prices, PPL demonstrated a robust financial performance in 2022-23. This is largely due to expansion of capacities, reaching a run-rate of 3 Million metric tonnes per annum, which enabled the Company to meet the fertiliser demand in the country more effectively.

The Government’s increased subsidies aimed at ensuring a smooth flow of fertilisers during times of heightened raw material prices led to an increase in the subsidy receivable amount for PPL. As a result, the Company raised its short-term borrowings to address short-term liquidity needs, which was well-balanced by the substantial improvement in subsidy receivable days. PPL has exemplified a disciplined approach to financial management, maintaining a healthy working capital, as evident from its low trade receivables days, which have decreased by 64% since 2018-19, standing at 63.

One of the strategic advantages for PPL is its long-term agreement with OCP Group, its promoter, which oversees the management of the world’s largest phosphate reserve. This valuable partnership provides PPL with a significant competitive edge by enabling the Company to procure raw materials at a comparatively lower cost, contributing to its overall success.

OUTLOOK

Towards the end of 2022-23, there was a global correction in raw material prices, which led the Government to reduce its subsidy outlay for nutrient-based fertilisers. As a result, the need for short-term borrowings is expected to decrease, and the subsidy receivable days are also anticipated to decline. In 2023-24, margins are projected to improve further due to reduced costs. This improvement will be driven by the increase in phosphoric acid capacity, which is set to rise from 300,000 tonnes per annum to 500,000 tonnes per annum, as well as the installation of the fourth evaporator. With the continuous expansion of capacity and the growing demand for fertilisers in India, PPL is poised to enhance its financial strength.

MANUFACTURING CAPITAL

Strengthening Products through Effective Manufacturing Capital

PPL recognises the critical role of manufacturing capital in safeguarding India’s food security by ensuring a reliable and uninterrupted supply of fertilisers to farmers. STORY OF PPL'S CAPACITY EXPANSION

The Paradeep Plant of Paradeep Phosphates in Odisha, India, is a large phosphatic manufacturing facility. It recently expanded its capacity from 1.2 to 1.8 Million metric tonnes annually, meeting the growing demand for its high-quality products. The plant also increased its phosphoric acid production to fulfil 90-92% of its requirements and secured contracts with OCP for the remaining 8%. The installation of a 4th evaporator and upcoming plans for sulphuric acid production will enhance the manufacturing process for DAP and NPK fertilisers. The plant operates four trains for DAP and NPK production, three plants for sulphuric acid production, and three captive power plants. It has a dedicated berth and a concrete conveyor belt at the Paradeep port, facilitating the smooth flow of raw materials. The Paradeep plant's products, marketed in Eastern, Central, and Southern India, have a strong presence in the states of these zones.

THE JOURNEY OF STABILISING THE GOA PLANT

In June 2022, PPL acquired ZACL's Goa plant, increasing its capacity by 150%. The plant produces a range of fertilisers including Urea, NPK, and complex fertilisers. Notably the Company's Goa plant produces a unique bouquet of NPKs such as NPK 19 and NPK 28. NPK 19, until 31st March 2023, was exclusively produced by the Goa plant in India, and NPK 28 is produced only by two players in India, including PPL's Goa plant.

The Goa plant services the developed agricultural markets of Maharashtra, Karnataka, Madhya Pradesh, and Chhattisgarh which together consume 46% of the country's phosphatic fertiliser consumption. The Goa plant, located near Mormugao port, comprises two NPK production plants (NPK A and NPK B), an Ammonia production plant, a Urea production plant, a captive power plant, a railway siding, raw materials and finished goods storage infrastructure, and a bagging plant.

Through strategic expansions and operations at the Paradeep and Goa plants, PPL has achieved a significant increase in its capacity. This expansion has had a profound positive impact on over 8 Million farmers. By supplying an abundant quantity of fertilisers to farmers, PPL has made a valuable contribution to strengthening the nation's food security efforts.

STRENGTHS

PPL sources most of its raw materials through long-term contracts from various suppliers across the world. For its phosphatic requirements, (Phos rock and acid), the Company directly sources from its promoters the OCP Group. The OCP is the custodian of 70% of the world's known phosphatic reserves and guarantees high quality and reliable supply to PPL.

PPL has undertaken a backward integration to increase its phosphoric acid output from 3 Lakhs metric tonnes per annum to 5 Lakhs metric tonnes per annum to be commissioned in Q1 of 2023-24. This will significantly fulfil the Company's requirement of phosphoric acid by more than 90%.

OUTLOOK

With further increased capacity, the Company will be able to serve larger geographical markets. Increased output of phosphoric acid will ensure quick availability of larger quantities of raw material. Further, PPL aims to increase its output of sulphuric acid by 0.5 Million metric tonnes per annum in the coming two years.

QUALITY CONTROL

PPL, the second-largest phosphatic fertiliser producer in the private sector, places utmost importance on maintaining exceptional quality standards. The Company implements robust systems and policies to ensure consistency, compliance, and continuous improvement. In line with global industry standards, PPL holds ISO 9001:2015 certification and adheres to Good Manufacturing Practices (GMPs).

To uphold its commitment to quality, the Company has established advanced laboratories at its Paradeep and Goa plants. These state-of-the-art facilities are equipped with cutting-edge analytical instruments, enabling precise measurement and analysis of environmental parameters. Additionally, the Company collaborates with third-party laboratories for stack and ambient air monitoring, further enhancing the accuracy and reliability of its environmental assessments. PPL takes pride in its Protect and Sustain certification from the International Fertiliser Association (IFA), which serves as a testament to its dedication to responsible and sustainable practices within the industry.

INTELLECTUAL CAPITAL

Ensuring Sustainability of Operations through Intellectual Capital

PPL's steadfast dedication to innovation and continuous advancement has played a pivotal role in securing its competitive advantage within the industry. By consistently staying ahead of the competition, the Company not only preserves its leadership position but also generates significant value for its stakeholders.

HIGHLIGHTING R&D CAPABILITIES

PPL has a renowned R&D team located at the Paradeep facility in Odisha. Recognised by the Department of Scientific and Industrial Research (DSIR) since 2014, this dedicated team is focussed on innovation and delivering high-quality products to customers. With a strong track record of developing new products and processes, PPL's R&D team consistently enhances efficiency and profitability within the Company, enhancing their range of offerings. Committed to excellence in both products and services, PPL's R&D team continually strives to explore new technologies and processes. This proactive approach ensures that they meet the evolving needs of customers, while making valuable contributions to India's overall economic growth.

RESPONSIBILITY OF PPL R&D

- To develop new products and new application
- Testing and validation
- Process optimisation and quality improvement
- Sustainable use of waste into value chain

KEY ACHIEVEMENTS OF R&D TEAM DURING 2022- 23 INCLUDE

- Developing suitable Bentonite resources resulted in producing Zypmite with higher purity and crushing strength
- Achieving higher efficiency in P_2O_5 recovery from rock
- Adding biomass mediated value to fertiliser waste

MEMBERSHIPS

The Company actively engages with industry bodies and platforms such as CII, FICCI, ASSOCHAM, and ICC to enhance efficiency in the fertiliser sector. It also partners with academic institutions like IIT Bhubaneswar and CSIR to leverage smart agriculture and develop innovative crop solutions. Notably, its cooperative project with PPL Navratna R&D and DST CSIR IMMT focusses on sustainable waste management practices in the fertiliser industry.

DIGITAL INNOVATION

The Company embraces technological advancements and digitalisation for enhanced operational efficiency. All the business activities of PPL are seamlessly integrated using SAP S/4HANA, enabling real-time transactions, data analysis, and informed decision-making. Additional systems like an SAP-integrated agri sales portal, streamline processes for the field sales force, handling agents, transporters, and dealers, promoting efficient sales management and comprehensive dealer statement of accounts.

DIGITISED AGRICULTURAL SERVICES

The mFMS (Mobile-based Fertilisers Monitoring System) has transformed India's agricultural sector by enabling Direct Benefit Transfer and monitoring fertiliser movements to individual farmers through POS devices. As a prominent player, PPL has digitised its agri services through internal portals, applications, and collaborations with digital partners. On-site officials provide guidance and the Jai Kisaan agri application facilitates effective communication and support. These initiatives drive the digitalisation of the agricultural sector, empowering farmers and promoting positive change.

PRODUCT EXCELLENCE

PPL continuously expands and enhances its product range to effectively meet the varied requirements of farmers. Its diverse portfolio includes Urea, DAP, NPK (Complex Fertiliser), and soil conditioners that provide balanced nutrition tailored to different soil types and crops. The manufacturing lines are flexible, allowing the production of various NPK grades based on market demands. Valuable feedback from farmers and specific soil and crop needs, enable the development of new product varieties. In addition, the Company engages in the trading of Muriate of Potash providing a comprehensive solution to farmers. Through the pioneering Vibroprilling Technology, the Company elevates product quality by ensuring larger prill size, uniform distribution, improved strength, and reduced emissions. Notably, all Urea production is 100% neem coated in adherence to the Government of India's 2015 mandate, which aims to enhance fertiliser use efficiency.

OUTLOOK

PPL has implemented a robust R&D strategy to create long-term value for the Company and its stakeholders. This involves incorporating emerging technologies into future products and processes. One notable initiative undertaken by the Company is the 'Biomass Mediated Value Addition to Fertiliser Industries Waste' project. It addresses the issue of waste management associated with Phospho-Gypsum, a byproduct of phosphoric acid production. Through a neutralisation process, the project has successfully developed a customised biofertiliser that is rich in Carbon, Sulphur, Calcium, Potash, and other essential nutrients, thereby effectively utilising and repurposing the waste material.

Another focus area of research for PPL is the development of an anti-scaling agent specifically designed for cleaning graphite heat exchangers. By preventing scaling issues, this endeavour aims to improve the efficiency and lifespan of heat exchangers. Additionally, PPL is actively exploring the development of a prototype metallic heat exchanger, potentially offering an alternative to traditional graphite-based systems. This prototype aims to explore new materials and technologies that can enhance heat exchange processes and offer advantages over existing graphite-based systems.

NATURAL CAPITAL

Nurturing Sustainability by Utilising Natural Capital

PPL's steadfast dedication to environmental sustainability fuels its continuous endeavours to mitigate the negative impacts of its operations on the environment. The Company deeply acknowledges the significance of responsible resource management and consistently works towards enhancing its existing practices, actively seeking innovative solutions to further reduce its environmental footprint.

Material Topics

SDGs Covered

PPL recognises the significance of resource conservation in ensuring sustainable operations and long-term value creation for all stakeholders. The Company thus puts environmental stewardship at the core of its business strategy. PPL is committed to improving resource efficiency to minimise its carbon footprint and actively work towards decarbonisation. The Company's environmental management system, in line with global

standards, guides their continual efforts to enhance environmental performance and generate value for the organisation. The manufacturing facilities in Paradeep and Goa have obtained ISO 14001:2015 certification, and strictly adhere to relevant environmental guidelines and regulatory requirements, including the MoEF&CC Charter on Corporate Responsibility for Environmental Protection Action Points (CREP) guidelines for the fertiliser sector.

During the financial year, the Company initiated the measurement of their environmental footprint baseline, encompassing greenhouse gas emissions, waste generation and disposal, and water consumption. PPL is proactively seeking opportunities to reduce its environmental impact, while maintaining operational standards and shareholder value. These efforts have resulted in tangible outcomes such as energy savings, water conservation, emission reduction, and effective waste management.

MATERIAL MANAGEMENT INITIATIVES

The Goa plant relies on natural gas as its primary raw material for producing ammonia, which is subsequently used in the manufacturing of Urea. In the production of DAP and NPK fertilisers, the Company utilises rock Phosphate, Sulphur, Ammonia, and Muriate of Potash as the main raw materials. Intermediate products, such as sulphuric and phosphoric acid, are combined with Ammonia and Potash to create the final products. To mitigate its carbon footprint, the Company has successfully secured a supply of Molten Sulphur from IOCL, leading to reduced imports, cost savings, and direct greenhouse gas (GHG) savings. This can be attributed to the elimination of steam conversion and the subsequent reduction in transportation emissions.

HEAT RECOVERY SYSTEM

The Paradeep facility utilises waste heat recovery systems in sulphuric acid plants to meet its energy demand. Three captive power plants, with a total capacity of 55 MW, generate power from steam produced by the heat recovery systems, ensuring energy self-sufficiency. The facility holds ISO 50001 certification for Energy Management System. The implementation of waste heat recovery systems in all three sulphuric acid plants enables daily power generation equivalent to 245 MW, replacing 142 MT of coal and eliminating 225,191 tCO₂e annually.

PPL has Implemented Several Measures to Reduce its Energy Consumption, including

Replacement of approximately 85% of conventional lights with LED lights

Installation of energy-efficient motors

Optimisation of steam recovery processes

Reduction of power consumption in the Effluent Treatment Plant (ETP) by reducing the effluent load

ENERGY CONSUMPTION TABLE FOR 2022-23

MANAGING ENERGY CONSUMPTION

The Company is dedicated to environmental responsibility and is making targeted efforts to increase its investment and reliance on renewable sources of energy. To this end, a 255-kWh solar module has been installed in the PPL's Paradeep township, resulting in a decrease in power import from the captive power generation unit and grid.

CIRCULAR ECONOMY

The Company produces a substantial amount of Gypsum, exceeding 5,000 MT/day, as a significant by-product of its phosphoric acid production. In response to the challenge of managing legacy stocks of Gypsum, the Company has implemented a successful approach by utilising it in road construction and cement manufacturing. This initiative has proven highly effective, resulting in the evacuation of Gypsum at a rate that surpasses its generation. Furthermore, PPL has undertaken dedicated R&D efforts to explore innovative applications for Phospho-Gypsum. Zypmite Plus, an outstanding soil conditioner, which supplements for soil lacking Calcium & Sulphur and alters the pH of the soil providing an ideal condition for plant growth. It helps plant to mine nutrients better by maintaining pH and provides nutrients like Ca, S, Zn & B.

Following these, the Company has commissioned a 10-TPH Zypmite plant for granulation, and the final product is carefully packaged for distribution. This significant development showcases the Company's commitment to innovation and sustainable utilisation of by-products, contributing to enhanced resource efficiency and value creation.

FLORA AND FAUNA CONSERVATION

The Company prioritises environmental protection in its areas of operation by conducting periodic biodiversity assessments and implementing mitigation measures. It develops green belts through plantation activities, having planted over 6.85 Lakhs trees to date. The Company also supports local communities by providing free saplings during annual tree plantation drives. It conducts regular clean-up of ponds and water bodies, and bird census is carried out by the Department of Forest, Odisha. These initiatives aim to minimise the impact on biodiversity and promote rainwater harvesting. The Company's CSR efforts extend to protecting biodiversity beyond its premises, encompassing a wide range of tree species.

WATER CONSERVATION

Given the medium- and high-water stress in its operational areas, PPL prioritises water conservation. Groundwater is not sourced for industrial or domestic purposes, and water is obtained from the Taladanda canal at the Paradeep facility. PPL ensures that the wastewater remains within the plant's location to prevent discharge. Through initiatives like heat recovery systems and efficient practices, the Company has reduced water consumption by 45% and over 50% at its Goa facility. It adheres to regulations on effluent discharge and maintains zero liquid discharge during the non-monsoon season through closed-loop water cycles and recycling channels. Rainwater harvesting and a Reverse Osmosis (RO) plant at the Goa facility further contribute to reducing freshwater consumption.

SOCIAL AND RELATIONSHIP CAPITAL

Strengthening the Foundation through Social and Relationship Capital

PPL is dedicated to creating a society that promotes the well-being, prosperity, and happiness of individuals, striving to foster an environment where everyone can thrive. At the heart of its mission lies the ambition to actively shape a future that offers limitless possibilities for all. Acknowledging the pivotal role played by the digital revolution in catalysing change, the Company recognises the significance of leveraging technology to meet the needs of farmers and other essential stakeholders. By harnessing the power of technology, it endeavours to make a transformative impact on communities, enhancing their overall well-being and paving the path towards a more inclusive and promising future.

FARMERS AT THE CORE

FARMER MEETINGS

Organised in villages, these meetings, enthusiastically attended by farmers, are a regular feature in the Jai Kisaan Navratna marketing calendar. During these meetings, leading/progressive farmers are felicitated, and they are invited to share their success stories with fellow farmers. Soil test results and recommendations are presented to the farmers, and issues related to current crop cultivation and potential solutions are discussed. In the 2022-23 period, the Company conducted over 6,300 farmer meetings.

CROP SEMINARS

To provide farmers with comprehensive solutions for specific crops, the Company meticulously organises crop seminars. These seminars, conducted in collaboration with Krishi Vigyan Kendras (KVKs) and Universities of Agri Sciences (UAS), aim to familiarise farmers with the Company's products and leverage the expertise of agricultural specialists. This ensures seamless coordination and knowledge exchange. In 2022-23, the Company conducted over 750 crop seminars.

PRODUCT DEMONSTRATIONS

To promote balanced fertilisation, PPL has a robust programme for conducting product demonstrations in farmers' fields. Following the product demonstrations, the Company's officials make regular follow-up visits to the demonstration plots. The results of these demonstrations are showcased during the Field Day, which is organised after three months (or closer to harvest). In the 2022-23 period, the Company conducted over 3,600 product demonstrations.

INTENSIVE FARMER CONNECT PROGRAMMES (IFCP)

Strategically organised during the Kharif and Rabi seasons, IFCP involves branded vans reaching targeted areas to connect with farmers and retailers. Regional teams engage in farmer meetings, distribute merchandising materials, and strategically place them at retail outlets and prominent village markets. In the year 2022-23, the Company organised over 3,700 campaigns as part of IFCP.

ADVERTISEMENT

To highlight the synergistic benefits of its flagship product, Jai Kisaan Navratna 20:20:0:13, the Company creates compelling TVCs. These are strategically released on prominent TV channels in key N20 markets, effectively showcasing the advantages of the product to the target audience.

SOCIAL MEDIA

Recognising the widespread smartphone usage among farmers, particularly the tech-savvy younger generation, the Company leverages social media platforms like Facebook and YouTube to reach its rural audience. Regular campaigns are conducted to disseminate brand messages. In 2022-23, the Company's digital campaigns during the Kharif and Rabi seasons successfully reached over 20 Million people through Facebook and garnered an impressive 16 Million views on YouTube.

WALL PAINTING

During 2022-23, the Company successfully completed over 1.85 Lakhs sq ft of wall paintings.

RETAILER MEETINGS

In 2022-23, the Company conducted more than 230 retailer meetings.

CSR Activities

Over the years, the Company's CSR projects have evolved to address the needs of impoverished villages, beneficiaries, and urban slum areas in Paradeep and neighbouring locations in Goa. These are designed to comprehensively tackle key areas in four categories:

PPL CSR Expenditure 2022-23

WASH AND HEALTHCARE

PPL has embarked on several community-centric projects aimed at enhancing the well-being of the local population. To ensure access to clean drinking water, the Company has installed RO water plants and implemented a door-to-door pipe water supply programme, benefiting numerous families. In addition, it has initiated a comprehensive Holistic Village Development programme, focussing on key areas such as agriculture, allied activities, education, healthcare, and renewable energy, among others, with the aim of uplifting the living standards of the village. The establishment of a biodegradable sanitary napkin unit, community pond cleaning, and the promotion of sanitation and hygiene awareness have been instrumental in fostering a cleaner and healthier environment. PPL has also made significant investments in healthcare infrastructure, including an Ophthalmology OT and casualty centre, as well as a mobile health unit providing primary healthcare services. Furthermore, the Company has organised maternal and adolescent health camps and awareness sessions, contributing to the overall well-being of the community.

SKILL DEVELOPMENT AND LIVELIHOOD PROMOTION

To enhance livelihood security and incomes of small and marginal farmers, training and capacity building programmes were organised to promote sustainable agriculture practices and collectivise farmers into Farmer Producer Companies (FPCs). Solar-based irrigation systems were established to provide clean, renewable energy for irrigation. Animal husbandry was promoted through integrated goat rearing, improved shelter, timely vaccination. These interventions aimed to build skills, increase productivity, reduce costs, and provide sustainable livelihood opportunities.

ENVIRONMENT

The Company has implemented various initiatives aimed at conserving and protecting the natural environment. One of the notable efforts includes the installation of solar panels and LED streetlights in different villages. These energy-efficient measures help to reduce the carbon footprint and promote sustainable living.

In addition, the Company has been actively involved in the restoration of community ponds and other water sources. These efforts are carried out in collaboration with the stakeholders and beneficiaries to ensure the sustainability of the ecosystem. The Company's approach towards environmental conservation ensures that the natural resources are conserved for future generations.

Overall, PPL's initiatives demonstrate its commitment towards promoting sustainable living and environmental conservation. They not only benefit the communities but also contribute to the larger goal of achieving a cleaner and greener planet.

HUMAN CAPITAL

Nurturing the Human Capital through Effective Strategies

PPL's impressive growth is a testament to the unwavering dedication of its exceptional workforce. OVERVIEW

Paradeep Phosphates is committed to providing its employees with an exceptional experience and fostering an environment where they can thrive and achieve success. As of 31st March 2023, the Company had a workforce of 1,476 permanent employees, with 583 located at PPL Goa and 893 at PPL Paradeep. Demonstrating the importance of building long-term relationships, over 85% of the workforce is above the age of 30. PPL prioritises nurturing these relationships and creating a supportive and engaging workplace for its employees. The Company's dedication to its workforce is evident in its efforts to provide a fulfilling journey for its employees, ensuring their growth and satisfaction.

EMPLOYEE CENTRICITY

PPL prioritises the well-being and growth of its employees through a people-centric approach. The Company nurtures a collaborative culture and focusses on holistic development by regularly organising engagement initiatives. Touchpoints such as team reviews, goal-setting sessions, and town halls encourage teamwork and foster alignment within the organisation. The Company values feedback from its employees and provides multiple channels for them to express their opinions and measure their satisfaction. An annual employee satisfaction survey is conducted to gauge perceptions and identify areas for improvement. The Company has implemented a robust grievance redressal mechanism to promptly address critical matters and ensure a supportive and inclusive work environment.

NURTURING TALENT

PPL places great importance on hiring and retaining employees who align with its mission and share its values of trust and excellence. The Company follows a comprehensive Recruitment Policy, employing a wide range of channels to attract top talent. In 2022-23, PPL successfully onboarded a significant number of permanent employees. Retention is a key focus for the Company, as it provides ample opportunities for career growth, offers industry benchmarked rewards, and implements Employee Stock Ownership Plans. The Company's low attrition rate stands as a testament to its commitment to ensuring employee satisfaction and creating a supportive and fulfilling work environment.

CULTURE OF LEARNING AND DEVELOPMENT

PPL emphasises on continuous learning and development to cultivate high-performing teams and foster adaptability. The Company provides comprehensive training opportunities throughout the employee lifecycle, commencing with mandatory onboarding sessions that cover the Code of Conduct, values, and policies. A wide range of technical and behavioural training programmes are offered to support holistic development and facilitate career advancement. These address important topics such as anti-money laundering, sexual harassment prevention, and cybersecurity. Technical training is delivered through strategic partnerships or by internal teams, while leadership training is designed to enhance managerial skills. In addition to structured training, the Company actively encourages self-learning and personal growth, providing grants for higher education. This commitment to employee development is exemplified by employee nominations for prestigious leadership programmes at renowned institutions like Harvard University.

EMPLOYEE WELL-BEING INITIATIVES

PPL conducts management-led town halls to foster open communication channels and address employee questions and concerns. These encourage transparency, accountability, and trust within the Company.

To promote employee engagement and recreational activities, PPL has established various clubs at the Paradeep Plant, including the Paradeep Phosphates Employees Recreation Club (PPEREC), Management Recreation Club (PPOC), PPL Ladies Club, and Mandir Committee. These offer opportunities for indoor games, such as billiards and table tennis, as well as access to the swimming pool and movie screenings. By participating in these clubs, employees can engage in team-building activities and strengthen interpersonal relationships. Similarly, at the Goa plant, Jai Kisaan Club, Management Club, and Jai Kisaan Ladies Club have been formed.

PPL actively organises safety campaigns and competitions, such as those during Road Safety Week, National Safety Week, Fire Safety Week, National Electrical Safety Week, and monthly safety themes. These initiatives aim to create awareness among employees regarding health and safety practices. Additionally, the Company celebrates all festivals to foster a work environment that embraces diversity and promotes unity among its employees.

Governance

Paradeep Phosphates firmly believes in operating within a robust governance framework to ensure financial accountability, ethical business practices, and transparency.

ESG GOVERNANCE

PPL is deeply committed to upholding responsible business practices and places a strong emphasis on their Environmental, Social, and Governance (ESG) approach. The Company recognises the significance of creating long-term value for all stakeholders, while prioritising sustainable strategies that yield positive outcomes for the community and the environment. To ensure the seamless integration of ESG principles across the Company, PPL has established an ESG Committee. Led by the Managing Director, this committee comprises experienced members representing key business functions, bringing diverse perspectives to effectively manage ESG matters. With a clear mandate, the ESG Committee is responsible for overseeing and monitoring the implementation of strategies and processes, ensuring that PPL's operations align with its ESG objectives.

BUSINESS ETHICS

Paradeep Phosphates has established a governance framework firmly grounded in trust, ethics, and accountability, emphasising transparency and responsibility towards all stakeholders. This framework is reinforced by the implementation of rigorous internal controls and systems that offer clear direction for executing processes and operational strategies. Within

this framework, the Company's ESG approach is bolstered, further enhancing its commitment to responsible and sustainable business practices. PPL has also developed a suite of policies aligned with ESG principles to strengthen governance practices and demonstrate its dedication to responsible business conduct.

POLICY	GUIDELINES
Code of Conduct	The Company's Code of Conduct establishes explicit guidelines and expectations for all employees regarding ethical standards and business practices. It is intricately connected to the organisation's fundamental values and serves as a comprehensive manual to ensure the highest levels of ethical conduct. Furthermore, the Code of Conduct outlines robust channels for addressing grievances, prioritising the protection of employees, and facilitating the resolution of any instances of non-compliance.
Board Diversity Policy	The Company values a diverse Board of Directors for effective governance. A formal Board Diversity policy has been implemented, considering factors like culture, gender, age, regional background, industry experience, talent, and knowledge when selecting Board members. This commitment promotes a representative and experienced Board, fostering inclusivity and enhancing decision-making processes.
Whistle-Blower Policy	A formal reporting mechanism is available to all employees, including permanent, probationary, trainee, and temporary staff, to report any instances of actual or suspected violations of the Code of Conduct or unethical behaviour. This ensures that employees have a structured process to raise concerns and maintain a culture of integrity and ethics within the organisation.

Key Roles and Responsibilities of ESG Steering Committee

POLICY	GUIDELINES
<p>Corporate Social Responsibility (CSR)</p>	<p>The Company's CSR policy underscores its dedication to social responsibility and community development. Emphasising the importance of local communities as key stakeholders, the Company implements CSR projects in accordance with the provisions of Section 135 of the Companies Act, 2013. By adhering to its CSR policy, the Company aims to make a positive and sustainable impact on society. The projects are carefully planned and executed to address social and environmental challenges and contribute to the overall well-being of the communities it operates in.</p>
<p>Prevention of Sexual Harassment Policy</p>	<p>To establish a safe and inclusive work environment, the Company has implemented a comprehensive Prevention of Sexual Harassment Policy. This policy takes a strong stance of zero tolerance towards any form of workplace harassment. Its primary objective is to foster a secure and supportive atmosphere that is free from all types of harassment. By promoting a work environment where all employees feel respected and protected, the policy aims to enhance women's participation in the workforce, leading to their economic empowerment and contributing to inclusive growth. The Company is committed to upholding this policy and ensuring the well-being and dignity of all employees.</p>
<p>Integrated Management System Policy</p>	<p>The Company has implemented an Integrated Management System (IMS) policy as part of its commitment to enhance operational efficiency and effectiveness. This encompasses a comprehensive approach to aligning processes with the procedures of the International Fertiliser Association's (IFA) Protect & Sustain (P&S) initiative. By adhering to these guidelines, the Company aims to minimise the negative impact of its products and activities on the environment, preserve ecological balance, and safeguard biodiversity in and around its operations. This proactive approach demonstrates the organisation's dedication to sustainable practices and environmental stewardship.</p>

24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

 Risk  Opportunity

S. No.	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Occupational health and Safety	Risk 	As a responsible employer, we have a responsibility to ensure our workplace is safe and healthy, with no accidents or illnesses. In addition, poor occupational health and safety (OHS) performance results in a direct negative impact on labour costs through decrease in productivity.	In order to mitigate the risk, Paradeep implements robust procedures such as both Goa and Paradeep plants are ISO 45001 certified (Occupational Health and Safety Management Systems). Various safety oriented SOPs have been formulated and its strict implementation is strongly monitored. Regular health and safety training is organised. Additional initiatives included preparing for HIRA. Conducting Hazop study and process safety audit including observation by external agency and CICG inspection by Govt. of Odisha are also carried out.	Negative: Any workplace incidents, especially those resulting in injuries or harm to the workforce, can adversely impact the Company's reputation. Negative publicity and public perception can lead to customer distrust, loss of business opportunities, and difficulties in attracting and retaining skilled employees.
2	Chemical Safety	Risk 	Due to the nature of the operations, the Company is heavily involved in the production or handling of chemicals, particularly phosphates and ammonia. These chemicals can be hazardous if not handled and managed properly, posing various risks to both employees and the surrounding environment.	Paradeep has taken various initiatives to reduce harmful impact of hazardous chemicals: <ul style="list-style-type: none"> - Various SOPs and safety manuals have been formulated specifying clear instructions on safe handling of the chemicals. - Periodic meetings, training and discussions are undertaken to enable employees to proactively identify hazardous conditions and unsafe practices. - Regular internal and third party audits are conducted and results are shared with the senior management - Adequate PPEs are provided to ensure safety in storage, handling and transportation of chemicals. 	Negative: Any incidents related to chemical safety can negatively impact the Company's reputation among stakeholders, customers, and investors. Major accidents or environmental incidents could disrupt operations, leading to production delays or shutdowns, affecting the Company's financial performance.

S. No.	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
3	Business Ethics	Opportunity 	Good governance helps standardise a company's systems & processes. To ensure ethical conduct across the organisation, various governance oriented policies such as code of conduct, whistleblower policy, PoSH policy, etc. have been formulated. Defined roles and responsibilities of senior management ensure strict implementation and proper review of issues/concerns,	Paradeep Phosphate's Code of Business Conduct and Ethics provides its commitment against aspects such as bribery, gifts, insider trading, harassment, etc. It also mentions the escalation mechanism if an individual wants to raise a concern/complaint. The Company has formulated an ESG Steering Committee to support its commitment towards environment, corporate social responsibility and corporate governance.	Positive: Good corporate governance systems ensure that a company is managed in the interests of shareholders (including minority shareholders).
4	Environmental management	Risk 	Paradeep Phosphate's commitment towards protecting the natural environment and conserving resources has been embedded in our value system. Upholding these principles and complying with applicable regulatory requirements can affect the overall performance and enhance the Company's image with the stakeholders.	The Company's manufacturing plants are ISO 14001 certified (Environmental Management Systems). In the PAT Cycle-1, energy saving targets were achieved. In the PAT Cycle-2, PPL is entitled to purchase 1,926 no of escerts which are purchased from the energy exchange platform. Regular third party energy audits are conducted and regular monitoring of the energy efficiency of our equipment and processes are done to identify key areas of improvement. Compliance with state and central pollution control boards requirements are adhered to at all times.	Negative: In case of any non-compliance with environmental norms and regulations, Paradeep Phosphates can face reputational damage as well as adverse financial repercussions.

S. No.	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5	Inclusion and Diversity	Opportunity 	A diverse workforce brings together individuals with different backgrounds, perspectives, and experiences. This diversity of thought fosters creativity and innovation within the Company. When employees from diverse backgrounds collaborate, they can generate a wider range of ideas and solutions, leading to improved problem-solving and a competitive edge in the market.	For strong governance, the Company has a Board Diversity policy in place. Focus on the right talent for the right role during hiring and recruitment, irrespective of individual's gender, religion, and region.	Positive: Inclusive and diverse workplaces increase employee morale and job satisfaction. When employees feel valued and respected for their individuality, they are more likely to be engaged and committed to their work. This positive work environment leads to increased productivity and overall better performance.
6	Responsible Supply Chain	Risk 	As a phosphates manufacturer, Paradeep Phosphates Limited relies on a steady and reliable supply of raw materials. An efficient supply chain ensures that the Company can access the necessary inputs to maintain uninterrupted production and meet customer demands.	To mitigate risk, the Company has taken various initiatives: - Shift to supply of Molten Sulphur from IOCL to reduce overall carbon footprints of the supply chain. - Established a vendor evaluation system for onboarding a new supplier wherein suppliers are required to go through a screening process that includes various ESG criteria such as EHS compliance, safe work practices, etc. - To ensure continuous supply, we have maintained critical vendor partnerships and created alternative domestic sources.	Negative: A diversified supply chain can help withstand unexpected disruptions, such as natural disasters, geopolitical issues, or supplier-related problems. Having alternative suppliers or contingency plans in place ensures continuity of operations during challenging times.

S. No.	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
7	Community Relations	Opportunity 	Maintaining positive relationships with the local community is crucial for obtaining and retaining the social license to operate. When the Company has the support and trust of the community, and it is more likely to gain approval for its operations and expansion plans, reducing the risk of facing opposition or protests.	The Company's CSR policy provides the overall framework to our approach to community relations and development. Thrust areas of PPL's community development framework include Livelihoods, Education, Health (WaSH- Water, Sanitation and Hygiene), and Environment.	Positive: Positive community relations contribute to a favourable reputation and brand image for Paradeep Phosphates Limited. Being viewed as a responsible and engaged corporate citizen enhances the Company's standing among consumers, investors, and other stakeholders.

- 2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)**

We are in the process of developing a standardised framework for sustainable sourcing.

- b. If yes, what percentage of inputs were sourced sustainably?**

Not available.

- 3. Describe the processes in place to safely reclaim your products for reusing, recycling, and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.**

- a) Plastics (including packaging)**

PPL handles all plastic waste in accordance with the Plastic Waste Management Rules, 2016, and any subsequent amendments. Pre-consumer plastic waste generated within the factory premises, such as incoming raw materials packaging and waste bags produced during the packing of fertilisers, is collected and stored in designated yards/ bins specifically allocated for plastic waste. Subsequently, the Company collaborates with an authorised recycler approved by the Goa State Pollution Control Board to manage the proper disposal of the collected plastic waste. Additionally, for packaging products, PPL has implemented Extended Producer Responsibility (EPR) compliance in accordance with Plastic Waste Management Rules 2016.

- b) E-Waste**

PPL handles all e-waste as per the E-waste Management Rules, 2016. To ensure proper management, a separate shed is maintained for the storage of all e-waste. All the E-waste generated is sold to dismantlers/recyclers authorised by Goa State Pollution Control Board only. Further, records are maintained in line with the E-Waste Management Rules, 2016. Annual returns in Form 3 are submitted to the Goa State Pollution Control Board on an annual basis.

c) Acid Batteries

Paradeep Phosphates Limited (PPL) has a buyback of used battery policy with the vendor for lead acid batteries.

d) Hazardous waste

The hazardous waste generated from various plant areas is received by stores in closed MS drums/barrels. These drums are neatly stored in the corresponding demarcated area within the Hazardous waste shed. Hazardous waste labels, as per Form 8 of Hazardous Waste Management Rule 2016, are pasted onto the drums/containers to be disposed of. Regarding chemical sludge generated from the effluent recycle plant, the sludge is dried in sludge drying beds and then completely recycled to NPK-A & NPK-B plants. The Management of Hazardous Waste follows a Standard Operating Procedure (SOP).

e) Other waste

It includes waste such as metal scrap, waste activated carbon, rubber scrap, etc.

All solid wastes generated are segregated into separate bins. Bio-degradable wastes is collected in green colour bin, non-bio-degradable waste is collected in blue colour bin and wasted containing oil is collected in gray colour bin.

Non-bio-degradable waste generated at PPL is sent to Goa Waste Management Corporation Limited, Goa, for co-processing/recycling/ disposal.

Bio-degradable waste generated from canteens, offices and households in the township is sent to the vermicomposting unit at PPL premises, which in turn produce organic manure (bio fertiliser).

Construction debris: It is used along with backfilling material for structure / building foundation, and road making.

Sand from filters: Used along with backfilling material for structure / building foundation, road making etc.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes/No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken no address the same.

Yes, EPR is applicable to PPL's activities as per Plastic Waste Management Rules, 2016.

- We strictly adhere to all relevant environmental regulations and guidelines regarding the handling and disposal of plastics and packaging. As per the Plastic Waste Management Rules 2016, Paradeep Phosphates Limited is registered with Central Pollution Control Board (CPCB) as a Brand Owner under Extended Producer Responsibility (EPR) for disposal of plastic waste generated due to PPL's products.
- The Company has been making all efforts to reduce end-user plastic waste and setting an example for other companies.
- The Company is closely working with GEM Enviro Management Private Limited which is a Waste Management Agency (WMA) that specialises in collection and aggregation of all kinds of packaging waste in a professional and organised manner backed by technology on PAN India basis.
- The Company is collaborating with GEM not only to fulfil its EPR (Extended Producer Responsibility) compliances as stipulated under the PWM Rule 2016, amended in 2018 but also to take the lead and set an example towards managing post-consumer plastic waste.
- Under our EPR activity, the Company, in 2022-23 has diverted approximately 1,440 tonnes of post-consumer plastic waste from landfills to recycle, and contribute towards a greener and cleaner environment.

LEADERSHIP INDICATORS

1. Has the entity conducted Life Cycle Perspective/Assessment (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? (Yes/No). If yes, provide details in the following format?

No life cycle assessment was conducted for any of our products during the reporting period.

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products/services, as identified in the Life Cycle Perspective/Assessment (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

No life cycle assessment was conducted during the reporting period.

10. Health and safety management system:

- a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/No).
If yes, the coverage of such a system?**

Yes, we have implemented an occupational health and safety management system. Both of our manufacturing units (Paradeep in Odisha and Zuarinagar in Goa) have been certified under ISO 45001. The coverage is 100% of our entity, and it covers both regular employees and contractors.

- b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?**

PPL employs a comprehensive approach to identify work-related hazards and assess risks on both routine and non-routine basis. It further includes the active involvement of the Company's senior executives, zonal safety members and contract workers. To identify the risk and its priority, we have employed Hazard identification and risk assessment (HIRA) which serves as a foundational step in our safety management process.

As part of our routine safety measures, the Company conducts a thorough Why-Why analysis, along with process safety audits, which often involve external agencies for impartial observations. Additionally, the entity undergoes inspections by the Government of Odisha's CIG (Chief Inspectorate of Factories) to ensure adherence to safety standards.

Moreover, we proactively conduct Hazard and Operability (HAZOP) studies and Quantitative Risk Assessments (QRA) to gain deeper insights into potential risks. Based on the findings of these assessments, the Company formulates Standard Operating Procedures (SOPs), Operational Control Procedures (OCP), and Safety Management Plans (SMP), which are rigorously practiced across the organisation.

For non-routine activities that involve higher risk levels, job safety analysis (JSA) is performed to thoroughly assess and mitigate potential hazards. Safety Mobile App is launched that enables instant recording and sharing of unsafe observations. Safety touch initiatives and safety hot spots are implemented to identify unsafe conditions and vulnerable hot spots at the shopfloor. Daily inspections are carried out by dedicated safety officers, ensuring continuous monitoring of safety protocols.

Employee participation is encouraged in safety improvement through a suggestion box placed strategically at various locations. To ensure ongoing commitment to safety, the entity sets Accident Prevention Plans with safety targets, actively overseen by Heads of Departments (HOD) and Heads of Sections (HOS). Regular surveys are conducted to understand the employees' concerns regarding safety. A cross-functional team conducts monthly visits to the plant and contractors' sheds to inspect tools and tackles. The Task Force Committee is established to focus on workplace safety, guiding personnel to adhere to SOPs and enforcing safe practices during shutdown procedures.

- c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Yes/No) -Yes**

The Company has a centralised committee in place to which workers can reach out and raise their concerns about work-related hazards. These include the Central Safety Committee (Apex Safety Committee) and Zonal Safety Committees (Sub-Safety Committees). Regular monthly safety meetings are conducted by the contractor wherein workers' concerns can be heard and addressed. In addition, safety suggestion boxes are kept at the gates and canteen and suggestions can be dropped into it. On every third Thursday of the month, mass safety responsiveness (Safety Mann Ki Baat) is organised. Concerns can also be raised during safety theme meeting & morning safety pep talks.

d. Do the employees/workers of the entity have access to non-occupational medical and healthcare services? (Yes/No)

Yes

11. Details of safety related incidents, in the following format:

Employees

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

To maintain health & safety culture at workplace, following initiatives have been adopted/implemented:

- Daily safety talk is conducted at the entry gate for contractor people & safety personnel.
- Periodic refresher safety awareness 'Gyaan Sabha' is conducted for all employees.
- Safety rules are displayed across the facilities.
- Regular safety related sessions are undertaken by supervisors including monthly business partner safety meetings. Training on Emergency Preparedness is provided to employees, contractors and to security personnels.
- Implemented Energy Management System (ISO 50001) and 5S certification. The certification (5S) stands for Sort, Straighten, Shine, Standardise and Sustain that encompasses high quality housekeeping & physical environment at the workplace.
- Driver's road safety declaration during entering of new heavy vehicles.
- Audio visual safety induction in Odia, Hindi and English languages for new entrants.
- Water pond made for accidental acid splash at SAP plant.
- New committee constituted for monthly physical inspection of lifting tools and tackles
- Quantitative risk assessment of the industry.
- Recognition to a person in every month's Contribution to Safety Committee (CSC) to recognise an individual's efforts and contributions towards maintaining and improving safety.
- Accident prevention plan made by individual section heads and submitted to the Ministry of Labour, Govt. of Odisha.
- Addressable fire detection system such as optical smoke detectors, response indicators, hooter with flashers, etc. along with repeater panel installed at Navratna Building & emergency Control room.
- New road safety signage's (Cat eyes, median markers, delineators, spring posts, thermoplastic paints and reflectors on trees) installed inside the plant.
- Well maintained workplace model, 'AAINAA' initiated at SAP, CPP, WTP & Offsite plant.
- Adopted 7 industries as Safety Buddies.
- PPE's provided to workers to ensure safety and protection in the plant.
- Cooling vest provided to help support work in high temp/humidity area & confined space.
- Diphoterine solution provided to all sections for immediate assistance on the spot to manage an incident for instances when eyes/body part splashed by a chemical.
- Burn-free First aid kit and blankets provided to all sections.
- STK, GPS, satellite phone, communication earmuff and LED installed near entry gate for better awareness.
- Cross Functional Team constituted to find out the working condition of lifting tools, tackles, sling, wire ropes etc. inside the plant & kept in sheds.

- We have done Comprehensive Risk Assessment (CRA) in 2011 by M/S-DNV, Hyderabad & in 2012 by M/S Rams Safety Consultants, Chennai. Also, we have conducted gap assessment in Process Safety Management (PSM) in 2013 through partnering with Prism Consultancy, Chennai. As we are IMS Certified, we have the application of HIRA (Hazard identification & risk analysis) with control measures. Job safety analysis is carried out before initiating any critical work, going through process safety management audit (Prism consultancy, Chennai), Industrial Hygiene & Ergonomic Survey was conducted by inviting M/s. Arvind Industrial Hygiene Consultancy- Raipur in 2018 & external safety audit was carried out by M/S-NSC, Mumbai in 2016, 2018 & 2022. It is done as per BS-14489, Factories Act & MAH Rules-2001 rule-9 & OSHA CFR-29 and internal safety audit conducted by internal cross functional team, including CIG audit.
- All the new machines were subjected to HAZOP study, HIRA & job safety analysis before being put into the job. The proper SOP is followed. The OCP change management is followed. The concerned manager of the plant ensures safe usage of the new machinery.
- All Employees & Contract workers are taking part in Safety awareness programmes conducted regularly. In career advancement Safety is taken into account as KRA for the employees. If there will be incident, 10% of the total value will be deducted from annual pay. For awarding any contract, the previous record of the contractor is taken into consideration in relation to human safety.
- All the incidents (Near miss, First aid, minor, and reportable) are being reported including fire, and investigated thoroughly to find out the root cause and develop a corrective and preventive action plan. A specially trained cross functional team for conducting RCA is in place.

Other human rights related issued	Nil	Nil	-	Nil	Nil	-

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

In order to ensure a safe and inclusive work environment, the Company has formalised a Prevention of Sexual Harassment Policy. This includes a strict zero tolerance approach to any form of harassment at the workplace. As part of the policy, Internal Complaints Committee (ICC) has been instituted for redressal of sexual harassment complaint made by the victim and for ensuring time bound treatment of such complaints.

We also have a Whistleblower Policy in place to protect the complainant. The policy outlines the necessary safeguards to allow protected and confidential disclosures.

8. Do human rights requirements form part of your business agreements and contracts?

Yes

9. Assessment for the year:

Note - Internal & Statutory auditors conduct quarterly assessments. Government authorities (PF, ESI, and Central Inspection Coordination Group) conduct annual assessments.

10. Provide details of any corrective actions taken or underway to address significant risks/concerns arising from the assessments at Question 9 above.

Not applicable

LEADERSHIP INDICATORS

1. Details of a business process being modified/introduced as a result of addressing human rights grievances/complaints.

In 2022-23, we have not modified any business process as a result of addressing human rights grievances/complaints.

2. Details of the scope and coverage of any Human rights due diligence conducted.

No human rights due diligence was conducted in the reporting year.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements or the Rights of Persons with Disabilities Act, 2016?

Yes, our premises are designed to provide unhindered accessibility to differently abled persons.

4. Details on assessment of value chain partners

Not applicable

5. Provide details of any corrective actions taken or underway to address significant risks/concerns arising from the assessments at Question 4 above.

Not applicable

PRINCIPLE → 6 Businesses should respect and make efforts to protect and restore the environment

ESSENTIAL INDICATORS

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	2022-23	2021-22
 Total electricity consumption (A)	9,87,419.36 GJ	9,34,656.39 GJ
 Total fuel consumption (B)	86,15,250.87 GJ	83,84,938.93 GJ
 Energy consumption through other sources (C) - Steam	32,76,547.18 GJ	47,50,473 GJ
 Total energy consumption (A+B+C)	1,28,79,217.41 GJ	1,40,70,068.32 GJ
 Energy intensity per rupee of turnover (Total energy consumption/turnover in rupees)	96.54 GJ/ ₹ million	135.50 GJ/ ₹ million
 Energy intensity (Total energy consumption/metric tonnes of production)	3.53 GJ/Metric tonnes of production	4.33 GJ/Metric tonnes of production

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? Y/N If yes, name of the external agency

Yes, PPL has conducted Mandatory Energy Audit as a compliance under BEE PAT Cycle -2 in the month of September-2021 through M/s Green Flame Private Limited (Accredited Energy Audit Agency).

2. Does the entity have any sites/facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Yes, ammonia/urea facility identified as designated Consumer (DC) under PAT.

In PAT Cycle-1, energy saving targets were achieved.

In PAT Cycle-2, we are entitled to purchase 1926 no of ESCerts which are purchased from the Energy Exchange Platform.

In PAT Cycle-3 targets are not assigned to fertiliser industries (Urea units).

However, as part of the energy saving programme, we are implementing energy saving projects in two phases: the first phase will be implemented in 2023-24 and second phase will be implemented in 2024-25.

3. Provide details of the following disclosures related to water, in the following format:

Parameter	2022-23	2021-22
Water withdrawal by source (in kilolitres)		
(i) Surface (Municipality, lakes, rivers) water	10,139,745	10,540,352
(ii) Ground water	-	-
(iii) Third party water	-	-
(iv) Sea water/desalinated water	-	-
(v) Others	-	-
Total volume of water withdrawal (in kilolitres) (i+ii+iii+iv+v)	10,139,745	10,540,352
Total volume of water consumption (in kilolitres)	10,139,745	10,540,352
Water intensity per rupee of turnover (Water consumed/turnover in Million rupees)	76.01	101.51
Water intensity per rupee of turnover (Water consumed/metric tonne of product)	2.78	3.24

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

No, we have not carried out any independent assessment by an external agency.

4. Has the entity implemented a mechanism for Zero Liquid Discharge (ZLD)? If yes, provide details of its coverage and implementation.

Yes, we have established Zero Liquid Discharge mechanisms, achieved by a closed-loop water cycle and various recycling routes. To treat wastewater, both manufacturing plants have ETP and STP installed. Treated wastewater is re-used to reduce freshwater use. Installation of a reverse osmosis (RO) plant to treat Cooling Tower Blow-down streams lowered freshwater use even further. The permeate is re-used as cooling tower make-up, while the discarded is utilised as process water at our manufacturing facilities.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Unit	2022-23	2021-22
NOx	MT	438.75	380.95
SOx	MT	1,259.93	1,137.78
Particulate matter (PM)	MT	483.484	427.635
Persistent organic pollutants (POP)	MT	NA	NA
Volatile organic compounds (VOC)	MT	NA	NA
Hazardous air pollutants (HAP)	MT	NA	NA
Others	MT	11.56	7.83

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency - No

6. Provide details of greenhouse gas emission (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	2022-23	2021-22
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₂ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ eq.	4,45,229.22	4,25,708.92
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ eq.	41,786.97	22,744.25
Total Scope 1 and Scope 2 emissions per rupee of turnover	Metric tonnes of CO ₂ eq./₹ Million rupees	3.65	4.32
Total Scope 1 and Scope 2 emission intensity (per Metric tonne of production)	Metric tonnes of CO ₂ eq./ Metric tonnes of production	0.21	0.34

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.- **No**

7. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Paradeep Phosphates is committed to continuously improving energy efficiency and reducing the carbon footprint of our operations.

We have undertaken various projects for reducing GHG emissions:

- Installation of captive solar plant
- Installation of waste heat recovery system for steam and electricity generation
- Installation of energy-efficient motors
- Replacement of conventional luminaires with LED luminaires

8. Provide details related to waste management by the entity, in the following format:

Parameter	2022-23	2021-22
Total Waste generated (in metric tonnes)		
Plastic waste (A)	5,783.21	5,086.23
E-waste (B)	7.221	6.786

Total	14,78,660.34	14,75,544

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. -Yes

M/s SIMA LABS Private Limited, New Delhi

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Our approach to waste management is guided by the 4R principle of 'Reduce, Reuse, Recycle and Recover' for management of waste in a compliant and ecologically responsible manner. Across our operations, efforts are made to maximise the reuse of waste. Waste that cannot be reused is disposed of in line with regulatory requirements and statutory guidelines. Simultaneously, the Company is constantly working to reduce the generation of hazardous and non-hazardous waste at its manufacturing facilities.

- Sulphur muck – Sulphur muck generated from production of sulphuric acid is being used as filler in manufacturing of fertilisers. However, molten sulphur from IOCL is used to reduce generation of sulphur muck.
- ETP Sludge – ETP sludge is used as filler in the manufacturing of fertilisers. However, efforts are continued to reduce the effluent to ETP as well as reduction of ETP sludge.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals/clearances are required, please specify details in the following format:

We do not operate in ecologically sensitive areas.

11. Details of environmental impact assessment of projects undertaken by the entity based on applicable laws, in the current financial year:

We have not undertaken any environmental impact assessment in 2022-23.

12. Is the entity compliant with the applicable environmental law/regulations/guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliance, in the following format:

Yes, PPL is compliant with respect to the applicable environmental laws/ regulations/ guidelines in India such as: The Water (Prevention & Control of Pollution) Act, 1974; The Air (Prevention & Control of Pollution) Act, 1981; Noise Pollution (Regulations and Control) Rules 2000; Hazardous and other Wastes (Management and Trans-boundary Movement) Rules 2018; E-Waste (Management) Rules, 2016; Plastic Waste Management Rules, 2016; The Environment (Protection) Rules, 1986.

There have been no instances of non-compliance during the year.

LEADERSHIP INDICATORS

1. Provide break-up of the total energy consumed (in Joules or multiples) from renewable and non-renewable sources, in the following format:

Parameter	2022-23	2021-22
From renewable sources		
Total electricity consumption (A)	908.16 GJ	995.42 GJ
Total fuel consumption (B)	0	0

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? If yes, name of the external agency. **-No**

3. Water withdrawal, consumption, and discharge in areas of water stress (in kilolitres):

For each facility/plant located in areas of water stress, provide the following information:

We do not operate in any water-stressed areas.

4. Please provide details of total Scope 3 emissions & its intensity, in the following format:

We are presently in the process of accounting our Scope 3 emissions and results will be published in our ESG report for 2022-23.

5. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Not applicable

6. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions/effluent discharge/waste generated, please provide details of the same as well as outcome of such initiative, as per the following format:

Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative	Collective action taken, if any
Captive Solar Plant	We have installed a 255kW captive solar power plant at Paradeep manufacturing facility to increase the share of renewable energy in our energy mix.	Reduction in GHG emissions	Not applicable
Molten Sulphur (Steam saving)	We have collaborated with IOCL to procure sulphur in molten state instead of solid state. This eliminates the need of converting solid sulphur to molten sulphur at site	Reduction in GHG emissions: 41 tCO ² e annually	Not applicable
Waste Heat Recovery	We have installed a waste heat recovery system at Paradeep facility in sulphuric acid plants. On a daily basis, the waste heat recovery system generates power equivalent to 245 MW	Reduction in GHG emissions: 225,191 tCO ² e annually	Not applicable

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, we have an onsite emergency plan which outlines SOPs in case of various identified disasters to maintain business continuity and ensure personnel safety.

8. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

No adverse impact on the environment was observed in the reporting year.

9. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

NA

PRINCIPLE → 7 Businesses when engaged in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

ESSENTIAL INDICATORS

1. a. Number of affiliations with trade and industry chambers/associations.

We are associated with eight trade bodies/ associations

b. List the top 10 trade and industry chambers/associations (determined based on the total members of such a body) the entity is a member of/affiliated do.

Name of the trade and industry chambers/associations	Reach of trade and industry chambers/associations (State/National)
CII	National

2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities.

Not Applicable.

LEADERSHIP INDICATORS

1. Details of public policy positions advocated by the entity:

Not Applicable.

PRINCIPLE → 8 Businesses should promote inclusive growth and equitable development
ESSENTIAL INDICATORS
1. Details of Social Impact Assessment (SIA) of projects undertaken by the entity based on applicable laws.

Not Applicable.

The Company does not have a mandatory requirement of conduct SIA on its projects.

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:

Not Applicable.

3. Describe the mechanism to receive and redress grievances of the community.

We engage with the community through our NGO partners and in-person meetings. We hold special events to interact with farmers and suppliers to engage with them and redress their grievances.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

LEADERSHIP INDICATORS
1. Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessment (Reference: Question 1 of Essential Indicators above)

The Company is in process of conducting Social Impact assessments in 2023-24 on a voluntary basis.

2. Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies

The Company is in process of conducting CSR programmes in aspirational districts from FY24 onwards. The required information will be disclosed from next year onwards.

**3. (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalised/vulnerable groups? (Yes/No)
(b) From which marginalised/vulnerable groups do you procure?
(c) What percentage of total procurement (by value) does it constitute?**

The Company presently does not have a preferential procurement policy. The required information is presently not available.

4. Details of the benefits derived and shared from the intellectual properties owned or acquired by the entity, based on traditional knowledge:

Intellectual Property based on traditional knowledge	Owned/Acquired (Yes/No)	Benefit shared (Yes/No)	Basis of calculating benefit share
Patents	No	No	NA
Trademark	Owned (Jai Kisaan and Navratna)	No	NA
Copyrights	No	No	NA

5. Details of corrective actions taken underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.

Not Applicable.

6. Details of beneficiaries of CSR Projects:

CSR Project	No. of persons % benefited from CSR Projects	% of beneficiaries from vulnerable and marginalised groups
Livelihood And Skill Development	3,794	348
HealthCare and WaSH	39,932	747
Education	9,430	105
Rural Infrastructure Development	1,580	105
Women Empowerment	2,952	440

PRINCIPLE → 9 Businesses should engage with and provide value to their consumers in a responsible manner
ESSENTIAL INDICATORS
1. Describe the mechanism in place to receive and respond to consumer complaints and feedback.

The Company provides customer feedback contact details on all its fertiliser packs. Customers can reach out through phone numbers (06722-229400/600 for Paradeep and 0832-2592673 for Goa) or via email (customerareppl@adventz.com and customercare@adventz.com). Dedicated compliance officers at the Paradeep and Goa sites are responsible for addressing these queries promptly.

2. Turnover of products and/services as a percentage of turnover from all products/service that carry information about:
As a percentage to total turnover

Environmental and social parameters relevant to the product	100% of the Company's bags carry EPR Registration number
Safe and responsible usage	PPL's teams across all its marketing territories organise farmer meetings regularly to apprise them about soil health awareness and balanced use of fertilisers
Recycling and/or safe disposal	During these meetings, the farmers are also apprised about safe disposal of fertiliser bags after use

3. Number of consumer complaints in respect of the following:

Customer feedback regarding fertiliser quality/availability, received through the e-mail IDs: customerareppl@adventz.com and customercare@adventz.com, is addressed by respective regional teams.

To raise any concern regarding I.T./cybersecurity, an individual can do so by sending an email to dpmohanty@adventz.com

4. Details of instances or product recalls on account of safety issues:

PPL deals in fertilisers for improving soil fertility. By nature, fertilisers are non-hazardous and there are no safety issues involved in their handling. Also, as fertilisers do not have any expiry date, recall is not required.

5. Does the entity have a framework/policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

Yes.

The Company ensures highest standards of data privacy and cybersecurity as detailed in its Information Security Management System (ISMS) policy. Also, the Company's Information Management System is ISO 27001:2013 certified and provides for a strong system of checks and balances to protect sensitive information. To raise any concern regarding I.T./cybersecurity an individual can do so by sending an email on dpmohanty@adventz.com

It also has a publicly available privacy policy that provides information to how personal information is collected, processed and protected.

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty/action taken by regulatory authorities on safety of products/services.

So far as the product advertising is concerned, the declarations in product communication are based on nutrient content as per FCO (fertiliser control order) guidelines and product benefits. There have been no instances of issues related to advertising.

LEADERSHIP INDICATORS

1. Channels/platforms where information on products and services of the entity can be accessed (provide web link, if available).

Information on products and services can be accessed at the Company's weblink:

<https://www.paradeepphosphates.com/brands-and-products>

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

During farmer meetings, they are apprised about soil health and balanced use of fertilisers for better yield.

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

PPL's marketing teams and channel partners try to maintain the availability of key fertilisers throughout the year, particularly during the main seasons – Kharif and rabi as fertilisers are part of essential commodities. Even during the Covid-19 pandemic, the regular supply of fertilisers was ensured, supported well by the Department of Fertilisers, Govt of India.

4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products/services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

All the declarations on the Company's packaging are based on the Fertiliser Control Order and Legal Metrology guidelines.

5. Provide the following information relating to data breaches:

- Number of instances of data breaches along with impact - None
- Percentage of data breaches involving personally identifiable information of customers - Zero (0 %)

MANAGEMENT DISCUSSION AND ANALYSIS

Global Economy

Despite the significant challenges (especially inflationary) faced by the global economy in the aftermath of the Covid-19 pandemic and the Russia-Ukraine conflict, there are positive signs of progress. Most central banks implemented a synchronised and substantial tightening of monetary policy. Such a move helped in reducing the inflationary pressures exacerbated by the war. This was evident through the cooldown of prices across energy, food and commodity and diminishing supply shortages, which had escalated earlier. Although food prices have not fully returned to normal levels, they have declined since their peak in early CY 2022. Moreover, dislocations in energy and food markets caused by the conflict are gradually dissipating, providing hope for a brighter economic outlook. In addition, supply chain disruptions have started normalising with the opening up of China's economy.

While advanced economies experienced a growth rate of 2.7% in 2022, Emerging Markets and Developing Economies registered a growth of 4%. Moving forward as the economies come out of the disruptions there is a need for multilateral cooperation to help defuse geopolitical tensions and respond to the challenges of an interconnected world. It will help in safeguarding the functioning of global financial markets, manage debt distress, foster global trade and reinforce the multilateral trading system. This will ensure food and energy security, advance the green and digital transitions, and improve resilience to future pandemics.

Indian Economy

According to the International Monetary Fund (IMF), India is expected to maintain its position as a favourable contributor to the global economic expansion. Despite global uncertainties, India's economy has shown greater resilience, with high-frequency economic indicators such as GST collections, E-way bill generation, services PMI, and retail credit growth, pointing towards the healthy consumption demand. The RBI's recurring interest rates hikes since May 2022 to bring inflation under control have further supported the economy in its recovery. However, in April 2023, the central bank paused the rate hikes to assess the impact of the previous hikes.

Riding on this positivity, the economy has grown by 7% in 2022-23. The Government's decision to ease Covid-induced restrictions has resulted in an increase in both manufacturing and financial activities. This eventually helped bolster consumer confidence, resulting in increased private consumption. Additionally, the Government's thrust on becoming a global manufacturing hub is evident through its increased focus on manufacturing schemes. Its

'Make in is now focussing on 27 sectors, which include 15 manufacturing and 12 service sectors, including furniture, agri-products, textiles, robotics, televisions, and aluminium. As a result of these initiatives, India is reaping the benefits of new partnerships with other countries as they seek to secure their supply chains by establishing manufacturing plants in India.

Such initiatives are also visible in India's agriculture as the Economic Survey 2022-23 points out that the Indian agriculture sector has been growing at an average annual growth rate of 4.6% during the last six years. This period of buoyant performance could be attributed to the measures taken by the Government to promote farmer-producer organisations, encourage crop diversification, and improve productivity in agriculture through support provided for mechanisation. Furthermore, the creation of the Agriculture Infrastructure Fund is a remarkable initiative that is helping to unlock the growth potential of Indian agriculture. These initiatives resulted in total food grain production recording around 3,235.54 Lakhs tonnes in 2022-23, which is higher by 79.38 Lakhs tonnes as compared to the previous year 2021-22.

Outlook

India's economy is expected to continue its upward trajectory in 2023, with a projected growth rate of 6.5% and an inflation rate of 5.2% as per RBI. Structural reforms and policies aimed at promoting investment and productivity, along with an expanding and youthful workforce, provide India with strong prospects for sustained growth, positioning it well to become a leading economy in the coming years. The Government's focus on fostering entrepreneurship and innovation, combined with a thriving start-up ecosystem and a growing digital economy, further drives growth and creates new opportunities. The Government's increased spending on infrastructure projects, including initiatives, such as Product Linked Incentive Scheme and PM Gati Shakti, has helped boost economic activity, with further acceleration expected in the future. Overall, India's economy appears to have a bright future in 2023 and beyond.

World Agriculture Overview

The global crop production market was worth USD 5,272.20 Billion in 2022. The global crop production market grew from USD 3843.33 Billion in 2017 to USD 3,843.33 Billion in 2022, registering a compound annual growth rate (CAGR) of 6.53%.

The demand for food is influenced by a number of factors, including population growth, demographic changes, income growth, income distribution, and food prices. It is projected

that the world population will increase from 8 Billion in 2022 to 8.5 Billion in 2030, driving up the demand for food. Low and middle-income countries are expected to lead this surge as they are characterised by high population growth rates.

In contrast, high-income countries are expected to experience slower population growth and a saturation in the per capita consumption of some food groups. The continuous increase in energy and agricultural input prices, such as fertilisers, may raise cost of agricultural production and constrain productivity and output growth in the coming years. Despite these challenges, world demand for agricultural commodities, including for non-food uses, is projected to rise. Moving ahead, governments are also implementing policies to support agriculture, including subsidies and infrastructure development. However, natural disasters, economic conditions, and political developments could impact the growth rate.

Commodity Prices

Crude Oil

According to the World Economic Outlook published by the IMF, crude oil prices retreated by 15.7% between August 2022 and February 2023 as the slowing global economy weakened demand.

In 2022, China experienced its first annual decline in oil consumption as a result of Covid-19 shutdowns and a weakening real estate market, which raised concerns about demand. Meanwhile, uncertainty surrounding Western sanctions on Russian crude oil exports affected global

reduced production targets by OPEC+ supported sufficient oil supply. Futures markets predict a significant 24.1% decrease in crude oil prices for 2023 and anticipate further declines in the subsequent years. However, price uncertainty persists due to factors such as China's economic rebound and the ongoing energy transition. Upside price risks include potential supply disruptions and insufficient investment,

while downside risks relate to the possibility of a global economic relapse.

Phosphate

The phosphate market in 2022 saw significant fluctuations, starting with phosphoric acid prices reaching an all-time high of over USD 1,700 per metric tonne (MT) in the first half of year 2022-23. Prices started to normalise in the latter half of the year, ending lower than the initial point. This upward trend was driven by concerns surrounding grain and fertiliser exports from Russia and Ukraine. The market faced additional challenges when China implemented export suspensions until June 2022, aiming to secure sufficient domestic supply. As a result, Chinese fertiliser exports experienced a sharp decline in 2022 due to trade barriers imposed by the government.

Muriate of Potash

Muriate of Potash (MOP) prices fluctuated significantly, reaching a peak of USD 562 per metric tonne in

March 2022. Canada remained the top potash producer with 14 Million metric tonnes, while Russia and Belarus produced a combined 17 Million metric tonne. Potash demand weakened due to high prices, limiting the advantage for Canadian producers. Belarus experienced a decline of over 50% in potash exports due to transit restrictions via EU territory.

Agricultural Prices

During January 2023 to April 2023, food inflation was experienced by numerous low- and middle-income countries, with inflation greater than 5% in 70.6% of low-income countries, 81.4% of lower-middle-income countries, and 84.0% of upper-middle-income countries. Additionally, a considerable number of these nations faced double-digit inflation in their food prices. High income countries too faced elevated food price inflation as 80.4% of them experienced it. The most-affected countries are in Africa, North America, Latin America, South Asia, Europe, and Central Asia.

When comparing food price inflation to overall inflation, as measured by the year-on-year change in the Consumer Price Index (CPI), it is evident that food prices rose at a faster pace. This trend held true in 84.5% of the 161 countries analysed, indicating that food price inflation outpaced general inflation.

With estimates from International Research Institute for Climate and Society in May 2023, suggesting an 82% likelihood of El Niño conditions from May 2023 to July 2023, could further drive-up prices of agriculture.

Global Fertiliser Prices

The fertiliser price index of the World Bank experienced a decrease of almost 8% in the third quarter of 2022, when compared to the previous quarter. However, the prices still remain high in historical terms, mainly due to the reduction in supplies following Russia-Ukraine conflict. The price normalisation is happening due re-starting of production facilities around the world leading to a healthier supply of raw materials. The index is expected to decrease further by 12% in 2023, as supply disruptions gradually ease after a projected increase of 66% in 2022. But there are some risks to this outlook, including higher input costs, additional sanctions on Belarus and Russia, and extended export restrictions by China.

The prices of nitrogen (urea) decreased by 20% in the third quarter of 2022, after reaching an all-time high in April. This was mainly due to the reassessment of fertiliser

affordability by buyers, amid record-high natural gas prices in Europe. The steep increase in input costs, especially that of ammonia, and rising production costs have reduced European nitrogen production capacity by at least half. Also, China extended export restrictions on urea fertilisers until the end of 2022, resulting in a 60% year-on-year decrease in its urea exports during the first eight months of 2022. Nevertheless, a significant increase in new capacity is expected outside Europe and Russia within the next two years, which will eventually restore global supplies. Some fertiliser plants were commissioned earlier this year in countries like Brunei and Nigeria but have yet to reach full capacity. Furthermore, six new plants in India, each with a capacity of 1.3 Million metric tonne (mmt), are anticipated to commence operations between 2023 and 2025.

The decrease in urea prices is expected to be 10% in 2023, and a further 8% in 2024 as new capacity comes online.

DAP (diammonium phosphate) prices decreased by 11% in the third quarter of 2022, after recording large gains earlier in the year. Some countries have also experienced strong phosphate demand, including Brazil and India, which could begin to weigh on global demand. Furthermore, export restrictions by China, which account for 30% of global trade in DAP, have had a material effect on supply. Owing to the restrictions, China's DAP exports fell 50% year-on-year, during the first ten months of 2022. Following an expected increase of 32% in 2022, DAP prices are projected to fall modestly in 2023 and 2024.

MOP (muriate of potash, or potassium chloride) contract benchmark prices remained unchanged in the third quarter of 2022, following a large jump in contract prices between

producers and Chinese and Indian buyers in February same year. However, spot prices retreated from their April highs due to lacklustre demand, mainly in North America. The market remains tight due to reduced supply from Belarus and Russia, which account for about two-fifths of global potash exports, as a result of sanctions related to the war in Ukraine. Belarusian fertiliser exports are blocked from global markets, whereas exports from Russian ports have been limited due to logistical issues, even though the Russian fertiliser industry has not been subject to sanctions. Potash prices are predicted to remain high in 2023 and 2024. This follows an estimated increase of 150% in 2022, as MOP production is highly concentrated in a few countries, including Belarus, Canada, China, Israel, and Russia. As per estimate, these countries account for 85% of global production, and supplies from smaller markets are not likely to make up for the shortfall in the short-term.

Countering Global Fertiliser Crisis

China implemented a second round of quotas in July 2022, limiting phosphate exports to 3.16 Million tonnes. This round imposed a lower limit compared to the first round in October 2021, which restricted exports to 5.5 Million tonnes. The decision was made in response to soaring prices of raw materials and the need to address high fertiliser prices caused by factors like strong overseas demand, low domestic production, high energy costs, and the impact of floods in Henan province. Albeit, China was able to export DAP and urea to buyers like India and Pakistan in 2022.

MANAGEMENT DISCUSSION AND ANALYSIS

In May 2022, India entered into a Memorandum of Understanding (MOU) with the Jordan Phosphate Mining Company (JPMC) to secure the supply of essential fertilisers for the year 2022. The agreement includes the delivery of 30 LMT of rock phosphate, 2.50 LMT of DAP, and 1 LMT of phosphoric acid. Furthermore, India has also signed a long-term MOU with Jordan, spanning five years, for the annual supply of 2.75 LMT of MoP. The agreement includes a uniform increase in supply every year, which will reach up to 3.25 LMT by the end of the agreement.

In January 2023, OCP, the Moroccan producer of phosphates and fertilisers, entered into an agreement to supply India with 1.7 Million tonnes of phosphate-based fertilisers during the year. As per the terms of the deal, OCP is set to provide India with 700,000 tonnes of triple super phosphate (TSP), a nitrogen-free fertiliser, along with 1 Million tonnes of diammonium phosphate (DAP). Notably, Morocco, which boasts the world's largest reserves of phosphates, recorded a significant increase of 54.8% in exports of the mineral and its derivatives, including fertilisers, amounting to 108 Billion dirhams (USD 10.6 Billion) in the first 11 months of 2022.

Indian Agriculture

India's agriculture sector has made remarkable progress in recent years, with the country achieving record-high production of several crops, including rice, wheat, maize, pulses, mustard, sugarcane, and oilseeds. This achievement has been made possible with contributions from top crop-producing states, including Uttar Pradesh, Punjab, West Bengal, Gujarat, Haryana, Madhya Pradesh, Assam, Andhra Pradesh, Karnataka, and Chhattisgarh. India is the largest producer of spices, pulses, milk, tea, cashew, and jute, and the second-largest producer of wheat, rice, fruits and vegetables, sugarcane, cotton, and oilseeds, with over 50% of the population depending on agriculture for their livelihood.

Financial support from the Government in the form of subsidies has played a critical role in promoting the growth of the agriculture sector. The amount of subsidies has seen a remarkable increase from the pre-pandemic year of 2019-20 when it totalled USD 10 Billion, to an impressive USD 27 Billion in 2022-23.

In addition, India's agriculture exports have witnessed significant growth, reaching a record-high of USD 50.2 Billion in 2021-22. This growth highlights India's potential as a major player in the global agriculture market and contributes to the country's overall economic development. Moreover, the sector is projected to grow by 3.5% in 2022-23, reflecting India's commitment to sustainable agricultural practices and modernisation of the sector.

Overall, India's impressive achievements in the field of agriculture are a testament to its capacity to emerge as a significant force in this sector. This can contribute to the country's economic growth and development, while also helping to address global food security challenges.

Government Initiative (Budget Highlights)

The agriculture sector is of utmost importance to India's food security, as it accounts for 15% of the country's GDP, with 50% of the population engaged in agricultural activities. The Government has implemented initiatives to boost agriculture in India. The Union Budget 2023-24 has increased funding for agriculture, with the Ministry of Agriculture and Farmers Welfare receiving ₹ 1.25 Lakh Crores for various schemes.

The Government has taken the following initiatives for the agricultural sector:

- The Digital Agriculture Mission, initiated by the Central Government, will be provided with ₹ 450 Crores
- About ₹ 600 Crores will be allotted for promoting the agriculture sector through technology
- The Pradhan Mantri Garib Kalyan Yojana will be extended for another year. This scheme was originally introduced to provide free rations to 80 Crores people during the Covid-19 pandemic
- The budgetary allocation for the development of the horticulture sector has been increased to ₹ 2,200 Crores
- The Union Government has increased the budget to ₹ 1,623 Crores to address food and nutritional security
- An allocation of ₹ 459 Crores has been made to promote 'Natural Farming', which aims to support 1 Crore farmers in the next 3 years and establish 10,000 bio-input research centres across India
- The Agriculture Accelerator Fund has been formulated with an allocation of ₹ 500 Crores over 5 years to promote agri-startups led by young entrepreneurs
- 'Aatmanirbhar Krishi' and 'Aatmanirbhar Bharat' initiatives are meant to ensure the food and nutritional security of the nation, under which nano urea has been developed indigenously

Management Discussion and Analysis (Contd.)

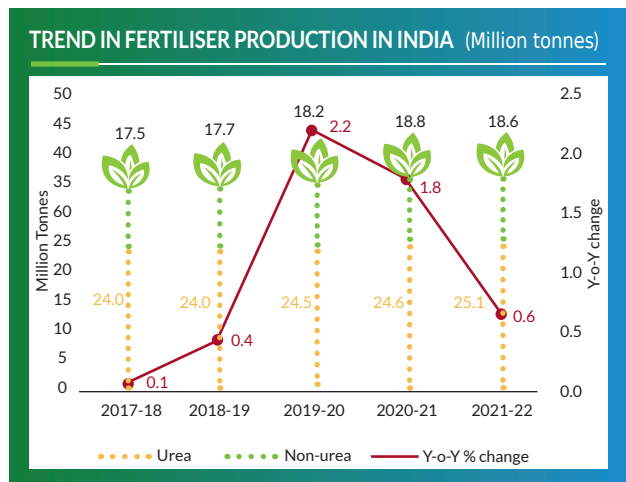

- The PM-KISAN scheme is set to receive an allocation of ₹ 60,000 Crores for 2023-24
- ‘Sahkar se Samridhhi’ and ‘Atmanirbhar Bharat’ aim to increase farmers’ income and provide them with a better future, thus benefitting the agriculture sector greatly

Indian Fertiliser Market

The fertiliser sector is a crucial component of India’s agrarian economy. Globally, India is the third-largest producer and second-largest consumer of fertilisers. During the six-year period 2017-18 to 2021-22, fertilisers output in India increased at a CAGR of 4.13% from 41.5 Million metric tonne (mmt) in 2017-18 to 47.7 Million tonnes in 2022-23. With a rapidly growing population and increasing food demand, the use of fertilisers is imperative to boost crop productivity per hectare. This is especially crucial, given the shrinking availability of arable land due to swift urbanisation.

MANAGEMENT DISCUSSION AND ANALYSIS

To tackle the challenges of low productivity and quality of agricultural output, the Indian Government has provided subsidies, aimed at incentivising farmers to increase consumption of fertilisers. The fertiliser industry in India has great potential for growth, as historical data has shown strong momentum in fertiliser consumption. Moreover, the disparities in fertiliser usage among different states in India present an excellent opportunity to address this gap, and further increase fertiliser usage, leading to even greater growth and success for the industry.

Fertiliser Imports by India

India's imports of fertilisers during year 2022-23 was led by urea with 75.8 Lakhs metric tonne. Followed by DAP at 65.83 Lakhs metric tonne and MOP at 18.6 Lakhs metric tonne. Urea imports over the years have increased, while peaking in the year 2019-20 after which they have been subsiding. Imports of DAP have been range bound between 42.17 Lakhs metric tonne to 66.02 Lakhs metric tonne. While the imports of MOP have witnessed a decline over the years.

Import Prices of Raw Materials and DAP for India

The 2022-23 period witnessed a significant surge in international fertiliser and raw material prices. This growth in prices can be attributed to supply disruptions and logistical challenges. Phosphoric acid recorded an average price of USD 1,415 per tonne, indicating a growth rate of 16.3%. Ammonia, on the other hand, was priced at USD 1,160.3 per tonne, exhibiting a substantial growth rate of 64.6%. DAP (CFR) experienced a minor growth of 0.32% with a price of USD 741 per tonne, while urea saw a decrease of 8.75% with a price of USD 646.67 per tonne. MOP (CFR) witnessed a remarkable growth rate of 110.71%, priced at USD 590 per tonne. Sulphur, however, faced a decline of 40.8% with a price of USD 152.67 per tonne. Rock phosphate (CFR) showed strong growth of 107.6% with a price of USD 299 per tonne. Overall, international prices experienced a growth ranging from 20% to 120% during this period.

Due to India's heavy reliance on fertiliser imports to meet its needs, domestic fertiliser prices are closely linked to global prices. Consequently, to prevent farmers from bearing the brunt of price hikes and to avoid disruption in agricultural production, the Government offers subsidies on fertilisers to farmers through manufacturers. The fertiliser sector is also being impacted by the surge in natural gas prices caused by the Russia-Ukraine crisis, as natural gas is a critical raw material for the sector.

Company Overview

Paradeep Phosphates Limited (referred to as 'Paradeep Phosphates' or 'PPL' or 'The Company') is the second-largest privately-owned phosphatic company in India, boasting a robust capacity of 3 Million Metric Tons per annum for producing finished fertilisers such as NPK, DAP, and urea. Originally established as a joint venture between the Government of India and the Republic of Nauru, the Company later became a public sector enterprise in 1993. In 2002, the Government of India divested close to 80% of its stake in PPL in favour of Zuari Maroc Phosphates Private Limited. In May 2022, PPL completed its initial public offering (IPO) in which the Government of India divested its residual stake of 19.55% and the Company used part of the proceeds to acquire the 1.2 Million MT fertiliser plant in Goa. Post IPO, Zuari Maroc Phosphates Private Limited holds a 56.10% stake in PPL.

Paradeep Phosphates has its manufacturing units in Paradeep, Odisha, and Zuarinagar, Goa that are strategically located near the ports and cater to the heavier phosphatic fertiliser consuming states of India. With its cutting-edge technology and world-class infrastructure, the Company is committed to deliver high-quality fertilisers that help farmers achieve optimal yields and enhance agricultural productivity. PPL sources its raw materials globally and sells finished fertilisers under the brand names 'Jai Kisaan' and 'Navratna' to over 8 Million farmers across 15 states in India.

Performance Highlights in 2022-23

PAT (₹ Million)	3,037	3,978

The revenue from operations in 2022-23 were ₹ 133,407 Million showcasing a jump of 69.76% from the year 2021-22. The total output of fertiliser in 2022-23 was 2,032,516 Million metric tonne showcasing a jump of 63% as compared to the previous year.

The Profit Before Tax in 2022-23 was reduced by 20.34% to ₹ 4,257 Million as compared to the previous year. The Profit After Tax too reduced by 23.66% as compared to the previous to ₹ 3,037 Million. This reduction was primarily due to changes in subsidy rates in fourth quarter of the year 2022-23.

In terms of the product mix, DAP comprised approximately 33.93% of the manufactured portfolio of PPL in 2022-23.

Management Discussion and Analysis (Contd.)

Outlook

Fertilisers have been a crucial factor in the success of India's green revolution and subsequent self-sufficiency in food-grain production. The increased use of fertilisers has made a significant contribution to sustainable food-grain production in the country.

The agriculture sector has been a bright spot for the Indian economy, and the demand for fertilisers is expected to remain strong due to higher Minimum Support Prices (MSP) for kharif and rabi crops in the marketing season of 2022-23. Furthermore, the continued upfront subsidy support for fertilisers, including urea and nutrient-based subsidies, worth ₹ 1.75 Lakh Crores for the year 2023-24, is likely to boost the fertilisers industry and the agriculture sector. In addition, it is also set to take care of the surge in input commodity prices.

Moreover, the continuation of the Nutrient-Based Subsidy (NBS) amounting to ₹ 51,875 Crores for the rabi season of 2022 (from October 01, 2022 to March 31, 2023) was aimed to sustain the momentum of the fertilisers industry and agriculture sector, while protecting farmers from the cost burden of input commodities. The direct payment of MSP to farmers are expected to enhance their credit availability, leading to increased fertiliser demand, and encourage the use of complex and organic fertilisers.

With the capacity expansion to 3 MMTPA and the backward brownfield integration undertaken to expand the capacity of phosphoric and sulphuric acids, PPL foresees the benefits of operating at a large scale. The Company looks to leverage growth by expanding the product portfolio, penetrating new markets, and deepening the existing markets.

Opportunities

The non-urea fertiliser sector in India presents promising growth prospects, driven by the imbalanced use of urea (Nitrogen) among farmers, resulting in disruptions to the soil's NPK balance. The ideal NPK mix for optimal soil health and crop growth is 4:2:1, whereas the current ratio in

2019-20 was 6.6:2.7:1.0. Through Government initiatives to enhance awareness about soil fertility and promote the use of fertiliser mixtures, the NPK mix is expected to improve to 5.8:2.6:1.0 by 2025-26. This creates a favourable opportunity for non-urea fertilisers to capitalise on this trend. With its strategic positioning, Paradeep Phosphates is well-equipped to leverage the increasing adoption of phosphatic fertilisers.

Threats

The non-urea fertiliser sector in India has been encountering several challenges. Firstly, there is a lack of awareness among farmers regarding the benefits of non-urea fertilisers, which impedes their adoption rate. In addition, fluctuations in the prices of raw materials used in the production of non-urea fertilisers can affect their profitability. Moreover, the sector is heavily regulated by the Government, and any changes in regulations can impact its growth and viability. The depreciation of the Rupee may also increase the import bill of fertiliser manufacturers, further adding to their costs. The fertiliser sector still relies on subsidies from the Government, and any delay in their disbursement can affect the manufacturers. Hence, addressing these challenges is crucial to sustain the growth and contribution of the non-urea fertiliser sector to the agriculture industry in India.

Risk and Mitigations

While the products of PPL provide numerous benefits to various industries, handling, storing, and transporting these chemicals can pose several risks. These risks need to be identified and mitigated to ensure the safety of its workers, the public, and the environment. In this context, it is essential to develop a comprehensive risk management plan, which outlines potential hazards and their respective mitigation strategies. This will help to minimise the risk of accidents and ensure the safe and responsible use of the Company's products. The following sections discuss some of the potential risks associated with Paradeep Phosphate and their corresponding mitigation strategies.

MANAGEMENT DISCUSSION AND ANALYSIS

Sl No	Risks	Description of the Risk	Risk Probability (High/Medium/Low)	Risk Impact (High/Medium/Low)	Risk Mitigation
1.	Strategic Risks				
	Business Model	The business model encompasses the entire value chain of a company and how it manages and generates value for each of its stakeholders.	High	High	PPL's integrated business model includes backward integration, R&D for diversified products, strategic plant locations, and strong partnerships with channels and farms for better value chain control.
	Macro-Economic	Factors, such as global and local demand and supply, inflationary trends, a country's economic growth, and per capita income can impact business operations.	Medium/Low	High/Medium	PPL's agile management processes enable it to adjust strategies and operations, based on macro-economic conditions, including both financial and operational aspects, whether favourable or unfavourable.
	Policy/Regulatory	Government policies on agriculture and subsidies for agri-inputs can impact business operations.	High/Medium	Medium/Low	PPL closely monitors the regulatory environment, applicable to the industry and maintains financial and operational flexibility to minimise the impact of unfavourable regulatory policies.
	Market Competition	Risk-related to competition from peer group companies.	High/Medium	High/Medium	PPL mitigates this risk by leveraging its position as a leading fertiliser manufacturer, ranked second in phosphatic product production in the country. Its 'Jai Kisaan' and 'Navratna' brands have strong brand equity among farmers, Jai Kissan Navratna dealers, and retailers.
2.	Climate & Climate Change Risks				
	Monsoon and Climate Change	Changing weather patterns can hurt agri-input sales.	Medium	High	PPL mitigates this risk by expanding its network in 15 states. Thus, reducing the impact of climatic risk with exposure to different conditions.
3.	Financial Risks				
	Interest Rate Risk	Rising interest rates can limit borrowing options and affect profit margins.	Medium/Low	High	PPL mitigates this risk through lowering costs by paying off long-term debts and maintaining a healthy debt-to-equity ratio.
	Credit Risk		High/Medium	High	PPL assesses creditworthiness, sets limits, monitors collections, manages subsidies, and has an internal system for managing LCs.
	Liquidity Risk		High/Medium	High	PPL maintains a healthy revenue growth and cash flow to mitigate this risk.
4.	Operational Risk				
	Location Risk	Limited locations for production, distribution, and sourcing pose a risk.	Medium/Low	High	PPL acquired Goa plant, expanded its production capabilities to two units, and reduced location risk.

Total Comprehensive Income stood at ₹ 304.38 Crores for the year ended 31st March 2023 compared to ₹ 397.38 Crores for the previous year.

During the financial year your company has added significant capacities through organic as well as inorganic route. This includes completion of revamp of four granulation trains at Paradeep site resulting in a daily average production run-rate of 5000 MT December 2022 onwards, thereby meeting the revamp targets and also completion of the acquisition of the Goa plant which has in turn added 1.2 Million MT to our overall capacity

4. Capital Project

At Paradeep Plant

- Installation of new Ship unloader at PPL Jetty, Paradeep which is ease for operation and maintenance, environment friendly as dust free and provide for fast unloading. The Erection of the installation started in January 2023 and expected to complete by end of May 2023.
- The Company Completed one of its prestigious expansion project - revamp of the four granulation (DAP/NPK) trains (A, B, C & D) at its Paradeep Unit with object to improve production throughput, improve product quality, and reduce emissions.

Following successful commissioning, production from each train is ramped-up to the optimal level and, following the revamp, daily production volumes combining all four trains exceed 5000 MTPD on a consistent basis, with a product mix of DAP & NP20. Company recorded the highest daily and monthly production volumes during the month of December 22 as a result of production ramp-up, and is preparing to achieve new highs of 150,000 MT monthly & 1.8 Million MT annual production volumes in the next few months and years.

As a result of the revamp, granulometry (between 2 and 4 mm, an average of 90%) as well as the environmental standards (ammonia emissions of 50 mg/NM3 and fluorine emissions of 5 mg/NM3) have both been improved. As a result of improved product quality following the revamp, Company's brand image will be further enhanced on the market. Company's top and bottom lines will increase significantly in the coming years due to the addition of 25% production volume resulting from an increase in production rate through revamp

- The setting up of a new Phosphoric acid Plant was awarded to M/s Thyssenkrupp Industrial Solution India Private Limited/ Prayon (Belgium) to increase our Phosphoric acid annual production by 120,000 MT. The Expected commissioning by July' 23. Further the installation of 4th Evaporator of capacity 350 TPD is under pre-commissioning which will increase annual production of strong Phosphoric acid by 116,000 MT.

- To support the above project with LP steam, power and sulphuric acid the Company is in process of setting up of up of 1500 TPD Sulphuric acid plant along with a 23 MW power plant. The Company has obtained the environment Clearances for project and expected completion by 2025.

At Goa Plant

- In order to comply with the revised energy norms set forth in NUP-2015 Policy notified by Department of Fertilizers, Government of India, the Company had conceptualised an Energy Savings Project (ESP) with target Specific Energy Consumption of Urea at 6.1GCal/MT.

Accordingly, the services of M/s CASALE were engaged to carry out the Process Design Package (PDP) for the ESP schemes and their integration. The PDP package has been developed to bring down the Urea Energy to 6.1 GCal/MT.

The retrofit of the Ammonia Converter and installation of the downstream Synthesis Loop Boiler (Phase I) shall be executed in Nov-Dec 2023 and will bring the Urea Energy to 6.4Gcal. MT. The balance interventions (Phase II) as per the PDP shall be executed in May 2025.

In order to further bring down the Urea energy, a new Gas Turbine based Cogeneration plant has been conceptualised to replace the existing Steam Turbine based Cogeneration plant. This will help bring down the Urea Energy to 5.8GCal/MT. This modification shall be executed in May 2025 along with Ammonia plant Phase II modification proposed by Casale in the PDP.

- In addition, a new 5000MT Atmospheric Ammonia Storage tank is proposed to be installed in the plant which would in time, replace the existing Horton Spheres in the plant.
- A new 350 MTPD Sulphuric Acid plant is being conceptualised which would enable PPL – Goa Unit to produce high NPS grades (such as 20-20-0-13) as well as provide Power and thereby reduce the dependency on the Power Grid. We would also be able to cater to Sulphuric Acid requirements in the nearby markets.
- The existing material storage facilities are being augmented to facilitate larger storage for Phosphoric Acid, Potash and filler material. This will help in obtaining larger parcel of imports as well as provide adequate buffer for continuous production.

- As a part of ESG, Solar power shall be generated from the roof-top of the Administration building as well as from a floating Solar power plant over the dam water reservoir located near the factory. The floating power plant will also help reduce the evaporation losses.
- Other infrastructure like renovation of the administration building, a new factory Gate and new Colony for employees is being conceptualised.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31st MARCH, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members

Paradeep Phosphates Ltd.
5th Floor, Orissa State Handloom Weavers'
Co-Operative Building, Pandit J.N Marg
Bhubaneswar, Odisha-751001.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **PARADEEP PHOSPHATES LIMITED** (hereinafter called '**the Company**') bearing **CIN L24129OR1981PLC001020**. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31 March, 2023, complied with the applicable statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance- mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31st March, 2023** according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;

ANNEXURE- F TO THE BOARD'S REPORT

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

(A) Conservation of Energy

Paradeep Plant

(i) The steps taken or impact on conservation of energy

- SAP-A& B cooling tower pump replacement & commissioning: Out of four pumps one pump (D) replaced with a new cooling water pump with low capacity (2400 cum/hr. vs. 3700 cum/hr.) is installed to meet the present requirement and to get the savings in terms of power consumption. Yearly power saving estimated based on 330 days operation will be around 950 MW. Proposal for replacement of 2nd pump is in progress.
- Power consumption from solar source (by installed 255 kW solar panel) is 270562 kWh in 2022-23.
- Common condensate recovery system development for Ammonia vaporizer steam is initiated at DAP plant, implementation is in progress.
- Upgradation of old motors to Energy Efficient motors of IE3 grade is continued in existing plants.
- Phase-wise replacement of conventional lights with LED lights continued in the complex.
- Optimisation of recovery of steam condensate up to 90% achieved.
- Effluent treatment plant (ETP) effluent load reduced by 50% by recycling & utilisation of cooling tower blow down water, boiler blow down water & pump seal water in process.

(ii) The steps taken for utilising alternate sources of energy

- Power generation from Solar energy is continued in PPL township.

Goa Plant

(i) The steps taken or impact on conservation of energy

- In the Ammonia plant, SX steam pressure is increased from 92 kg/cm²g to 98-99 kg/cm²g. Due to this increase in pressure, the steam consumption in HPT of syngas compressor is reduced by approximately 4 MTPH and overall steam generation is reduced by 3 MTPH. Impact on Urea Specific

Energy consumption is approximately 0.035 Gcal/MT Urea.

- Pressure control valve on Waste Heat boiler steam drum is removed thereby discharge pressure of BFW pump is reduced by 2.0 kg/cm². Saving in BFW steam consumption by approx. 0.3 MTPH.
 - Received PDP from M/s Casale for Energy Saving Project in Ammonia Plant. The expected saving in Energy post implementation of the PDP is 0.79 Gcal/MT Ammonia. The impact on Urea Specific energy consumption is 0.458 Gcal/MT Urea. The Part implementation of PDP is planned in DEC 2023 which will reduce Urea specific Energy by approximately 0.1 Gcal/MT urea. Accordingly all the necessary orders for supply as well as execution are in place and the supply of material is also started to flow in.
 - Further, in order to reduce Urea Specific Energy by Approx.0.4 Gcal/MT urea, implementation of GT+HRSG is conceptualized to implement in March 2025 along with complete implementation of PDP in Ammonia Plant.
 - Work order is awarded for the setting up a Bio Gas unit from Canteen waste to reduce LPG consumption in Canteen.
 - Upgradation of old motors to Energy Efficient motors is continued in existing plants.
 - Phase-wise replacement of conventional lights with LED lights continued in the complex.
 - Detail steam system audit of the entire complex has been completed by M/s Armstrong to optimize condensate/ efficient hot water recovery. Implementation is in progress.
- #### (ii) The steps taken for utilizing alternate sources of energy
- Vendor selection for Power generation from Solar energy by implementing floating solar panels on captive DAM is in process. Meanwhile a 400 KW of Roof Top Solar is also proposed for immediate implementation.

(B) Technology Absorption

- (i) The efforts made towards technology absorption and the benefits derived therefrom

Paradeep Plant

- For new 600 TPD Phosphoric acid plant, the company hastied up with M/s Prayon Technology. Construction and erection activities are in full swing, commissioning is expected by FY24 Q2. It will minimize the import of P2O5.

Goa Plant

- In order to improve the Specific Energy Consumption of Ammonia /Urea plants, Energy Saving Project (ESP) is initiated. M/s Casale has completed and submitted the PDP for Ammonia plant to achieve an energy saving of 0.79 Gcal/MT of Ammonia, which corresponds to saving of 0.458 Gcal/MT of Urea. Further, to reduce Specific energy consumption of Urea by another 0.4 Gcal/MT urea, installation of GT+ HRSG along with drive changes has been envisaged. Phase wise implementation approach is adopted for the complete project. Phase-1: will be implemented in Nov/DEC 2023 which will provide for the following benefits ;
 - Expected reduction in energy consumption is 0.09-0.1 Gcal/MT Urea
 - Expected reduction in water consumption: 200-250 M3/day.
 - Expected Reduction in CO2 Emission : 30 tCO2e
 - Ammonia and Urea plant DCS system upgraded from CENTUM CS 3000 TO CENTUM VP.
 - A study of NPK-B plant recycle system is completed by M/s JESSA (Jacobs). Implementation in progress. Changes will give benefit in optimization in capacity and product quality.
- (ii) Solar power generation and utilisation at Township is continued
- (iii) The details of technology imported during the last three years, year of import and status of absorption
The Company has imported the following technologies during the last three years which are under implementation:

- M/s. Jacobs technology was adopted to increase production by 15 T/H per train, reduce stack losses and improve product quality. Revamp of all granulation trains have been completed usefully with latest completion of train B during Nov'22.
- M/s Prayon technology is under implementation to produce 600 TPD phosphoric acid.

(iv) The expenditure incurred on Research & Development:

The expenditure incurred during the year is ₹ 119.14 lakh including Capital expenditure of ₹ 0.95 Lakhs. The following R&D activities were taken up during the year.

- IIT-BBSR designed PAP reactor agitator has been installed and performance is satisfactory.
- Anti-scaling agent development for graphite heat exchanger is completed at IIT-BBSR. Scaling agent is developed and tested at IIT lab and in proposal stage for conducting plant trial.
- Biomass Mediated Value Addition to Fertilizer Industries Waste project under waste management technology programme was collaborated with CSIR-IMMT Bhubaneswar in Oct 2020. Pilot plant study is completed. Mass balance and energy balance are being carried out at CSIR- IMMT Bhubaneswar. Different Product chemical composition is analysed, neutralized customised bio fertilizer rich with carbon, Sulphur, Calcium, potash and other nutrients is the end product. Also, Liquid (pyroligneous liquid) and Gas (syn-gases) were obtained. Re use of gas and liquid in the process or other source is to be finalised. By product liquid and gas characterisation is in progress
- Development and exploration of suitable Bentonite resources - Zypmite product formulation for the better granulation and crushing strength improvement is completed and result is satisfactory.
- A Laboratory scale study with various additives for gypsum nucleation, crystal growth & morphology of Gypsum Crystal:

The addition of crystal habit modifier during phosphoric acid production resulted in scaling up the production rate with higher P2O5 recovery efficiency from phosphatic rock by better filtration.

- Hydrometallurgical leaching of Vanadium spent catalyst for the recovery of Vanadium: Test Completed. About 92-94% V was recovered from the spent catalyst generated from Sulphuric acid plant using hydrometallurgical leaching which will also eliminate the hazardous impact to the environment during its disposal.

9. Specify the reason(s), if the Company has failed to spend two per cent of the average net profit as per as per sub-section (5) of section 135:

During the year, the Company was required to spend ₹ 75,431,265/- in accordance with Section 135(1) of the Companies Act, 2021. Out of the same, the Company had spent ₹ 66,913,430/- on the CSR projects during the Financial Year directly as well as through implementing partner Harsha Trust and HelpAge India. The unspent amount of ₹ 8,526,708/- was transferred to the unspent CSR account as is mandated under the Act and is allocated to the ongoing CSR projects. These projects will continue to be implemented in Financial Year 2023-24 and onwards as per statutory provisions applicable in this behalf.

Due to practical and on ground challenges in scaling up the projects, the aforementioned amount of ₹ 8,526,708/- had remained unspent and been transferred to the Unspent account opened by the Company. The Company reiterates its commitment to discharge its CSR obligation and shall continue to implement meaningful CSR projects in the CSR areas in accordance with its CSR Policy.

FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the Members of

Paradeep Phosphates Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Paradeep Phosphates Limited (the "Company") which comprise the standalone balance sheet as at 31 March 2023, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Recognition and recoverability of subsidy revenue

See Note 8 and 20 to standalone financial statements

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter	How the matter was addressed in our audit
<p>The Company recognizes the subsidy revenue from the Department of Fertilisers, Government of India ('GoI'). The revenue is recognised as per Nutrient Based Subsidy Policy ('NBS Policy') for Phosphatic and Potassic fertilisers and New Pricing Scheme for Urea at the time of sale of goods to its customers.</p> <p>Subsidy revenue is recognized on the basis of rates notified from time to time by the Department of Fertilisers, Government of India in accordance with NBS Policy and New Pricing Scheme. It is recognised on the basis of quantity of fertilisers sold by the Company. Further, recognition and realisability of subsidy income is subject to various conditions as per the GoI Policy. During the year, the Company has recognised ₹ 856,302.14 lakhs as subsidy revenue and out of this an amount of ₹ 306,937.59 lakhs is receivable as on 31 March 2023.</p> <p>In view of the significance of subsidy revenue and significant judgements involved around the interpretation and satisfaction of conditions specified in GoI policy, we have considered recognition and recoverability of subsidy income as a key audit matter.</p>	<p>In view of the significance of the matter, we performed the following procedures:</p> <ul style="list-style-type: none"> evaluated the design, implementation and operating effectiveness of internal controls for recognition and recoverability of subsidy revenue read the relevant notifications and circulars issued by the GoI from time to time with regard to subsidy policies tested the subsidy rates considered by the Company for the product subsidy with the applicable circulars and notifications and relevant available pricing data of fertilisers and raw materials reconciled the sales quantity considered for subsidy revenue with the actual sales made by the Company reconciled the quantities considered for estimation of subsidy revenue with quantities as per Integrated Fertilizer Management System evaluated the Company's assessment regarding compliances with relevant conditions as specified in the notifications and policies relating to subsidy

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is

a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and

Independent Auditor's Report (Contd.)

for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)

(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Independent Auditor's Report (Contd.)

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations as at 31 March 2023 on its financial position in its standalone financial statements - Refer Note 29 to the standalone financial statements.

 - c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d. (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 43 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 43 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

Independent Auditor's Report (Contd.)

- (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. As stated in Note 13 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.
- f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.
- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act: In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A to the Independent Auditor's Report on the Standalone Financial Statements of Paradeep Phosphates Limited for the year ended 31 March 2023

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company, except for the following which are not held in the name of the Company:

Description of property	Gross carrying value (₹ in lakhs)	Held in the name of	Whether promoter, director or their relative or employee	Period held- indicate range, where appropriate	Reason for not being held in the name of the Company. Also indicate if in dispute
Freehold land	27.94	Not applicable	Not applicable	1982-85	Delay on account of administrative formalities

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company except as follows:

Quarter	Name of bank	Particulars	Amount as per books of account (₹ in lakhs)	Amount as reported in the quarterly return/ statement (₹ in lakhs)	Amount of difference (₹ in lakhs)	Whether return / statement subsequently rectified
June 2022	State Bank of India	Inventories	172,363.84	177,322.02	(4,958.16)	No
	State Bank of India	Trade receivables	268,278.21	268,203.00	75.21	No
	State Bank of India	Other current assets	52,426.04	60,530.03	(8,103.99)	No

Annexure A to the Independent Auditor's Report (Contd.)

- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.
- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
- (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.
According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.
According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2023 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount (₹)	Period to which the amount relates	Forum where dispute is pending	Remarks, if any

ANNEXURE B to the Independent Auditor's Report on the Standalone Financial Statements of Paradeep Phosphates Limited for the year ended 31 March 2023

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act (Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Paradeep Phosphates Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain

reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override

Annexure B to the Independent Auditor's Report (Contd.)

of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk

that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

CORPORATE AND GENERAL INFORMATION

Paradeep Phosphates Limited ('the Company') is a public company domiciled and headquartered in Bhubaneswar, India. Zuari Agro Chemicals Limited (ZACL) holds 28.05% of equity shares of Paradeep Phosphates Limited ('the Company') through its joint venture Zuari Maroc Phosphates Private Limited (ZMPPL) and is its largest shareholder alongwith OCP S.A.. PPL and ZACL have certain directors in common. It is incorporated under the Companies Act, 1956. The Company is primarily engaged in the manufacture of Urea, Di-Ammonium Phosphate (DAP), Complex Fertilizers of NPK grades, and Zypmite (Gypsum based product) having its manufacturing facilities at the port town of Paradeep, District Jagatsinghpur, Odisha and at Zuari Nagar, Goa. The Company is also involved in trading of fertilizers, ammonia, neutralized phospo gypsum, micronutrient and other materials. The Company caters to the demands of farmers all over the country through its "Navratna" brand of fertilizers. The Company has one associate incorporated in Myanmar under the name of Zuari Yoma Agri Solutions Limited.

1. Basis of preparation

- (a) These financial statements are prepared in accordance with Indian Accounting Standards (IND AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values notified under the provisions of the Companies Act 2013 ("the Act") to the extent applicable. The Company has prepared these financial statements to comply in all material respects with the Indian Accounting Standards notified under Section 133 of the Companies Act, 2013 ("the Act"), read with Rule 3 of the Companies (Indian Accounting Standards), Rule, 2015 and relevant amendment rules issued thereafter.

The accounting policies have been consistently applied to all the years except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy.

- (b) These Standalone Financial Statements are presented in Indian Rupees ("₹"), which is also the Company's functional and presentation currency. All amounts have been rounded off to the nearest Lakhs, unless otherwise indicated.

2. Significant accounting policies

(i) Classification of assets and liabilities into current/non-current

Assets and Liabilities in the balance sheet have been classified as either current or non-current.

An asset has been classified as current if (a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is expected to be realised within twelve months after the reporting date; or (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets have been classified as non-current.

A liability has been classified as current when (a) it is expected to be settled in the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is due to be settled within twelve months after the reporting date; or (d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. All other liabilities have been classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

An operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company has identified twelve months as its operating cycle.

(ii) Property, plant and equipment

Property, plant and equipment (PPE) are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, freight, duties, taxes, borrowing costs, if recognition criteria are met, and any directly attributable cost incurred to bring the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. Replaced assets held for disposal are stated at lower of their carrying

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

amount and fair value less costs to sell, and depreciation on such assets ceases and shown under "Assets held for sale".

Items of stores and spares that meet the definition of PPE are capitalised at cost. Otherwise, such items are classified as inventories.

Gains or losses arising from derecognition of the assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Expenditure on new projects and substantial expansion

Expenditure directly relating to construction activity is capitalised. Other indirect expenditure incurred during the construction period which are not related to the construction activity nor are incidental thereto are charged to the statement of profit and loss. Income earned during construction period, if any, is deducted from the total of the indirect expenditure.

(iii) Depreciation on property, plant and equipment

- a. Depreciation on property, plant and equipment is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the Management. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset. The Company has used the following useful life to provide depreciation on its property, plant and equipment based on technical evaluation done.

Class of Assets	Useful Lives estimated by the management (Years)
Buildings	30/60
Roads and culverts	3 to 5
Plants and equipments (Continuous process plant)	25
Plant and equipments (Non continuous process)*	5 to 20
Furniture, Fixtures & fittings*	2 to 10
Vehicles	8
Office equipments	3 to 6
Railway siding	15

* Useful lives are different to the lives prescribed under Schedule II to the Companies Act, 2013.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate component of property, plant and equipment. These are estimated by the management supported by independent assessment by professionals.

The Company has used the following useful life to provide depreciation on its property, plant and equipment relating Goa plant acquired as on 1 June 2022 based on technical evaluation done.

Class of Assets	Useful Lives estimated by the management (Years)
Buildings	11 to 43
Plants and equipments	More than 1 and upto 25
Furniture, Fixtures & fittings	More than 1 and upto 10
Vehicles	More than 1 and upto 10
Office equipments	More than 1 and upto 6
Railway siding	3 to 30

- b. Premium on land held on leasehold basis considered as Right of Use Asset is amortised over the period of lease.
- c. The classification of plant and machinery into continuous and non-continuous process is done as per technical certification by the management and depreciation thereon is provided accordingly.
- d. The residual values and useful lives of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(iv) Intangible assets and amortisation

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Intangible assets with finite lives are amortised on a straight line basis over the estimated useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least once at the end of each reporting period. If the expected useful life of

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

the asset is different from previous estimates, the amortisation period is changed accordingly. If there has been a change in the expected pattern of economic benefits from the asset, the amortisation method is changed to reflect the changed pattern. Such changes are accounted for in accordance with Ind AS-8 "Accounting Policies, Changes in Accounting Estimates and Errors".

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

The following are the acquired intangible assets:
Software:

The management of the Company assessed the useful life of software as finite and cost of software is amortised over their estimated useful life of three years on straight line basis.

(v) Impairment of Non-Financial Assets

The Company assesses at each reporting date whether there is an indication that an asset (except inventories and deferred tax assets) may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset). The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(vi) Leases

At inception of the contract, the Company

assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- The contract involves use of an identified asset, whether specified explicitly or implicitly;
- The Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use;
- The Company has right to direct the use of the asset by either having right to operate the asset or the Company having designed the asset in a way that predetermines how and for what purpose it will be used.

Accounting as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made on or before the commencement date, plus any initial direct costs incurred and an estimate of cost to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The right-of-use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated using straight line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of lease term. The estimates of useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Company's incremental borrowing rate. The lease liability is subsequently measured at amortised cost. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payment of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company has elected not to recognise right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognises the lease payments associated with these leases as an expense on straight line basis over the lease term.

(vii) Foreign currency transactions

(a) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupee (₹), which is Company's functional and presentation currency.

(b) Initial recognition

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date the transaction.

(c) Conversion

Foreign currency monetary items are translated using the functional currency spot rates of exchange at the reporting date. Non-monetary items that are measured in terms of historical cost denominated in a foreign currency are translated using the exchange rate at the date of the initial recognition.

(d) Exchange differences

Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and

loss.

(viii) Derivative financial instruments

Initial recognition and subsequent measurement

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit and loss.

(ix) Fair value measurement

The Company measures financial instruments, such as, derivatives, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operation.

External valuers are involved for valuation of significant assets, and significant liabilities, if any.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics

and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

(x) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial recognition and measurement:

All financial assets except trade receivables are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit and loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset. Trade receivables are measured at transaction price in accordance with Ind AS 115.

Subsequent measurement:

Financial assets being debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. For the purposes of subsequent measurement, debt instruments are classified in three categories:

- Debt instruments at amortised cost;
- Debt instruments at fair value through other comprehensive income (FVTOCI);
- Debt instruments at fair value through profit and loss (FVTPL).

Debt instruments at amortised cost:

A debt instrument is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Debt instrument at FVTOCI:

A debt instrument is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent sole payments of principal and interest (SPPI).

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL:

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets:

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12-month ECL.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Financial Liabilities

Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including derivative financial instruments.

Subsequent Measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss (FVTPL) include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109 'Financial instruments'.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another financial liability from the same lender on substantially different terms, or the terms of an existing liability are

substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(xi) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

(xii) Inventories

- i. Inventories are valued at the lower of cost and net realizable value.
- ii. The cost is determined as follows:
 - (a) Raw Materials, Stores, Spare Parts, Chemical, Fuel Oil and Packing Materials: Weighted average method
 - (b) Intermediaries: Material cost on weighted average method and appropriate manufacturing overheads based on normal operating capacity
 - (c) Finished goods (manufactured): Material cost on weighted average method and appropriate manufacturing overheads based on normal operating capacity including Excise Duty
 - (d) Traded goods: Weighted average method
- iii. By-products such as treated gypsum are measured at net realizable value, adjusted against the cost of main product.
- iv. Net realizable value is the estimated selling price including applicable subsidy in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale.
- v. Materials and other items held for use in

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

(xiii) Borrowing cost

Borrowing costs include interest and other ancillary costs incurred in connection with the arrangement of borrowings. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(xiv) Revenue Recognition

The Company earns revenue primarily from sale of fertilisers. The following specific criteria must also be met before revenue is recognised:

Sale of goods

At contract inception, Company assess the goods promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. Revenue is recognised upon transfer of control of promised products to customers in an amount of the transaction price that is allocated to that performance obligation and that reflects the consideration which the Company expects to receive in exchange for those products.

The Company considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods to a customer net of returns, excluding amounts collected on behalf of third parties (for example, taxes) and excluding discounts and incentives, as specified in the contract with customer.

With respect to sale of products revenue is recognised at a point in time when the performance obligation is satisfied and the customer obtains the control of goods which is usually dispatch/delivery of goods, based on

contracts with customers. There is no significant financing components involved on contract with customers. Invoices are usually payable within the credit period as agreed with respective customers.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods transferred to the customer. If the Company performs by transferring goods to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in note (x) to significant accounting policies on Financial instruments – initial recognition and subsequent measurement.

Contract liabilities

A contract liability is the obligation to transfer goods to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

Subsidy income

Concessions in respect of Urea as notified under the New Pricing Scheme is recognised with adjustments for escalation/de-escalation in the prices of inputs and other adjustments as estimated by the management in accordance with the known policy parameters in this regard.

Subsidy for DAP, Muriate of Potash (MOP) and Complex Fertilizers are recognised as per rates notified by the Government of India in accordance with Nutrient Based Subsidy Policy and other guidelines issued from time to time, where there is reasonable assurance of complying with the conditions of the policy.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Subsidy on freight charges for DAP, MOP and Complex Fertilizers is recognised based on rates notified by the Government of India with the known policy parameters in this regard and included in subsidy.

Interest Income

For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable EIR. Claims receivable on account of interest from dealers on delayed payments are accounted for to the extent the Company is reasonably certain of their ultimate collection.

Dividend Income

Dividend income is recognised when the Company's right to receive the payment is established.

Insurance claims

Claims receivable on account of insurance are accounted for to the extent the Company is reasonably certain of their ultimate collection.

(xv) Government grants and subsidies

Grants and subsidies [other than subsidy income considered in point (xiv) above] from the government are recognised when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/ subsidy will be received.

Where the grant or subsidy relates to revenue, it is recognised as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs,

which they are intended to compensate. Where the grant relates to an asset, it is recognised as deferred income and released to income in equal amounts over the expected useful life of the related asset.

(xvi) Employee benefits

Share-based payments

Share-based compensation benefits are provided to employees via PPL Employees Stock Option Plan 2021 ("ESOP 2021"). The fair value of the options granted under ESOP 2021 is recognised as an employee benefits expense in the statement of profit and loss with a corresponding increase in equity. The fair value at grant date is determined using the Black Scholes Model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and risk-free interest rate for the term of the option.

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates for the remaining vesting period of the number of options that are expected to vest based on the service conditions. It recognises the impact of the revision to original estimates in the remaining vesting period, if any, in the statement of profit or loss, with a corresponding adjustment to equity.

Short term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Defined Contribution Plan

Retirement benefit in the form of contribution to pension fund, superannuation fund and national pension scheme are defined contribution scheme. The Company has no obligation, other than the contribution payable to these schemes. The Company recognises contribution payable

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

to these fund schemes as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined Benefit Plans

- i) Liability for Gratuity and Post Retirement Medical Benefits are provided for on the basis of actuarial valuation carried at the end of each financial year. The gratuity plan and post employment medical benefit plan has been funded by policy taken from Life Insurance Corporation of India.
- ii) Liability for Provident fund is provided for on the basis of actuarial valuation carried at the end of each financial year. The difference between the actuarial valuation of the provident fund of employees at the year end and the balance of own managed fund is provided for as liability in the books in terms of the provisions under Employee Provident Fund and Miscellaneous Provisions Act, 1952.
- iii) The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefits expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and such re-measurement gain / (loss) are

not reclassified to the statement of profit and loss in the subsequent periods. They are included in retained earnings in the statement of changes in equity.

Other long term benefits

Liability for accumulated compensated absences are provided for on the basis of actuarial valuation carried at the end of each financial year. The Company measures the expected cost of accumulated compensated absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months as long term employee benefit for measurement purpose.

(xvii) Income tax

Tax expense comprises current income tax and deferred tax. Current income-tax expense is measured at the amount expected to be paid to the taxation authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from an asset or liability in a transaction that at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, to the extent it would be available for set off against future current tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

(xviii) Segment Reporting Policies

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. Chief Operating Decision Maker review the performance of the Company according to the nature of products manufactured, traded and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the locations of customers.

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting financial statements of the Company as a whole.

(xix) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Company by the weighted average number of the equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares.

(xx) Contingent liabilities

A contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise. A contingent liability is also a present obligation that arises from past events but outflow of resources embodying economic benefits is not probable.

(xxi) Provisions

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

(xxii) Business combinations

The Company applies the acquisition method in accounting for business combinations. The consideration transferred by the Company to obtain control of a business is calculated as the sum of the fair values of assets transferred and liabilities assumed as at the acquisition date i.e. date on which it obtains control of the acquiree. Acquisition-related costs are recognised in the statement of profit and loss as incurred, except to the extent related to the issue of debt or equity

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

securities.

Where the consideration transferred exceeds the fair value of the net assets acquired and liabilities assumed, the excess is recorded as goodwill. Alternatively, in case of bargain purchase wherein the consideration transferred is lower than the fair value of the net identifiable assets and liabilities assumed, the difference as a gain in other comprehensive income and accumulate the gain in equity as capital reserve.

Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values on acquisition-date. Intangible Assets acquired in a Business Combination and recognised separately from Goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets acquired in a Business Combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

(xxiii) Goodwill

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units. A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

3A. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates

and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The changes in estimates are made as the management becomes aware of such changes. The changes in estimates are recognised in the period in which the estimates are revised.

i) Defined benefit plans

The cost of the defined benefit gratuity plan, post-employment medical benefits and other defined benefit plans and the present value of the obligation of defined benefit plans are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for defined benefit plans, the management considers the interest rates of government bonds. The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on the expected future inflation rates. Further details about the defined benefit obligations are given in Note 32.

ii) Useful life of Property, plant and equipment

The management estimates the useful life and residual value of property, plant and equipment based on technical evaluation. These assumptions are reviewed at each reporting date. Refer Note 4(a).

iii) Fair value measurement of financial instruments.

Refer Note 34 for information about fair value measurement.

iv) Revenue recognition

The Company provides various rebates and incentives to the customers. In estimating the same, the Company is required to use either the expected value method or the most likely

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

method. The Company determined that the expected value method is the appropriate method for determining estimates to recognise the impact of rebates and other incentives on revenue. These estimates are made based on historical experience and business forecast and current market conditions. The model uses the historical purchasing patterns and rebate entitlement of customers to determine the expected rebate percentages and the expected value thereof.

- v) Fair value of assets and liabilities acquired on business combination

Refer Note 44 for information about fair values of assets and liabilities acquired on business combination.

- vi) Provisions and contingencies

Refer Note 29 for key assumptions about likelihood and magnitude of an outflow of economic resources in relation to recognition and measurement of contingent liabilities.

3B. Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31st March 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

a) Subsidy withheld

Department of Fertilizer, Government of India withheld the payment of subsidy on Imported DAP in one consignment amounting to ₹ 5352.12, being the subsidy amount including freight subsidy. The amount has been withheld on the basis of samples collected by the Department from Mundra Port which were reported to be deficient on account of water soluble P2O5 content as per Fertilizer Control Order (FCO) but there was no deficiency as regards to the nutrient content. The Company has represented to the Department of Fertilizers to re-examine the case on the following grounds – (a) Failure is on account of water solubility and not on account of nutrient content. The nutrient content on which the Nutrient Based Subsidy is paid meets the FCO specifications (b) Water Solubility is more than 85% of the total P2O5 (c) All precautions were taken at the load port on having an international recognized inspection agency based on which the goods were shipped and dispatched and (d) The intimation on the original sample failure as well as the referee sample failure were received long after materials were dispatched well beyond the dispatch of the material to various destinations. Based on the revised notification from GOI dated 6th February 2017, water soluble P2O5 content of DAP is revised to 39.5% instead of 41%. DAP import for which the amount withheld has water soluble content of 39.53%. Further, vide Notification no 3-9/2008 Fert Law dated 18th November 2011 in which Triple Super Phosphate (TSP) with total P2O5 content of 46% and water soluble content of only 36.8% has been allowed to be imported and paid subsidy for 46% of P2O5. Based on above, the Company has made a representation that as per revised notification, water soluble content is as per norms and further permitting a product with same total P2O5 and less water soluble P2O5 as standard and declaring a product imported by the Company with 39.53% as non-standard is not fair. The Company is confident to receive a favorable outcome.

Post retirement medical benefits plan:

Particulars	As at 31 st March 2023		As at 31 st March 2022	
	Gratuity Fund	Provident Fund	Gratuity Fund	Provident Fund
Assumption: Discount rate				
Sensitivity level	1% increase	1% decrease	1% increase	1% decrease
Impact on defined benefit obligation	(11.45)	13.07	(13.01)	14.94

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

Sensitivities due to mortality & withdrawals are not material and hence impact of change has not been calculated.

H. Maturity Profile of Defined benefit obligation:

Particulars	As at 31 st March 2023		As at 31 st March 2022	
	Gratuity Fund	Post retirement medical benefits plan	Gratuity Fund	Post retirement medical benefits plan
Within next 12 months	880.38	11.15	692.26	11.12
Between 2 and 5 years	3,987.37	47.67	3,256.91	48.01
Between 6 and 10 years	2,951.26	64.59	2,698.03	66.30
Beyond 10 Years	4,082.76	160.47	2,518.29	180.80

The weighted average duration of the defined benefit plan obligation relating to gratuity at the end of the reporting year is 5 years (31st March 2022: 6 years).

The Company expects to contribute ₹ 313.88 (31st March 2022: ₹ 335.89) and ₹ 642.30 (31st March 2022: ₹ 703.43) to gratuity trust and provident fund trust respectively in the next financial year.

I. Risk exposure

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary overtime. Thus, the Company is exposed to various risks in providing the above defined benefit which are as follows:

Interest rate risk	The present value of defined benefit obligation is determined using the discount rate based on the market yield prevailing at the end of the reporting period on Government Bonds. A decrease in yield will increase the fund liabilities and vice-versa.
Investment Risk	This may arise from volatility in the assets value due to market fluctuation and impairment of assets due to credit losses. These plan assets are invested with LIC - the valuation of which is inversely proportional to the interest rate movements.
Inherent risk	The plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risk pertaining to the plan. In particular, this exposes the Company, to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to longevity risk.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March 2023

(All amounts are in ₹ lakhs, unless otherwise stated)

Salary escalation risk	The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.
Withdrawal risk	Deviations in actual withdrawal than assumed withdrawals and change of withdrawal rates at subsequent valuation can impact plan liability.

* The carrying amounts of these financial instruments are a reasonable approximation of their fair value.

The fair value of investments in mutual funds is based on the net asset value (NAV) as stated by the issuers of these mutual fund units in the published NAV statements as at the Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which the issuer will redeem such units from the investors.

The fair value of derivatives is determined using quoted forward exchange rates at the reporting date.

There has been no transfer between level 1, level 2 and level 3 during the year.

The management assessed that cash and cash equivalents, other bank balance, trade receivables, other current financial assets (except derivative financial assets), trade payables, short term borrowings and other current financial liabilities (except derivative financial liabilities) approximate their fair value largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Note 35: Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company also enters into derivative contracts. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's risk management is carried out by treasury department under policies approved by the Board of Directors. The treasury department identifies, evaluates and hedges financial risks. The Board of Directors provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

A Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the guidelines framed by the board of directors of the Company. Guidelines broadly covers the selection criterion and over all exposure which the Company can take with a particular financial institution or bank. Further the guideline also covers the limit of overall deposit which the Company can make with a particular bank or financial institution. The Company does not maintain the significant amount of cash and deposits other than those required for its day to day operations.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March 2023

(All amounts are in ₹ lakhs, unless otherwise stated)

Trade receivables

The Company receivables can be classified into two categories, one is from the customers into the market and second one is from the Government in the form of subsidy. As far as Government portion of receivables are concerned, credit risk is nil. For market receivables from the customers, the Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. The Company has also taken security deposits from its customers, which mitigates the credit risk to some extent.

Reconciliation of loss allowance on:	Trade receivables amount	Other financial assets amount
Balance as at 1 st April 2021	3,479.01	209.79
Movement during the year	1,036.02	-
Balance as at 31 st March 2022	4,515.03	209.79
Movement during the year	1,235.84	-
Balance as at 31st March 2023	5,750.87	209.79

B Liquidity risk

The Company's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements at all times. The Company relies on a mix of borrowings and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium/ long term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments as at 31st March 2023:

Other financial liabilities	8,053.47	7,766.76	286.71	-
Total	530,822.91	477,719.12	53,103.79	-

C Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as commodity risk. Financial instruments affected by market risk include borrowings and derivative financial instruments.

The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant. The analysis exclude the impact of movements in other market variables. Refer sensitivity analyses below.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March 2023

(All amounts are in ₹ lakhs, unless otherwise stated)

The following assumptions have been made in calculating the sensitivity analysis:

-The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31st March 2023 and 31st March 2022.

(a) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

Sensitivity analysis

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates of various currencies with ₹, with all other variables held constant. The impact on the Company's profit before tax and equity is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives. Refer Note 37 for details on foreign currency exposure.

Particulars	Profit and loss	
	As at 31 st March 2023	As at 31 st March 2022
₹/USD strengthening [5% movement]	(81.11)	(2,512.15)
₹/USD weakening [5% movement]	81.11	2,512.15
₹/EURO strengthening [5% movement]	(161.37)	(361.37)
₹/EURO weakening [5% movement]	161.37	361.37

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company manages fund requirements and performs sensitivity analysis to keep interest rate risk within limits.

Sensitivity analysis

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax and equity is affected through the impact on floating rate borrowings, as follows:

Particulars	Profit and loss	
	As at 31 st March 2023	As at 31 st March 2022
Borrowings		
Variable rate instruments - increase by 50 basis points	(1,021.33)	(478.02)
Variable rate instruments - decrease by 50 basis points	1,021.33	478.02
Foreign Currency Borrowings-USD		
Variable rate instruments - increase by 50 basis points	(1,294.22)	(999.13)
Variable rate instruments - decrease by 50 basis points	1,294.22	999.13

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

(c) Commodity price risk

The Company's operating activities require the ongoing purchase of rock phosphates, phosphoric acid, sulphur and muriatic potash. All being international commodities is subject to price fluctuation on account of the change in the demand supply pattern and exchange rate fluctuations. The Company is not affected by the price volatility of the raw materials as government on a time to time basis, revises the subsidy rates payable to the fertilizer industry based on the market trend.

Note 36: Capital management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital keeping in view the adequate interest and debt service coverage ratio.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

Note 37: Unhedged foreign currency exposure

(a) Forward contract outstanding as at 31st March 2023, against import of goods is ₹ 334,293.05 (31st March 2022: ₹ 305,346.85).

Note 39

- a) The Company, in an earlier year, had received an Arbitration Award in its favour in the matter of Cargo Charges Tariff dispute with Paradeep Port Trust (PPT) for the years 1993–1999. PPT in earlier year had appealed with the higher authorities against such award which was confirmed by the Appellate Authority. However, as against the above order, the PPT went into further appeal with the Hon'ble High Court of Odisha and the High Court in its interim order directed the Company not to execute award at this stage. The Company has not recognized this award as income in the Statement of Profit and Loss.
- b) Paradeep Port Trust (PPT) proposed a revision in scale of rates applicable to the Company for cargo handling in the captive berth w.e.f. 1st April 1999. The matter was referred to Tariff Authority of Major Ports (TAMP) on mutual consent of the parties under the direction of Hon'ble High Court of Odisha. During the previous year, TAMP had finalized the rates, but PPT had not agreed with the order and proceeded with a writ petition before the Hon'ble High Court of Odisha against the said order. Pending disposal of the case, the Company has not recognized the amount receivable from PPT towards the excess amount paid over the applicable TAMP order.

Note 40

During the year, a sum of ₹ 119.14 (31 March 2022: ₹ 112.46) including capital expenditure of ₹ 0.95 (31 March 2022: ₹ 0.76) was spent on research and development (excluding depreciation charge).

INDEPENDENT AUDITOR'S REPORT

To the Members of

Paradeep Phosphates Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Paradeep Phosphates Limited (hereinafter referred to as the "Company") and its associate, which comprise the consolidated balance sheet as at 31 March 2023, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner

so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company and its associate as at 31 March 2023, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company and its associate in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is

a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Company including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the Company and its associate are

Independent Auditor's Report (Contd.)

responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the Company and its associate are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company and of its associate are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence

that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Independent Auditor's Report (Contd.)

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- a. The consolidated financial statements include the Company's share of net profit of Rs. 50.52 lakhs and other comprehensive loss of Rs. 53.28 lakhs for the year ended 31 March 2023, as considered in the consolidated financial statements, in respect of the associate, whose financial information has not been audited by us or by other auditor. This unaudited financial information has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this associate, and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid associate, is based solely on such financial information. In our opinion and according to the information and explanations given to us by the Management, this financial information is not material to the Company.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of this matter with respect to the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

2. A. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

- b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c. The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors of the Company as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2023 on the consolidated financial position of the Company. Refer Note 29 to the consolidated financial statements.
 - b. Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts. Refer Note 15 to the consolidated financial statements in respect of such items as it relates to the Company.
 - c. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2023.

Independent Auditor's Report (Contd.)

- d (i) The management of the Company represented that, to the best of its knowledge and belief, as disclosed in the Note 43 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (ii) The management of the Company represented that, to the best of its knowledge and belief, as disclosed in the Note 43 to the consolidated financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. As stated in Note 13 to the consolidated financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.
- f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.
- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act: In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE B to the Independent Auditor's Report on the consolidated financial statements of Paradeep Phosphates Limited for the year ended 31 March 2023

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act (Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of Paradeep Phosphates Limited (hereinafter referred to as "the Company") as of and for the year ended 31 March 2023, we have audited the internal financial controls with reference to financial statements of the Company, as of that date.

In our opinion, the Company, has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with

reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Annexure B to the Independent Auditor's Report (Contd.)

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections

of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

CORPORATE AND GENERAL INFORMATION

Paradeep Phosphates Limited ('the Company') is a public company domiciled and headquartered in Bhubaneswar, India. Zuari Agro Chemicals Limited (ZACL) holds 28.05% of equity shares of Paradeep Phosphates Limited ('the Company') through its joint venture Zuari Maroc Phosphates Private Limited (ZMPPL) and is its largest shareholder alongwith OCP S.A.. PPL and ZACL have certain directors in common. It is incorporated under the Companies Act, 1956. The Company is primarily engaged in the manufacture of Urea, Di-Ammonium Phosphate (DAP), Complex Fertilizers of NPK grades, and Zypmite (Gypsum based product) having its manufacturing facility at the port town of Paradeep, District Jagatsinghpur, Odisha and at Zuari Nagar, Goa. The Company is also involved in trading of fertilizers, ammonia, neutralized phospo gypsum, micronutrient and other materials. The Company caters to the demands of farmers all over the country through its "Navratna" brand of fertilizers. The Company has one associate incorporated in Myanmar under the name of Zuari Yoma Agri Solutions Limited.

1. Basis of preparation

- (a) These financial statements are prepared in accordance with Indian Accounting Standards (IND AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values notified under the provisions of the Companies Act 2013 ("the Act") to the extent applicable. The Company has prepared these financial statements to comply in all material respects with the Indian Accounting Standards notified under Section 133 of the Companies Act, 2013 ("the Act"), read with Rule 3 of the Companies (Indian Accounting Standards), Rule, 2015 and relevant amendment rules issued thereafter.

The accounting policies have been consistently applied to all the years except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy.

- (b) These Consolidated Financial Statements are presented in Indian Rupees ("₹"), which is also the Company's functional and presentation currency. All amounts have been rounded off to the nearest Lakhs, unless otherwise indicated.
- (c) The Consolidated Financial Information have been presented on historical cost convention on the accrual basis except for the following:
- Certain financial assets and liabilities, which are measured at fair value.

- Net defined benefit (asset)/liability, which are measured at present value of defined benefit obligations less fair value of plan assets.

2A. Basis of consolidation

The Consolidated Financial Information incorporate the Financial Statements of the Company and its associate. Consolidated Financial Information are prepared using uniform accounting policies for like transactions and other events in similar circumstances. The financial statements of all the entities used for the purpose of consolidation are drawn up to same reporting date as that of the Company.

Investment in associate is accounted for using equity method of accounting, after initially being recognised at cost. Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Company's share of the post-acquisition profits or losses of the investee in profit or loss and the Company's share of other comprehensive income of the investee in other comprehensive income. When the Company's share of losses in an equity accounted investment equals or exceeds its interest in the entity, the Company does not recognise further losses, unless it has incurred obligations on behalf of the other entity.

Unrealised gains on transactions between the Company and its associate are eliminated to the extent of the Company's interest in the entity. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. The carrying amount of equity accounted investments are tested for impairment.

The details of associate included in these consolidated financial statements are as under:

Name of associate	Ownership interest	Country of Incorporation
Zuari Yoma Agri Solutions Limited	50%	Myanmar

2B. Significant accounting policies

(i) Classification of assets and liabilities into current/non-current

Assets and Liabilities in the balance sheet have been classified as either current or non-current.

An asset has been classified as current if (a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle; or (b) it is held primarily for the

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

purpose of being traded; or (c) it is expected to be realised within twelve months after the reporting date; or (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets have been classified as non-current.

A liability has been classified as current when (a) it is expected to be settled in the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is due to be settled within twelve months after the reporting date; or (d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. All other liabilities have been classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

An operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company has identified twelve months as its operating cycle.

(ii) Property, plant and equipment

Property, plant and equipment (PPE) are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, freight, duties, taxes, borrowing costs, if recognition criteria are met, and any directly attributable cost incurred to bring the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. Replaced assets held for disposal are stated at lower of their carrying amount and fair value less costs to sell, and depreciation on such assets ceases and shown under "Assets held for sale".

Items of stores and spares that meet the definition of PPE are capitalized at cost. Otherwise, such items are classified as inventories.

Gains or losses arising from derecognition of the assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Expenditure on new projects and substantial expansion

Expenditure directly relating to construction activity is capitalized. Other indirect expenditure incurred during the construction period which are not related to the construction activity nor are incidental thereto are charged to the statement of profit and loss. Income earned during construction period, if any, is deducted from the total of the indirect expenditure.

(iii) Depreciation on property, plant and equipment

a. Depreciation on property, plant and equipment is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the Management. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset. The Company has used the following useful life to provide depreciation on its property, plant and equipment based on technical evaluation done.

Class of Assets	Useful Lives estimated by the management (Years)
Buildings	30/60
Roads and culverts	3 to 5
Plants and equipments (Continuous process plant)	25
Plant and equipments (Non continuous process)*	5 to 20
Furniture, Fixtures & fittings*	2 to 10
Vehicles	8
Office equipments	3 to 6
Railway siding	15

* Useful lives are different to the lives prescribed under Schedule II to the Companies Act, 2013.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate component of property, plant and equipment. These are estimated by the management supported by independent assessment by professionals.

The Company has used the following useful life to provide depreciation on its property, plant and equipment relating to Goa plant acquired as on 1 June 2022 based on technical evaluation done.

Class of Assets	Useful Lives estimated by the management (Years)
Buildings	11 to 43
Plants and equipments	More than 1 and upto 25
Furniture, Fixtures & fittings	More than 1 and upto 10
Vehicles	More than 1 and upto 10
Office equipments	More than 1 and upto 6
Railway siding	3 to 30

- b. Premium on land held on leasehold basis considered as Right of Use Asset is amortised over the period of lease.
- c. The classification of plant and machinery into continuous and non-continuous process is done as per technical certification by the management and depreciation thereon is provided accordingly.
- d. The residual values and useful lives of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(iv) Intangible assets and amortisation

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Intangible assets with finite lives are amortised on a straight line basis over the estimated useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful

life are reviewed at least once at the end of each reporting period. If the expected useful life of the asset is different from previous estimates, the amortisation period is changed accordingly. If there has been a change in the expected pattern of economic benefits from the asset, the amortisation method is changed to reflect the changed pattern. Such changes are accounted for in accordance with Ind AS-8 "Accounting Policies, Changes in Accounting Estimates and Errors".

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

The following are the acquired intangible assets:

Software:

The management of the Company assessed the useful life of software as finite and cost of software is amortised over their estimated useful life of three years on straight line basis.

(v) Impairment of Non-Financial Assets

The Company assesses at each reporting date whether there is an indication that an asset (except inventories and deferred tax assets) may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset). The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(vi) Leases

At inception of the contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- The contract involves use of an identified asset, whether specified explicitly or implicitly;
- The Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use;
- The Company has right to direct the use of the asset by either having right to operate the asset or the Company having designed the asset in a way that predetermines how and for what purpose it will be used.

Accounting as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made on or before the commencement date, plus any initial direct costs incurred and an estimate of cost to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The right-of-use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated using straight line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of lease term. The estimates of useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of lease liability.

The lease liability is initially measured at the present value of the lease payments that are not

paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The lease liability is subsequently measured at amortised cost. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payment of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company has elected not to recognise right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognises the lease payments associated with these leases as an expense on straight line basis over the lease term.

(vii) Foreign currency transactions

(a) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupee (₹), which is Company's functional and presentation currency.

(b) Initial recognition

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date the transaction.

(c) Conversion

Foreign currency monetary items are translated using the functional currency spot rates of exchange at the reporting date. Non-monetary items that are measured in terms of historical cost denominated in a foreign currency are translated using the exchange rate at the date of the initial recognition.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(d) Exchange differences

Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss.

(viii) Derivative financial instruments

Initial recognition and subsequent measurement

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit and loss.

(ix) Fair value measurement

The Company measures financial instruments, such as, derivatives, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operation.

External valuers are involved for valuation of significant assets, and significant liabilities, if any.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

(x) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial recognition and measurement:

All financial assets except trade receivables are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit and loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset. Trade receivables are measured at transaction price in accordance with Ind AS 115.

Subsequent measurement:

Financial assets being debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. For the purposes of subsequent measurement, debt instruments are classified in three categories:

- Debt instruments at amortised cost;
- Debt instruments at fair value through other comprehensive income (FVTOCI);
- Debt instruments at fair value through profit and loss (FVTPL).

Debt instruments at amortised cost:

A debt instrument is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Debt instrument at FVTOCI:

A debt instrument is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent sole payments of principal and interest (SPPI).

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL:

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets:

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12-month ECL.

Financial Liabilities

Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including derivative financial instruments.

Subsequent Measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss (FVTPL) include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109 'Financial instruments'.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another financial liability

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(xi) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

(xii) Inventories

- i. Inventories are valued at the lower of cost and net realizable value.
- ii. The cost is determined as follows:
 - (a) Raw Materials, Stores, Spare Parts, Chemical, Fuel Oil and Packing Materials: Weighted average method
 - (b) Intermediaries: Material cost on weighted average method and appropriate manufacturing overheads based on normal operating capacity
 - (c) Finished goods (manufactured): Material cost on weighted average method and appropriate manufacturing overheads based on normal operating capacity including Excise Duty
 - (d) Traded goods: Weighted average method
- iii. By-products such as treated gypsum are measured at net realizable value, adjusted against the cost of main product.
- iv. Net realizable value is the estimated selling price including applicable subsidy in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale.

- v. Materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

(xiii) Borrowing cost

Borrowing costs include interest and other ancillary costs incurred in connection with the arrangement of borrowings. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(xiv) Revenue Recognition

The Company earns revenue primarily from sale of fertilizers. The following specific criteria must also be met before revenue is recognised:

Sale of goods

At contract inception, Company assess the goods promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. Revenue is recognised upon transfer of control of promised products to customers in an amount of the transaction price that is allocated to that performance obligation and that reflects the consideration which the Company expects to receive in exchange for those products.

The Company considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods to a customer net of returns, excluding amounts collected on behalf of third parties (for example, taxes) and excluding discounts and incentives, as specified in the contract with customer.

With respect to sale of products revenue is recognised at a point in time when the performance obligation is satisfied and the customer obtains the control of goods which is usually dispatch/delivery of goods, based on contracts with customers. There is no significant

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

financing components involved on contract with customers. Invoices are usually payable within the credit period as agreed with respective customers.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods transferred to the customer. If the Company performs by transferring goods to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in note (x) to significant accounting policies on Financial instruments – initial recognition and subsequent measurement.

Contract liabilities

A contract liability is the obligation to transfer goods to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

Subsidy income

Concessions in respect of Urea as notified under the New Pricing Scheme is recognised with adjustments for escalation/de-escalation in the prices of inputs and other adjustments as estimated by the management in accordance with the known policy parameters in this regard.

Subsidy for DAP, Muriate of Potash (MOP) and Complex Fertilizers are recognised as per rates notified by the Government of India in accordance with Nutrient Based Subsidy Policy and other guidelines issued from time to time, where there is reasonable assurance of complying with the conditions of the policy.

Subsidy on freight charges for DAP, MOP and

Complex Fertilizers is recognised based on rates notified by the Government of India with the known policy parameters in this regard and included in subsidy.

Interest Income

For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable EIR. Claims receivable on account of interest from dealers on delayed payments are accounted for to the extent the Company is reasonably certain of their ultimate collection.

Dividend Income

Dividend income is recognised when the Company's right to receive the payment is established.

Insurance claims

Claims receivable on account of insurance are accounted for to the extent the Company is reasonably certain of their ultimate collection.

(xv) Government grants and subsidies

Grants and subsidies [other than subsidy income considered in point (xiv) above] from the government are recognised when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/ subsidy will be received.

Where the grant or subsidy relates to revenue, it is recognised as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognised as

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

deferred income and released to income in equal amounts over the expected useful life of the related asset.

(xvi) Employee benefits

Share-based payments

Share-based compensation benefits are provided to employees via PPL Employees Stock Option Plan 2021 ("ESOP 2021"). The fair value of the options granted under ESOP 2021 is recognised as an employee benefits expense in the statement of profit and loss with a corresponding increase in equity. The fair value at grant date is determined using the Black Scholes Model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and risk-free interest rate for the term of the option.

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates for the remaining vesting period of the number of options that are expected to vest based on the service conditions. It recognises the impact of the revision to original estimates in the remaining vesting period, if any, in the statement of profit or loss, with a corresponding adjustment to equity.

Short term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Defined Contribution Plan

Retirement benefit in the form of contribution to pension fund, superannuation fund and national pension scheme are defined contribution scheme. The Company has no obligation, other than the contribution payable to these schemes. The Company recognises contribution payable to these fund schemes as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service

received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined Benefit Plans

- i) Liability for Gratuity and Post Retirement Medical Benefits are provided for on the basis of actuarial valuation carried at the end of each financial year. The gratuity plan and post employment medical benefit plan has been funded by policy taken from Life Insurance Corporation of India.
- ii) Liability for Provident fund is provided for on the basis of actuarial valuation carried at the end of each financial year. The difference between the actuarial valuation of the provident fund of employees at the year end and the balance of own managed fund is provided for as liability in the books in terms of the provisions under Employee Provident Fund and Miscellaneous Provisions Act, 1952.
- iii) The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefits expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and such re-measurement gain / (loss) are not reclassified to the statement of profit and loss in the subsequent periods. They are included in retained earnings in the statement of changes in equity.

Other long term benefits

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Liability for accumulated compensated absences are provided for on the basis of actuarial valuation carried at the end of each financial year. The Company measures the expected cost of accumulated compensated absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months as long term employee benefit for measurement purpose.

(xvii) Income tax

Tax expense comprises current income tax and deferred tax. Current income-tax expense is measured at the amount expected to be paid to the taxation authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from an asset or liability in a transaction that at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future

taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, to the extent it would be available for set off against future current tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

(xviii) Segment Reporting Policies

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. Chief Operating Decision Maker review the performance of the Company according to the nature of products manufactured, traded and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the locations of customers.

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting financial statements of the Company as a whole.

(xix) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Company by the weighted average number of the equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

to equity shareholders of the Company and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares.

(xx) Contingent liabilities

A contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise. A contingent liability is also a present obligation that arises from past events but outflow of resources embodying economic benefits is not probable.

(xxi) Provisions

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

(xxii) Business combinations

The Company applies the acquisition method in accounting for business combinations. The consideration transferred by the Company to obtain control of a business is calculated as the sum of the fair values of assets transferred and liabilities assumed as at the acquisition date i.e. date on which it obtains control of the acquiree. Acquisition-related costs are recognised in the statement of profit and loss as incurred, except to the extent related to the issue of debt or equity securities.

Where the consideration transferred exceeds the fair value of the net assets acquired and liabilities assumed, the excess is recorded as goodwill. Alternatively, in case of bargain purchase wherein the consideration transferred is lower than the fair value of the net identifiable assets and liabilities assumed, the difference as a gain in other comprehensive income and accumulate the gain

in equity as capital reserve.

Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values on acquisition-date. Intangible Assets acquired in a Business Combination and recognised separately from Goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets acquired in a Business Combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

(xxiii) Goodwill

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units. A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

3A. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The changes in estimates are made as the management becomes aware of such changes. The

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

changes in estimates are recognised in the period in which the estimates are revised.

i) Defined benefit plans

The cost of the defined benefit gratuity plan, post-employment medical benefits and other defined benefit plans and the present value of the obligation of defined benefit plans are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for defined benefit plans, the management considers the interest rates of government bonds. The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on the expected future inflation rates. Further details about the defined benefit obligations are given in Note 32.

ii) Useful life of Property, plant and equipment

The management estimates the useful life and residual value of property, plant and equipment based on technical evaluation. These assumptions are reviewed at each reporting date. Refer Note 4(a).

iii) Fair value measurement of financial instruments

Refer Note 34 for information about fair value measurement.

iv) Revenue recognition

The Company provides various rebates and incentives to the customers. In estimating the same, the Company is required to use either the expected value method or the most likely method. The Company determined that the expected value method is the appropriate method for determining estimates to recognise the impact of rebates and other incentives on revenue. These estimates are made based on historical experience and business forecast and current market conditions. The model uses the historical purchasing patterns and rebate entitlement of customers to determine the expected rebate percentages and the expected value thereof.

v) Fair value of assets and liabilities acquired on

business combination

Refer Note 44 for information about fair values of assets and liabilities acquired on business combination.

vi) Provisions and contingencies

Refer Note 29 for key assumptions about likelihood and magnitude of an outflow of economic resources in relation to recognition and measurement of contingent liabilities.

3B. Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31st March 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

Others claims against the Company not acknowledged as debt (refer Note (g) below)	3,868.12	3,308.03

a) Subsidy withheld

Department of Fertilizer, Government of India withheld the payment of subsidy on Imported DAP in one consignment amounting to ₹ 5352.12, being the subsidy amount including freight subsidy. The amount has been withheld on the basis of samples collected by the Department from Mundra Port which were reported to be deficient on account of water soluble P2O5 content as per Fertilizer Control Order (FCO) but there was no deficiency as regards to the nutrient content. The Company has represented to the Department of Fertilizers to re-examine the case on the following grounds – (a) Failure is on account of water solubility and not on account of nutrient content. The nutrient content on which the Nutrient Based Subsidy is paid meets the FCO specifications (b) Water Solubility is more than 85% of the total P2O5 (c) All precautions were taken at the load port on having an international recognised inspection agency based on which the goods were shipped and dispatched and (d) The intimation on the original sample failure as well as the referee sample failure were received long after materials were dispatched well beyond the dispatch of the material to various destinations. Based on the revised notification from GOI dated 6th February 2017, water soluble P2O5 content of DAP is revised to 39.5% instead of 41%. DAP import for which the amount withheld has water soluble content of 39.53%. Further, vide Notification no 3-9/2008 Fert Law dated 18th November 2011 in which Triple Super Phosphate (TSP) with total P2O5 content of 46% and water soluble content of only 36.8% has been allowed to be imported and paid subsidy for 46% of P2O5. Based on above, the Company has made a representation that as per revised notification, water soluble content is as per norms and further permitting a product with same total P2O5 and less water soluble P2O5 as standard and declaring a product imported by the Company with 39.53% as non-standard is not fair. The Company is confident to receive a favorable outcome.

b) Goods and service tax demand

Demand under GST Act in respect of erroneous refund of GST for the period July 2017 to January 2018 under inverted structure.

- Interest appropriation on Demand raised by CGST, Goa on account of GST refund on services under inverted duty structure from July 2017 to March 2018 towards financial year 2017-18.

Sensitivity level	1% increase	1% decrease	1% increase	1% decrease
Impact on defined benefit obligation	(11.45)	13.07	(13.01)	14.94

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

Sensitivities due to mortality & withdrawals are not material and hence impact of change has not been calculated.

H. Maturity Profile of Defined benefit obligation:

Particulars	As at 31 st March 2023		As at 31 st March 2022	
	Gratuity Fund	Post retirement medical benefits plan	Gratuity Fund	Post retirement medical benefits plan

I. Risk exposure

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary overtime. Thus, the Company is exposed to various risks in providing the above defined benefit which are as follows:

Interest rate risk	The present value of defined benefit obligation is determined using the discount rate based on the market yield prevailing at the end of the reporting period on Government Bonds. A decrease in yield will increase the fund liabilities and vice-versa.
Investment Risk	This may arise from volatility in the assets value due to market fluctuation and impairment of assets due to credit losses. These plan assets are invested with LIC - the valuation of which is inversely proportional to the interest rate movements.
Inherent risk	The plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risk pertaining to the plan. In particular, this exposes the Company, to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to longevity risk.
Salary escalation risk	The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.
Withdrawal risk	Deviations in actual withdrawal than assumed withdrawals and change of withdrawal rates at subsequent valuation can impact plan liability.

* The carrying amounts of these financial instruments are a reasonable approximation of their fair value.

The fair value of investments in mutual funds is based on the net asset value (NAV) as stated by the issuers of these mutual fund units in the published NAV statements as at the Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which the issuer will redeem such units from the investors.

The fair value of derivatives is determined using quoted forward exchange rates at the reporting date.

There has been no transfer between level 1, level 2 and level 3 during the year.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

The management assessed that cash and cash equivalents, other bank balance, trade receivables, other current financial assets (except derivative financial assets), trade payables, short term borrowings and other current financial liabilities (except derivative financial liabilities) approximate their fair value largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Note 35: Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company also enters into derivative contracts. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's risk management is carried out by treasury department under policies approved by the Board of Directors. The treasury department identifies, evaluates and hedges financial risks. The Board of Directors provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

A Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the guidelines framed by the board of directors of the Company. Guidelines broadly covers the selection criterion and over all exposure which the Company can take with a particular financial institution or bank. Further the guideline also covers the limit of overall deposit which the Company can make with a particular bank or financial institution. The Company does not maintain the significant amount of cash and deposits other than those required for its day to day operations.

(All amounts are in ₹ lakhs, unless otherwise stated)

Trade receivables

The Company receivables can be classified into two categories, one is from the customers into the market and second one is from the Government in the form of subsidy. As far as Government portion of receivables are concerned, credit risk is nil. For market receivables from the customers, the Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. The Company has also taken security deposits from its customers, which mitigates the credit risk to some extent.

Reconciliation of loss allowance on:	Trade receivables amount	Other financial assets amount
Balance as at 1 st April 2021	3,479.01	209.79
Movement during the year	1,036.02	-
Balance as at 31 st March 2022	4,515.03	209.79
Movement during the year	1,235.84	-
Balance as at 31st March 2023	5,750.87	209.79

B Liquidity risk

The Company's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements at all times. The Company relies on a mix of borrowings and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium/ long term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments as at 31st March 2023:

C Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as commodity risk. Financial instruments affected by market risk include borrowings and derivative financial instruments.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March 2023

(All amounts are in ₹ lakhs, unless otherwise stated)

The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant. The analysis exclude the impact of movements in other market variables. Refer sensitivity analyses below.

The following assumptions have been made in calculating the sensitivity analysis:

-The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31st March 2023 and 31st March 2022.

(a) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates..

Sensitivity analysis

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates of various currencies with ₹, with all other variables held constant. The impact on the Company's profit before tax and equity is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives. Refer Note 37 for details on foreign currency exposure.

Particulars	Profit and loss	
	As at 31 st March 2023	As at 31 st March 2022
₹/USD strengthening [5% movement]	(81.11)	(2,512.15)
₹/USD weakening [5% movement]	81.11	2,512.15
₹/EURO strengthening [5% movement]	(161.37)	(361.37)
₹/EURO weakening [5% movement]	161.37	361.37

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company manages fund requirements and performs sensitivity analysis to keep interest rate risk within limits.

Sensitivity analysis

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax and equity is affected through the impact on floating rate borrowings, as follows:

Particulars	Profit and loss	
	As at 31 st March 2023	As at 31 st March 2022
INR Borrowings		
Variable rate instruments - increase by 50 basis points	(1,021.33)	(478.02)
Variable rate instruments - decrease by 50 basis points	1,021.33	478.02
Foreign Currency Borrowings-USD		
Variable rate instruments - increase by 50 basis points	(1,294.22)	(999.13)
Variable rate instruments - decrease by 50 basis points	1,294.22	999.13

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

(c) Commodity price risk

The Company's operating activities require the ongoing purchase of rock phosphates, phosphoric acid, sulphur and mauratic potash. All being international commodities is subject to price fluctuation on account of the change in the demand supply pattern and exchange rate fluctuations. The Company is not affected by the price volatility of the raw materials as government on a time to time basis, revises the subsidy rates payable to the fertilizer industry based on the market trend.

Note 36: Capital management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital keeping in view the adequate interest and debt service coverage ratio.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

Note 40

- a) The Company, in an earlier year, had received an Arbitration Award in its favour in the matter of Cargo Charges Tariff dispute with Paradeep Port Trust (PPT) for the years 1993–1999. PPT in earlier year had appealed with the higher authorities against such award which was confirmed by the Appellate Authority. However, as against the above order, the PPT went into further appeal with the Hon'ble High Court of Odisha and the High Court in its interim order directed the Company not to execute award at this stage. The Company has not recognised this award as income in the Statement of Profit and Loss.
- b) Paradeep Port Trust (PPT) proposed a revision in scale of rates applicable to the Company for cargo handling in the captive berth w.e.f. 1 April 1999. The matter was referred to Tariff Authority of Major Ports (TAMP) on mutual consent of the parties under the direction of Hon'ble High Court of Odisha. During the previous year, TAMP had finalised the rates, but PPT had not agreed with the order and proceeded with a writ petition before the Hon'ble High Court of Odisha against the said order. Pending disposal of the case, the Company has not recognised the amount receivable from PPT towards the excess amount paid over the applicable TAMP order.

Item No. 6: Appointment of Mrs. Rita Menon (DIN: 00064714) as an Independent Director

Based on the recommendation of Nomination and Remuneration Committee, the Board by resolution passed on 27th June 2023 approved the appointment of Mrs. Rita Menon (DIN: 00064714) as an Additional Director in the category of Independent Directors w.e.f. 27th June 2023.

Pursuant to the provisions of Section 161(1) of the Companies Act, 2013 ("the Act"), Mrs. Rita Menon holds office as an Additional Director till the date of the ensuing 41st Annual General Meeting (AGM) scheduled on September 26th, 2023.

A notice has been received in writing from a member under Section 160 of the Companies Act, 2013 proposing

appointment of Mrs. Rita Menon as an Independent Director of the Company.

Accordingly, based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company through resolution passed by circulation on June 27th, 2023 recommended the appointment of Mrs Rita Menon as an Independent Director on the Board of the Company, not liable to retire by rotation, for a term of 3 years commencing from the date of Board's approval i.e. 27th June 2023.

The Company has received in writing from Mrs. Rita Menon (i) consent to act as Director of the Company; (ii) intimation to the effect that she is not disqualified from being appointed as Director in terms of Section 164(2) of the Act; and (iii) declaration that she meets the criteria of independence as specified under Section 149 of the Act and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

In the opinion of the Nomination and Remuneration Committee and the Board, Mrs. Rita Menon fulfils the conditions for appointment as Independent Director as specified in the Act, the Rules made thereunder and

the Listing Regulations and she is independent of the management of the Company.

Mrs. Rita Menon is interested in the resolution set out at Item No. 6 of the Notice. The relatives of Mrs. Rita Menon may be deemed to be interested in the resolution set out at Item No. 6 of the Notice, to the extent of their shareholding interest, if any, in the Company.

Save and except the above, none of the other Directors / Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the above appointment.

Item No. 7: Re-appointment of Mr. Satyananda Mishra (DIN: 01807198) as an Independent Director of the Company and continuation of directorship after attaining the age of 75 years

Based on the recommendation of the Nomination and Remuneration Committee, the Board at its meeting held on 4th November 2020 and the shareholders at their meeting held on 19th September 2021 had approved the appointment of Mr. Satyananda Mishra (DIN: 01807198), as an Independent Director for a period of 3 years from 4th November 2020 to 3rd November 2023.

Based on his skills, experience, knowledge and performance evaluation and recommendation of the Nomination and Remuneration Committee, the Board by resolution passed on 27th June 2023, has approved, subject to the approval of the shareholders, the re-appointment of Mr. Satyananda Mishra as an Independent Director for a second term of 3 years w.e.f. 4th November 2023 up to 3rd November 2026 and continuation of directorship of Mr. Satyananda Mishra after attaining the age of 75 years, during his tenure as an Independent Director of the Company. The brief profile and other particulars of Mr. Satyananda Mishra as required SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, are annexed and forms part of this notice.

In terms of Regulation 17(1A) of the Listing Regulations, the continuation of directorship of any person as a Non-Executive Director, who has attained the age of seventy five years, requires approval of shareholders by way of a special resolution, in which case the explanatory statement annexed to the notice for such motion shall indicate the justification for appointment or continuation of directorship of such a person. The Board recommends the Special resolution in relation to the continuation of directorship of Mr. Satyananda Mishra as an Independent Director, even after he attains the age of 75 years till the expiry of his term

till 3rd November 2026, for the approval of the Members of the Company. Considering his vast experience, it is desirable that he should complete his tenure of 3 years as an Independent Director of the Company.

In the opinion of the Nomination and Remuneration Committee and the Board, Mr. Satyananda Mishra fulfils the conditions for his re-appointment as an Independent Director as specified in the Act and the Listing Regulations and he is independent of the management.

A notice has been received in writing by a member under Section 160 of the Companies Act, 2013 proposing re-appointment of Mr. Satyananda Mishra as an Independent Director of the Company.

The Company has received in writing from Mr. Satyananda Mishra (i) consent for re-appointment; (ii) intimation to the effect that he is not disqualified from being re-appointed as Director in terms of Section 164(2) of the Act; and (iii) Form MBP-1 giving disclosure of interest (iv) declaration that he meets the criteria of independence as specified under Section 149 of the Act and the Rules framed thereunder and Regulation 16(1)(b) of the Listing Regulations and he has confirmed that he is not aware of any circumstance or situation which exist or may be reasonably anticipated that could impair or impact his ability to discharge his duties..

Mr. Satyananda Mishra is interested in the Resolution set out at Item No. 7 of the Notice with regard to his re-appointment. The relatives of Mr. Satyananda Mishra may be deemed to be interested in the Resolution set out at Item No. 7 of the Notice, to the extent of their shareholding interest, if any, in the Company.

Save and except the above, none of the other Directors / Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the above reappointment.

The Board accordingly recommends the Special Resolution set out at Item No. 7 of the Notice for approval of the members.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) Login method for e-Voting and joining virtual meetings for **Physical shareholders and shareholders other than individual holding in Demat form.**

The shareholders should log on to the e-voting website www.evotingindia.com.

- 1) Click on "Shareholders" module.
- 2) Now enter your User ID
 - a. For CDSL: 16 digits beneficiary ID,
 - b. For NSDL: 8 Character DP ID followed by 8 Digits Client ID,
 - c. Shareholders holding shares in Physical Form should enter Folio Number registered with the Company.
- 3) Next enter the Image Verification as displayed and Click on Login.

If you are holding shares in demat form and had logged on to www.evotingindia.com and voted on an earlier e-voting of any company, then your existing password is to be used.

- 4) If you are a first-time user follow the steps given below:

	For Physical shareholders and other than individual shareholders holding shares in Demat.
PAN	Enter your 10 digit alpha-numeric *PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders) <ul style="list-style-type: none"> Shareholders who have not updated their PAN with the Company/Depository Participant are requested to use the sequence number sent by Company/RTA or contact Company/RTA.
Dividend Bank Details OR Date of Birth (DOB)	Enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy format) as recorded in your demat account or in the Company records in order to login. <ul style="list-style-type: none"> If both the details are not recorded with the depository or company, please enter the member id / folio number in the Dividend Bank details field.

- (ii) After entering these details appropriately, click on "SUBMIT" tab.
- (iii) Shareholders holding shares in physical form will then directly reach the Company selection screen. However, shareholders holding shares in demat form will now reach 'Password Creation' menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that Company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- (iv) For shareholders holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.
- (v) Click on the EVSN of the Company.
- (vi) On the voting page, you will see "RESOLUTION DESCRIPTION" and against the same the option "YES/NO" for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to

the Resolution.

- (vii) Click on the "RESOLUTIONS FILE LINK" if you wish to view the entire Resolution details.
- (viii) After selecting the resolution, you have decided to vote on, click on "SUBMIT". A confirmation box will be displayed. If you wish to confirm your vote, click on "OK", else to change your vote, click on "CANCEL" and accordingly modify your vote.
- (ix) Once you "CONFIRM" your vote on the resolution, you will not be allowed to modify your vote.
- (x) You can also take a print of the votes cast by clicking on "Click here to print" option on the Voting page.
- (xi) If a demat account holder has forgotten the login password then Enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.
- (xii) There is also an optional provision to upload BR/ POA if any uploaded, which will be made available to scrutiniser for verification.

(xiii) Additional Facility for Non – Individual Shareholders and Custodians –For Remote Voting only.

Non-Individual shareholders (i.e. other than Individuals, HUF, NRI etc.) and Custodians are required to log on to www.evotingindia.com and register themselves in the "Corporates" module.

A scanned copy of the Registration Form bearing the stamp and sign of the entity should be emailed to helpdesk.evoting@cdslindia.com.

After receiving the login details a Compliance User should be created using the admin login and password. The Compliance User would be able to link the account(s) for which they wish to vote on.

The list of accounts linked in the login will be mapped automatically & can be delink in case of any wrong mapping.

- It is Mandatory that, a scanned copy of the Board Resolution and Power of Attorney (POA) which they have issued in favour of the Custodian, if any, should be uploaded in PDF format in the system for the scrutiniser to verify the same.
- Alternatively Non Individual shareholders are required mandatorily to send the relevant Board Resolution/ Authority letter etc. together with attested specimen signature of the duly authorised signatory who are authorised to vote, to the Scrutiniser at the email address cs.sbhat@gmail.com with a copy marked to the Company at the email address cs.ppl@adventz.com, if they have voted from individual tab & not uploaded same in the CDSL e-voting system for the scrutiniser to verify the same.

Members who have not yet registered their nomination are requested to register the same by submitting Form SH-13. The form can be downloaded from the Company's website at http://www.mangalorechemicals.com/investor/investor_forms_format. Members are requested to submit these details to their DP in case the shares are held by them in electronic form, and to the RTA, in case the shares are held in physical form.
15. The Register of Directors' and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts or Arrangements in which the Directors are interested under Section 189 of the Companies Act, 2013 will be available electronically for inspection by the Members on the website of the Company at www.mangalorechemicals.com during the time of AGM.
16. To support the 'Green Initiative' taken by the Ministry of Corporate Affairs, to contribute towards the Greener Environment and to receive all documents, Notices, including Annual Reports and other communications of the Company, investors should register their e-mail addresses with RTA if shares are held in physical mode or with the Depository Participant, if the shares are held in electronic mode.
17. On and from April 1, 2019, requests for effecting transfer of securities shall not be processed unless the securities are held in the dematerialised form. In addition to that, as per the recent amendments to SEBI LODR effective from January 24, 2022 and SEBI's Circular dated January 25, 2022, it has been mandated that listed companies shall henceforth issue the securities in dematerialized form only while processing the service requests for (a) issue of duplicate securities certificate; (b) claim from Unclaimed Suspense Account; (c) Renewal/Exchange of securities certificate; (d) Endorsement; (e) Sub-division/Splitting of securities certificate; (f) Consolidation of securities certificates/folios; (g) Transmission and (h) Transposition.
- In accordance with the said Circular, our RTA shall verify and process the service requests and thereafter issue a 'Letter of confirmation' in lieu of physical securities certificate(s), to the securities holder/claimant. Such 'Letter of Confirmation' shall be valid for a period of 120 days from the date of its issuance, within which the securities holder/claimant shall make a request to the Depository Participant for dematerializing the said securities, failing which the Company/RTA will credit the securities to the Suspense Escrow Demat Account of the Company.
18. Register of Members and Share Transfer Books will remain closed from September 20, 2023 to September 26, 2023 (both days inclusive) for the purpose of determination of members who are entitled to receive the dividend for the financial year 2022-23, if declared.
19. Members may note that the Income Tax Act, 1961, ("the IT Act") as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a company after April 01, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of final dividend. In order to enable us to determine the appropriate TDS rate as applicable, members are requested to submit the following documents in accordance with the provisions of the IT Act.

For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows:

Members having valid PAN	10%* or as notified by the Government of India
Members not having PAN/valid PAN	20% or as notified by the Government of India

*As per the Finance Act, 2021, Section 206AB has been inserted effective July 1, 2021, wherein the higher rate of tax (twice the specified rate) would be applicable on payment made to a shareholder who is classified as 'Specified Person' as defined under Section 206AB of the Finance Act, 2021.

*As per Section 139AA of the IT Act, every person who has been allotted a PAN and who is eligible to obtain Aadhaar, shall be required to link the PAN with Aadhaar. In case of failure to comply with this, the PAN allotted shall be deemed to be invalid/inoperative and he shall be liable to all consequences under the IT Act and tax shall be deducted at the higher rates as prescribed under the IT Act.

However, no tax shall be deducted on the dividend payable to resident individual shareholders if the total dividend to be received by them during the current Financial Year does not exceed ₹5,000 and also in cases where members provide Form 15G/Form 15H (Form 15H is applicable to resident individual shareholders aged 60 years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower/nil withholding of tax. PAN is mandatory for members providing Form 15G/15H or any other document as mentioned above.

For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20%** (plus applicable surcharge and cess) or as notified by the Government of India on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA), read with Multilateral Instrument (MLI) between India and the country of tax residence of the shareholders, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA read with MLI, non-resident shareholders will have to provide the following:

- Copy of the PAN card allotted by the Indian income tax authorities duly attested by the shareholders or details as prescribed under rule 37BC of the Income-tax Rules, 1962.
- Copy of the Tax Residency Certificate for the current Financial Year obtained from the revenue or tax authorities of the country of tax residence, duly attested by shareholders.
- Electronic Form 10F as per notification no. 03/2022 dated July 16, 2022 issued by the Central Board of Direct Tax [Notification can be read under notification-no-3-2022-systems.pdf ([incometaxindia.gov.in](https://www.incometaxindia.gov.in))]. Form 10F can be obtained electronically through the e-filing portal of the income tax website at <https://www.incometax.gov.in/iec/foportal>.
- Self-declaration by the shareholders of having no permanent establishment in India in accordance with the applicable tax treaty.
- Self-declaration of beneficial ownership by the non-resident shareholder.
- Any other documents as prescribed under the IT Act for lower withholding of taxes, if applicable, duly attested by the shareholders.

In case of Foreign Institutional Investors (FII)/Foreign Portfolio Investors (FPI), tax will be deducted under Section 196D of the IT Act at the rate of 20%** (plus applicable surcharge and cess) or the rate provided in relevant DTAA, read with MLI, whichever is more beneficial, subject to the submission of the above documents, if applicable.

**As per the Finance Act, 2021, Section 206AB has been inserted effective July 01, 2021, wherein the higher rate of tax (twice the specified rate) would be applicable on payment made to a shareholder who is classified as 'Specified Person' as defined under the provisions of the aforesaid Section. However, in case of a non-resident shareholder or a non-resident FPI/FII, the higher rate of tax as mentioned in Section 206AB shall not apply if such non-resident does not have a permanent establishment in India.

The aforementioned documents are required to be sent to Company or to the Share Transfer Agent before September 25, 2023.

The resident shareholders can upload the above said Form on the registrar's website – <https://investors.cameoindia.com> or by emailing the same to investor@cameoindia.com by September 25, 2023.

20. Voting Process:

A. Process and manner for members opting to vote through electronic means:

Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the businesses to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.

THE INSTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- (i) The remote e-voting period begins on September 22, 2023 at 10.00 AM (IST) and ends on September 25, 2023 at 5.00 PM (IST). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of September 19, 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote during the meeting.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. EXPLANATORY STATEMENT

(Pursuant to Section 102 of the Companies Act, 2013)

Item No. 4: Appointment of Mrs. Kiran Dhingra (DIN: 00425602) as an Independent Director

Based on the recommendation of Nomination and Remuneration Committee, the Board by resolution passed on July 10, 2023 approved the appointment of Mrs. Kiran Dhingra (DIN: 00425602) as an Additional Director in the category of Independent Directors for a term of three (3) years w.e.f. July 10, 2023, subject to the approval of the shareholders. A notice has been received in writing from a member under Section 160 of the Companies Act, 2013 proposing appointment of Mrs. Kiran Dhingra as an Independent Director of the Company. The Company has received in writing from Mrs. Kiran Dhingra (i) consent to act as Director of the Company; (ii) intimation to the effect that she is not disqualified from being appointed as Director in terms of Section 164(2) of the Act; and (iii) declaration that she meets the criteria of independence as specified under Section 149 of the Act and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

In the opinion of the Nomination and Remuneration Committee and the Board, Mrs. Kiran Dhingra fulfils the conditions for appointment as Independent Director as specified in the Act, the Rules made thereunder and the Listing Regulations and she is independent of the management of the Company.

Mrs. Kiran Dhingra is interested in the resolution set out at Item No. 4 of the Notice. The relatives of Mrs. Kiran Dhingra may be deemed to be interested in the resolution set out at Item No. 4 of the Notice, to the extent of their shareholding interest, if any, in the Company.

Save and except the above, none of the other Directors/Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the above appointment.

Accordingly, the consent of the members is sought by a Special Resolution for the item No. 4 of the Notice.

Item No. 5: Ratification of payment of remuneration to Cost Auditor

In accordance with the provisions of Section 148 of the Companies Act, 2013, and Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the Board has approved the appointment of Mr. Y K Venkatesh, Cost Accountant (Membership Number 5294), as Cost Auditor of the Company for the financial year 2023-24 on a remuneration of INR 2,00,000/- (Rupees Two Lakhs only) exclusive of applicable tax and other statutory levies, if any, and reimbursement of actual expenses incurred on travel, accommodation and other out-of-pocket expenses.

Accordingly, consent of members is sought by an Ordinary Resolution for the remuneration payable to the Cost Auditor for the financial year 2023-24.

None of the Directors/Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested, financially or otherwise in this matter.

The profit before tax for the year ended March 31, 2023 was INR 176.03 crore as compared to INR 134.66 crore for the year ended March 31, 2022. Total Comprehensive Income stood at INR 134.34 crore for the year ended March 31, 2023 compared to INR 87.66 crore for the previous year.

4. PRODUCTION

Urea

Your Company achieved production of 3,31,690 MTs during

the year against the reassessed capacity of 3,79,500 MTs on account of shutdown of urea plant for implementation of Energy Improvement Project in Ammonia Plant compared to 4,29,000 MTs during the previous year with necessary approval.

Di-Ammonium Phosphate (DAP) and Complex Fertilizers

Your Company produced 2,29,826 MTs of Phosphatic Fertilizers during the year compared to 2,51,854 MTs in the previous year, based on the availability of raw materials.

Ammonium Bi-Carbonate (ABC)

Production of ABC at 11,004 MTs during the year compared to 14,366 MTs in the previous year.

5. SALES

During the year, your Company sold 3,30,934 MTs of Urea compared to 4,31,110 MTs in the previous year. Sale of manufactured Phosphatic Fertilizers were 2,53,116 MTs compared to 2,39,959 MTs in the previous year. Sale of imported fertilizers were 30,180 MTs against 26,010 MTs in the previous year.

Sulphonated Naphthalene Formaldehyde (SNF)

The Company sold 17,081 MTs of SNF during the year, compared to 18,135 MTs in the previous year. The Company has continued with new product variants for applications in newer areas to improve plant utilization, in order to de-risk its focus on construction chemical industry.

Agri Advisory Service

We provide a comprehensive range of Agri Advisory Services designed to educate and inform farmers and Agri input dealers on various topics, including fertilizer use efficiencies, integrated nutrient management, soil health and other agricultural techniques. To accomplish this, we regularly organize market development programs that cater to both farmers and dealers. These programs include our Farmer-Connect initiatives such as Soil Health Days, Farmers Meetings, Crop Seminars, Method Demonstrations, Field Days and Intensive Farmer Connect Programs. Additionally, we actively engage with rural school children through our "Mangala Raitha Prathibe" project, aiming to educate them about farming and modern agriculture, thereby inspiring them to pursue agriculture as a profession or develop a connection with the agricultural sector.

6. WORKING CAPITAL

The subsidy receivables increased during the year on account of escalation in commodity prices coupled with rupee depreciation. The estimated interest cost on account of delay in subsidy payment was INR 6.80 crore for the year 2022-23.

7. AMMONIA PLANT ENERGY IMPROVEMENT PROJECT

The ammonia plant is revamped based on KBR's design by technological upgradation, replacement of aged equipment with new generation high efficiency equipment, recovery of waste heat and optimization of steam usage. The revamp has also increased about 25% capacity in Ammonia production substituting the part of Company's ammonia import.

Erection, hook up and commissioning works of the project were carried out in the second quarter of the financial year during the plant shutdown. The Project was successfully completed and production was commenced in September 2022. The plant has completed more than 180 days of operation since completion of the project without major interruption as on 31st March 2023.

The revamp has considerably improved reliability of Ammonia plant by replacement of aging equipment.

Utility sections were also strengthened with addition of capacity to Nitrogen generation, Instrument Air Drying and Cooling water side stream filtrations. These initiatives have improved reliability of the section.

8. FERTILIZER POLICY

The writ petition filed by the Company before the Hon'ble High Court of Delhi (DHC) seeking remedy against some restrictive & discriminatory conditions imposed by the Notification No. 12018/4/2014-FPP dated June 17, 2015, was disposed since the GOI confirmed that the Company would be eligible for the benefits as are available to other manufacturers of Urea who have converted their manufacturing processes to gas based and are now utilizing gas for production of Urea.

The GOI issued Notification No.12012/1/2015-FPP dated March 28, 2018 confirming the availability of benefits to the Company for having converted its manufacturing process to gas based, on receipt & use of gas for production of Urea and continuation of existing policy till March 2020.

The Company has filed a writ petition against the DoF before DHC after its vain representations against arbitrary and discriminatory non extension of existed energy norms beyond March 2020 and bench marking the cost of production of Urea by using naphtha with that of gas price of fertilizer companies recently converted to natural gas.

The Nutrient Based Subsidy Scheme (NBS) was introduced by the GOI with effect from April 1, 2010 after de-controlling the DAP/complex fertilizers, where annual/bi-annual concession rates are announced leaving the market realization to reflect the fluctuations in respective commodity prices. However, the GOI is monitoring the market realization.

9. SAFETY, HEALTH, ENVIRONMENT AND POLLUTION CONTROL

SAFETY

During the year, periodic audits of Safety, Health and Environment Management System were carried out by M/s DNV.

Your Company has taken measures to further strengthen safety systems inside the factory. Fixed Natural Gas leak detectors have been installed in areas of recently converted (Fuel Oil to Natural Gas) burners of Package Boiler and Dryer Combustion chamber in the DAP Plant and Standby auxiliary Boiler (IJT) in Ammonia Plant for early detection and alarm in case of any gas leaks. Addressable Fire Detection/Alarm system was extended to the Office area of Main Stores, New cable gallery in Captive Power Plant, Panel area in MPSS and New PLC room. 'Safe-Owl' – a new Fire & Safety Equipment Inspection software for logging the inspection data of various safety and firefighting equipment on an online platform – was implemented. This paperless initiative will improve the process of inspection and improves reliability.

Third party safety audit of the entire factory was carried out. Extensive training programs related to fire prevention and basic firefighting, usage of breathing apparatus, usage of personal protective equipment, emergency management, work permit system, Safety, Health and Environment management system, were organized for employees. Regular mock drills were also conducted to check the emergency preparedness. Promotional campaigns like National Safety Day, Fire Service Week and Chemical Disaster Prevention Week were undertaken.

Firefighting training is being conducted every Friday to train the employees and also contractors' workman.

MCF Team won First Prize in the State Level safety Quiz Competition organized by Department of Factories, Boilers, Industrial Safety and Health, Government of Karnataka.

MEDICAL SERVICES

Annual medical examinations were conducted for all employees which included general physical examination, systemic examination and laboratory investigations and employees with abnormal findings were advised accordingly. Special tests like Pulmonary Function test, Audiometry and Vision test were also conducted for identified employees as per Statutory requirement. Health data of all the employees were recorded in Health Register-Form No. 16.

Medical examination of the canteen workers was conducted covering tests for any communicable diseases. Employees of Ammonium Bi-Carbonate Plant were examined for any communicable/skin diseases and were immunized against diseases like Hepatitis B and Tetanus as per schedule.

First aid training programmes were conducted for employees and contract workers regularly by Professional Faculty. Awareness programmes on "Health and Personal Hygiene" were conducted regularly for Canteen workers and ABC Plant employees. Training on proper usage of Spine Board and Splints in handling emergencies was conducted for the employees regularly.

Free Health Check-up camp was conducted for Loaders and Truck Drivers in association with Srinivasa Medical College Hospital, Mukka.

Blood donation camp was organized at factory in March 2023 in association with Indian Red-cross Society on occasion of Adventz Day.

COVID Vaccination camp was conducted in association with Primary Health Centre, Kulai and total 550 employees/Contract employees received Booster dose of the vaccine.

Free Eye Check-up camps were conducted at Krishnapura, near Surathkal and Ballamanja, near Belthangady in association with Justice K.S. Hegde Charitable Hospital and Artificial Limbs were distributed to 11 beneficiaries, both as part of CSR Activity.

ENVIRONMENTAL MANAGEMENT

As an ISO 14001 certified Company, many environmental management programs have been implemented to improve the environmental performance of the Company.

The Company has changed its Feedstock and Fuel from Naphtha to cleaner Natural Gas which has significantly reduced Sulphur Dioxide emissions.

Your Company has achieved zero liquid discharge status in 2010 by upgrading its effluent and sewage treatment plants to recover and reuse the treated waters. The rainwater harvesting system and sewage treatment plants are already installed at township for employees. In addition to the existing 64 acres of green belt in manufacturing site, your Company has planted 2,000 saplings during 2022-23.

Environmental Management System (EMS) in line with the new version, ISO 14001:2015 was adopted during the year 2017 and was recertified by M/s Det Norske Veritas, Bangalore during the year 2020. Your Company has installed Continuous Ambient Air Quality Monitoring (CAAQM) station inside factory premises for continuous monitoring of ambient air quality. Ambient air quality data from CAAQM station is being displayed in LED display board at the entrance of the factory facing National highway for public information. Your Company has also installed Continuous Online Monitoring Systems in Urea prill tower, Di Ammonium Phosphate plant stack, Sulphuric Acid plant stack. Online analyser for NOx measurement in Captive Power Plant stacks and main plant Boiler stacks were installed and commissioned during the year 2020-21 as per the Central Pollution Control Board (CPCB) guidelines. All the on-line analysers are functioning and the data is being transmitted to CPCB continuously.

In-house Environment Laboratory at factory has been assessed and accredited in accordance with standard ISO/IEC 17025:2017 by National Accreditation Board for Testing and Calibration Laboratories (NABL). Lighting in the entire complex including hazardous area lighting has been now converted to LED lighting. Over 5,750 LED light fittings were installed over past three years with focus on reducing energy consumption. Installed "Solar water heater" for our Industrial canteen. The company has installed roof top solar PV plant of capacity 251.23 KWP. "E-waste Collection Facility" has been provided inside factory and also at MCF Township for collection and disposal of E-waste generated in a scientific manner. A Biogas plant is installed to generate cooking gas from canteen

food waste is operational and is contributing towards savings of natural resources. Company has installed Organic waste composting facility at its township to treat the wet waste generated in the colony houses.

The Company has registered itself with CPCB with respect to Plastic Waste Management Rule 2016 as Brand Owner and has engaged one Waste Management Agency for collection, transportation and recycling of the plastic waste generated in the market. The activity is completed for the year 2022-23 and will be continued for the year 2023-24.

The company has installed and commissioned highly efficient oxidizing biocide generating system based on most advanced technology available in market to produce Chlorine dioxide for treatment of circulating water of cooling tower, replacing the conventional generators. It has improved the circulating water quality further, reduced blow down quantity and hence generation of trade effluent.

Green Power

Your Company has taken up initiative by commissioning Roof Top Solar Photo Voltaic System with a capacity of 251.23 kWp at plant in Mangalore in January 2019. During the year, 2,99,131 kWh and since commissioning, 13,27,556 kWh, of solar power was generated.

**SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31st MARCH 2023**

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Mangalore Chemicals and Fertilizers Limited,
Bengaluru – 560 001

We have conducted the Secretarial Audit of the compliance of the applicable statutory provisions and the adherence to good corporate practices by **Mangalore Chemicals and Fertilizers Limited having CIN: L24123KA1966PLC002036** (herein after called the company). Secretarial Audit was conducted in a manner that provided us the reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion the Company has, during the audit period covering the Financial year ended on 31st March 2023, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on 31st March 2023, according to the provisions of:

- I. The Companies Act, 2013 (the Act) and the Rules made there under;
- II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made there under;
- III. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- IV. Foreign Exchange Management Act, 1999 and the Rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

- d) SEBI (Listing Obligation and Disclosure Requirements) Regulations 2015. (LODR Regulations) including the requirements with regard to the disclosure of information on Company's website and other disclosure and reporting requirements to the Stock Exchanges during the Financial Year.

There were no occasions during the financial year requiring specific compliance under the provisions of the following Regulations and Guidelines:

- e) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended till date;
- f) The Securities and Exchange Board of India (Share Based Employees Benefits and Swear Equity) Regulations, 2021, as amended till date;
- g) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 as amended till date;
- h) The Securities and Exchange Board of India (Delisting of Equity shares) Regulations, 2021; and
- i) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018, as amended till date.

VI. We further report that based on the information and explanations, and the records maintained, the Company has, in our opinion, complied with the provisions of:

1. Industry Specific Laws

- a) The Fertilizers (Control) Order, 1985
- b) The Fertilizers (Movement Control) Order, 1973

- l) The Factories Act, 1948
- m) Indian Boilers Act, 1923
- n) Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

We have also examined compliance with respect to:

- (i) The Secretarial Standards SS-1 and SS-2 issued by the ICSI and as notified by the Ministry of Corporate Affairs and report that the Company has generally complied with the said Standards.
- (ii) The Listing Agreement/s entered into by the Company with the BSE Limited and The National Stock Exchange of India Limited (NSE) read with the SEBI (LODR) Regulations, 2015:

and report that the Company has generally complied with the same.

We further report that during the said Financial Year, the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc., mentioned in the foregoing paragraphs.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the Composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice was given to all the Directors to schedule the Board/Committee Meetings, agenda and detailed notes on agenda was sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Sub committees of Board reconstituted during the financial year by following necessary provisions governing the same. Majority decisions were carried through by the Board at its meetings and minutes of meetings are self-explanatory with regard to dissenting member's views, if any.

We further report that the Company has developed and implemented adequate systems and processes, commensurate with its size and operations, to effectively monitor and ensure compliance with applicable laws, rules, regulations and guidelines. There are also processes and adequate procedures in place for minimizing exposure to risks which may threaten the very existence of the Company. The Company has generally complied with the requirements of the provisions governing Corporate Social Responsibility.

We further report that during the Financial Year there were no significant events/actions, having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

Management Discussion and Analysis

Industry Structure and Developments

The Company has one major business segment, viz. Fertilizers. It manufactures both Nitrogenous and Phosphatic fertilizers and is the only manufacturer of fertilizers in the state of Karnataka. About 77% of the Company's products are sold in the state of Karnataka, which meets about 10% of the needs of the farmers in the State. The Company maintains a good share of the market in Kerala and a modest share in the neighbouring states of Tamil Nadu, Andhra Pradesh, Telangana and Maharashtra.

Threats and Opportunities

The writ petition filed by the Company before the Hon'ble High Court of Delhi (DHC) seeking remedy against some restrictive & discriminatory conditions imposed by the Notification No.12018/4/2014-FPP dated June 17, 2015, was disposed since the GOI confirmed that the Company would be eligible for the benefits as are available to other manufacturers of Urea who have converted their manufacturing processes to gas based and are now utilizing gas for production of Urea.

The GOI issued Notification No.12012/1/2015-FPP dated March 28, 2018 confirming the availability of benefits to the Company for having converted its manufacturing process to gas based, on receipt & use of gas for production of Urea and continuation of existing policy till March 2020.

The Nutrient Based Subsidy Scheme (NBS) was introduced by the GOI with effect from April 01, 2010 after de-controlling the DAP/complex fertilizers, where annual/bi-annual concession rates are announced leaving the market realization to reflect the fluctuations in respective commodity prices. However, the GOI is monitoring the market realization.

From January 2018, the GOI has rolled out Direct Benefit Transfer (DBT) for payment of subsidy on sale by the retailers on pan India basis after pilot studies in some selected districts of various States, as against the earlier system of payment of subsidy on receipt basis into the respective districts and sales thereafter. DBT roll out resulted in delayed payment of subsidy which would follow the vagaries of agro climatic conditions, leading to elongated working capital cycle. The delay in payment of subsidy caused by DBT, higher subsidy demand due to higher commodity prices and rupee depreciation would contribute to higher working capital requirement and resultant higher finance cost.

Future Outlook

The demand for both Nitrogenous & Phosphatic fertilizers in India is increasing steadily and expected to grow at a compounded

annual rate of about 2%. With the domestic production almost stagnant and the demand increasing, the supply deficit has to be met from imports. The Company has planned to import substantial quantity of fertilizers to meet the growing demand and has also finalized supply arrangements with certain local manufacturers of fertilizers, to augment total fertilizer availability in our marketing territory through our own marketing channel.

Financial and Operational Performance

a) Production Performance

Production of 3,31,690 MTs of Urea, 2,29,826 MTs of Complex fertilizers [DAP/NP] and 11,004 MTs of Ammonium Bi-Carbonate was achieved during the year.

b) Operating Results

The revenue from operations for the year ended March 31, 2023 was INR 3,641.52 crore as compared to INR 2,895.58 crore for the year ended March 31, 2022.

The profit before tax for the year ended March 31, 2023 was INR 176.03 crore as compared to INR 134.66 crore for the year ended March 31, 2022. Total Comprehensive Income stood at INR 134.34 crore for the year ended March 31, 2023 compared to INR 87.66 crore for the previous year.

c) Resource Utilization

The gross fixed assets and capital work-in-progress as at March 31, 2023 were INR 1,398.54 crore as compared to INR 1,154.77 crore in the previous year.

d) Working Capital

Net working capital as on March 31, 2023 was INR 147.30 crore.

Risks and Concerns

Due to any changes in Fertilizer policy, Urea production may get curtailed. Possible non-availability of raw materials & fertilizers and their rising prices for non-urea fertilizers are matters of concern. Roll out of DBT, any under provisioning for fertilizer subsidy in the Union Budget and resultant delay in subsidy payment by Govt. of India would contribute to precarious working capital position which could impact production and increased finance costs. Considering the Company's plans for higher imports, depreciation of Indian rupee against the US dollar can adversely affect profitability. Increase in operating costs, mainly finance costs on working capital may adversely affect profitability.

Internal Financial Control Systems

Adequate internal financial controls are in place across various functions in the Company. The Company has migrated from SAP ECC 6.0 with EHP 8.0 version to the new SAP S/4 HANA (high-performance analytic appliance) version and GRC software, which have higher controls in place.

In addition, Internal Auditor reviews the internal financial control measures on an ongoing basis, whose reports are reviewed by the Audit Committee.

Human Resources and Industrial Relations

The Company continues to focus on employee training and development and had organized several technical and other soft skills training programs across levels. The Company constantly reviews/revises its policies and practices to stay aligned with the best in the industry.

The total strength of regular employees at the end of the year was 605.

- At MCF, Safety and health of the employees is given the highest priority. The company is certified for ISO 14001 & ISO 45001 standards for excellence in Safety, Health and Environmental Management Systems. Japanese 5'S' technique is adopted at all locations of the factory.

A dedicated Fire & Safety Department functions in the plant round the clock. A foam tender, a multi-purpose tender and an Ambulance are always kept ready for any response.

The Company has taken several measures to strengthen safety systems inside the factory.

- Natural Gas leak detectors and InfraRed-type flame detectors are installed in vicinity of natural gas handling areas of the entire plant.
- Ammonia gas leak detectors have been installed in all areas of ammonia handling.
- Hydrogen gas leak detectors have been installed in all areas of hydrogen and syngas handling.
- These gas detectors installed for early detection of any gas leaks and fires.
- The factory is protected by a well-laid fire hydrant system with dedicated fire hydrant pumps and water storage of adequate capacity. Fire detection and alarm system is installed in the buildings like MCC Rooms, Electrical Substation, DG Rooms, all Office areas, Main Stores, New cable gallery in Captive Power Plant, Panel area in MPSS and New PLC room to detect any fires at preliminary stages and alert the in-house Fire Station.
- Transformers are protected with High Velocity Water Spray System.
- The Engine Room of the Captive Power Plant is equipped with high-rate ventilating fans to prevent accumulation of flammable gas inside the building. The area is also protected by InfraRed-type flame detectors for early detection fires.
- 'Safe-Owl' – a new Fire & Safety Equipment Inspection software for logging the inspection data of various safety and firefighting equipment on an online platform is in place.
- Safety audit of the entire factory is conducted annually by third party.
- Plant personnel are provided with quality and reliable Personal Protective Equipment, carefully selected and procured from reputed manufacturers.
- Extensive training programmes related to fire prevention and basic firefighting, usage of breathing apparatus, usage of personal protective equipment, emergency management, work permit system, Safety, Health and Environment management system is regularly imparted to employees, workers and contractor's workers.
- A well-defined Emergency Preparedness Plan is in place and it is updated regularly.
- Regular mock drills are conducted to check the emergency preparedness.
- Promotional campaigns like National Safety Day, Fire Service Week and Chemical Disaster Prevention week are observed every year.
- Public Awareness Programmes are periodically conducted in various institutions and villages surrounding the factory to impart awareness on Company's Operations, Safety, and Environment Management Systems.

MCF has a well-equipped Occupational Health Centre. A qualified Doctor is in charge of the OHC and it is manned round the clock by qualified and trained Male Nurses.

- The OHC is equipped with 6 beds, the latest medical equipment, centralised oxygen system, automated external defibrillator, ECG machine, Oxygen concentrator, Suction apparatus etc.
- A comprehensive health check up is conducted for all employees of the company annually.
- Specialized health checkups like pulmonary function test, audiometry etc are conducted for employees working in specific zones.
- Additional health check ups are conducted for employees and contractors' employees working in canteen and food grade Ammonium Bi Carbonate plants.
- Regular Medical camps are organized at various places in the neighborhood areas of the factory under CSR.

Working Conditions	100%

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks/concerns arising from assessments of health & safety practices and working conditions.

Following correctives actions taken/underway to address significant risks arising from assessments of health & safety practices and working conditions-

- Flame proof fittings are being provided in DAP Plant battery room.
- Sprinkler system is installed for Ammonia Pumps in DAP Plant
- Moisture trap is provided for compressed air receiver V903
- Arrangements made for box up of the end flange of chemical unloading hoses in SNF Plant.
- Ordinary electrical fittings are being replaced with flame proof fittings in SNF Plant.
- Fire Extinguishers are provided for all unmanned Cable Gallery Rooms
- Exhaust fans provided in Urea/Ammonia UPS Batteries Rooms to improve Ventilation
- Double body earthing is provided for all motors in DAP Plant & Specialty Fertilizer Plants.
- Illumination is improved by additional lighting in DAP Silo working area & Main stores area.
- Soft start is provided for compressor motor in Sulphuric Acid Plant.

Leadership Indicators

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N) - Yes

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

- Adherence to the applicable statutory provisions of laws with regard to payment and deduction of statutory dues is incorporated in the contract with the value chain partners. Further, the Company ensures that the same is complied by the value chain partners by obtaining proof of payments, verifying / matching details uploaded in Government portals etc., wherever feasible.

PRINCIPLE 6 - Businesses should respect and make efforts to protect and restore the environment

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 2022-2023 (Current Financial Year) (Giga Joules)	FY 2021-2022 (Previous Financial Year) (Giga Joules)
Total electricity consumption (A)	196688	182083
Total fuel consumption (B)	8896685	11527768
Energy consumption through other sources (C)	0	0
Total energy consumption (A+B+C)	9093373	11709851
Energy intensity per rupee of turnover (Total energy consumption/turnover in rupees)	0.000250	0.000404
Energy intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency - No

2. Does the entity have any sites/facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

- Urea production is identified under PAT Scheme, energy savings targets for the Company were achieved for PAT Cycle I and II, while targets are not assigned to fertilizer industries (Urea Sub-sector) thereafter.

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2022-2023 (Current Financial Year)	FY 2021-2022 (Previous Financial Year)
Water withdrawal by source (in kiloliters)		
(i) Surface (Municipality) water	2423250	2862850
(ii) Ground water	0	0
(iii) Third party water	0	0
(iv) Sea water/desalinated water	0	0
(v) Others	0	0
Total volume of water withdrawal (in kiloliters) (i+ii+iii+iv+v)	2423250	2862850
Total volume of water consumption (in kiloliters)	2423250	2862850
Water intensity per rupee of turnover (Water consumed/turnover)	0.000068	0.000096
Water intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency - No

4. Has the entity implemented a mechanism for Zero Liquid Discharge (ZLD)? If yes, provide details of its coverage and implementation.

- The company has implemented a mechanism for Zero Liquid Discharge (ZLD) in the year 2011. ZLD is achieved by treating the trade and domestic effluents in ETP and STPs and reusing it within the factory.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Unit	FY2022-2023 (Current Financial Year)	FY2021-2022 (Previous Financial Year)
NOx	kg/t of Urea	0.345	0.649
Sox	Kg/t of Sulphuric Acid	0.941	1.025
Particulate matter (PM)	Kg/t of Urea	0.656	0.715
	Kg/t DAP+NP20	0.339	0.381
Persistent organic pollutants (POP)	-	Nil	
Volatile organic compounds (VOC)	-	Nil	
Hazardous air pollutants (HAP)	-	Nil	
Others – please specify	-	Nil	

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? If yes, name of the external agency - No

6. Provide details of greenhouse gas emission (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY2022-2023 (Current Financial Year)	FY2021-2022 (Previous Financial Year)
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₂ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	MTs of CO ₂	224845	269981
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	-	Not available	
Total Scope 1 and Scope 2 emissions per rupee of turnover	Kg/Re	0.006	0.009
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity	-	-	-

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by external agency? If yes, name of the external agency. - No

7. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

- Yes

- Ammonia Plant Revamp
 - Ammonia plant (Ammonia is an intermediate product in Urea production) was revamped in September 2022 (commissioning)

with aim to reduce specific energy consumption with an investment of INR 435 crore. Revamp was designed by Leading technology company KBR. The revamp of ammonia plant has resulted in reduction in specific consumption by 11.5%, with an increase of 25% production capacity. The reduction in specific energy consumption has reduced about 56 kg of Co2 /t of Urea.

- The revamp is an important milestone in history of the company as the plant is upgraded to latest technology, aged equipment is replaced with new generation equipment resulting in increased safety, efficiency and production.

8. Provide details related to waste management by the entity, in the following format:

Parameter	FY2022-2023 (Current Financial Year)	FY2021-2022 (Previous Financial Year)
Total Waste generated (in metric tons)		
Plastic waste (A)	1700	1600

Metal and metal bearing waste	495.84	357.87
Total (A+B+C+D+E+F+G+H)	2342.481	2143.078
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tons)		
Category of waste : Plastic Waste (A)		
(i) Recycled (as per EPR under Plastic waste Management Rules,2016)	1600	555.45
(ii) Re-used	0	0
(iii) Other recovery operations	0	0
Total	1600	555.45
Category of waste: Hazardous Waste (G) Spent Cake		
(i) Recycled	0	0
(ii) Re-used	10.62	10.58
(iii) Other recovery operations	0	0
Total	10.62	10.58
For each category of waste generated, total waste disposed by nature of disposal method (in metric tons)		
Category of waste: As given below		
(i) Incineration	0	0
(ii) Landfilling	0	0
(iii) Other disposal operations	631.861	532.49

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency?

(Y/N) If yes, name of the external agency. - No

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

- Separate areas are created for collection of wastes. All types of wastes are segregated at sources and stored scientifically in their designated places and disposed through Pollution Control Board authorized waste handling agencies.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals/clearances are required, please specify details in the following format: - No

Sl. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval/clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
Not Applicable			

11. Details of environmental impact assessment of projects undertaken by the entity bases on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency	Results communicated in public domain	Relevant Web link
Not Applicable					

12. Is the entity compliant with the applicable environmental law/regulations/guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliance, in the following format: - Yes

Sl. No	Specify the law/ regulation/guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control board or by courts	Corrective action taken if any
Not Applicable				

Leadership Indicators

1. Provide break-up of the total energy consumed (in Joules or multiples) from renewable and non-renewable sources, in the following format:

Parameter	FY 2022-2023 (Current Financial Year)	FY2021-2022 (Previous Financial Year)
From renewable sources (In Giga Joules, GJ)		
Total electricity consumption (A)	1076	1141

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? If yes, name of the external agency. - No

3. Water withdrawal, consumption, and discharge in areas of water stress (in kilolitres):

For each facility/plant located in areas of water stress, provide the following information:

- Name of the area – Panambur, Mangalore
- Nature of operations – Plant Operations such as cooling, process consumption, drinking
- Water withdrawal, consumption, and discharge in the following format:

Parameter	FY 2022-2023 (Current Financial Year)	FY2021-2022 (Previous Financial Year)
Water withdrawal by source (in kiloliters)		
(i) Surface water	2423250	2862850

- With treatment-please specify level of treatment		
Total water discharges (in kilolitres)	0	0

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? If yes, name of the external agency. - No

4. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2022-2023 (Current Financial Year)	FY2021-2022 (Previous Financial Year)
Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	tonnes	Not available	Not available
Total Scope 3 emissions per rupee of turnover	t/Re turnover	-	-
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity	-	-	-

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? If yes, name of the external agency. - No

5. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

- Not applicable

6. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions/effluent discharge/waste generated, please provide details of the same as well as outcome of such initiative, as per the following format:

Sl. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative	Collective action taken, if any
1	Ammonia energy improvement project	Ammonia plant was revamped to reduce specific energy consumption at an investment of INR 435 crore.	Benefits are described under – Principle – 2, Question 1 in Essential Indicators.	-

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/web link.

- Yes. The company has a business continuity and disaster management plan.

Business Continuity Plan

Following Systems and procedures are in place at factory in case of major disruption due to fire, flood or any other act of God

- Gas leak detectors for NG and Hydrogen leaks.
- Earthing and bonding to prevent static charges.
- Safe shutdown system and high vents.
- The plant is designed for Wind Speed of 160 KM/Hr, Seismic Zone 3.
- Periodic Risk Based Inspection, Statutory Inspection, Annual Turn Around, RLA, replacement of aged equipment.
- Well laid underground Fire hydrant system
- Periodic mock drills
- Long term contracts for Raw material and water supplies
- Dedicated Fire & Safety Department

Disaster Management Plan

- Plants are equipped with Advanced Process Control, Safe shutdown System, Trip interlocks, Burner Management System.
- On-site Emergency plan is in place.
- Mutual Aid agreements with neighboring industries.

8. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

- No significant adverse impact to the environment.

9. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

- Not available

PRINCIPLE 7 - Businesses, when engaged in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

Essential Indicators

1. a. Number of affiliations with trade and industry chambers/associations. - 10

b. List the top 10 trade and industry chambers/association (determined based on the total members of such body) the entity is a member of/affiliated to.

Sl. No.	Name of the trade and industry chambers/associations	Reach of trade and industry chambers/associations (State/National)
1.	Fertilizer Association of India, Delhi	National
2.	National Safety Council	National

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MANGALORE CHEMICALS & FERTILIZERS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Mangalore Chemicals & Fertilizers Limited ("the Company"), which comprise the balance sheet as at 31 March 2023, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Emphasis of Matter

We draw attention to Note 22(g), which states that the Company had recognized urea subsidy income of INR 2,914 lakhs during the financial year 2020-21 considering that benchmarking of its cost of production of urea using Naphtha with that of gas-based urea manufacturing units is arbitrary and for which the Company had already filed a writ petition against the Department of Fertilizers before the Hon'ble High court of Delhi. Based on legal opinion obtained, the management believes that the criteria for recognition of subsidy revenue is met. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Sl. No.	Key Audit Matter (Refer Note 22 and 9 to the financial statements)	How our audit addressed the Key Audit Matter
1.	<p>Impact of government policies / notifications on recognition of concession income and its recoverability</p> <p>The Company recognises concession (subsidy) income receivable from the Department of Fertilizers, Government of India as per the New Pricing Scheme for Urea and as per Nutrient Based Subsidy Policy for Phosphatic and Potassic fertilizers at the time of sale of goods to its customers. During the current year, the Company has recognised concession income of INR 2,68,770.17 Lakhs and as at 31 March 2023 has receivables of INR 63,358.47 Lakhs relating to such income.</p> <p>We focused on this area because recognition of concession income and assessment of its recoverability is subject to significant judgement of interpretation of various notifications from the Department of Fertilizers.</p> <p>The area of judgement includes certainty around the satisfaction of conditions specified in the notifications and policies, collections and provisions thereof, likelihood of variation in the related computation rates, basis for determination of accruals of concession income and timely recoverability thereof.</p>	<p>Our audit procedures included among others, the following:</p> <ul style="list-style-type: none"> • Read the relevant notifications and policies issued by the Department of Fertilizers to ascertain the recognition of concession income, adjustments thereto recognised pursuant to changes in the rates and basis for determination of concession income. • Obtained an understanding of the process and tested the design and operating effectiveness of controls as established by the management in recognition and assessment of the recoverability of the concession income. • Evaluated the management's assessment regarding compliance with the relevant conditions as specified in the notifications and policies and collections of concession income. • Performed substantive procedures to understand and validate the basis of computation of concession income with underlying notifications and policies. • Tested the ageing analysis and assessed the information used by the management to determine the recoverability of the concession income by considering collections against historical trends. • Assessed the adequacy of the disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Directors report, corporate governance, Management Discussion & Analysis Report and business responsibility and sustainability report but does not include the financial statements and our auditors' report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Board of Directors for Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to the financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The audited financial statements of the Company for the corresponding year ended 31 March 2022 prepared in accordance

INDEPENDENT AUDITOR'S REPORT

with Ind AS included in these financial statements, have been audited by the predecessor auditors whose audit report dated 17 May 2022 expressed an unmodified opinion on those audited financial statements.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the (Ind AS) specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to the financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at 31 March 2023 on its financial position in its financial statements— Refer Note 7 and 35 to the financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2023; and
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or

invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries

- (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- (c) Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.

- v. The dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 13 to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

- vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the company only w.e.f. April 1, 2023, reporting under this clause is not applicable.

3. With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.

ANNEXURE A

Referred to in paragraph 1 on 'Report on Other Legal and Regulatory Requirements' of our report of even date to the members of Mangalore Chemicals & Fertilizers Limited ("the Company") on the financial statements as of and for the year ended 31 March 2023.

- (i) (a)
- (A) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a regular programme of physical verification of its Property, Plant and Equipment by which all Property, Plant and Equipment are verified in a phased manner over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, certain Property, Plant and Equipment were physically verified by the management during the year. In our opinion, and according to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) The title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in note 3A to the financial statements, as confirmed by bank are held in the name of the Company.
- (d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year and hence this clause is not applicable to the Company.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibitions) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii)
- a) The inventory, except goods in transit, has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable. In respect of goods-in-transit, subsequent goods receipts have been verified. In our opinion, the coverage and procedure of such verification by the management is appropriate. Discrepancies of 10% or more in aggregate for each class of inventory were not noticed on such physical verification.
- b) Based on our audit procedures & according to the information and explanation given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. Quarterly returns or statements filed by the company with such banks
- are in agreement with the books of account of the Company.
- (iii) Based on our audit procedures & according to the information and explanation given to us, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, paragraph 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company.
- (iv) Based on our audit procedures & according to the information and explanation given to us, the Company has neither given any loan, guarantees and security nor made any investment during the year covered under section 185 and 186 of the Act. Therefore paragraph 3(iv) of the Order is not applicable to the Company.
- (v) Based on our audit procedures & according to the information and explanation given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of the Act and the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has specified maintenance of cost records under Sub-Section (1) of Section 148 of the Act in respect of the products/services of the Company. We have broadly reviewed the books of account maintained by the Company as specified under sub section (1) of section 148 of the Act, for maintenance of cost records in respect of the products manufactured by the Company, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not, made a detailed examination of cost records with a view to determine whether they are accurate or complete.
- (vii)
- (a) According to the information and explanations given to us and the records of the Company examined by us, the Company has generally been regular in depositing undisputed statutory dues including Goods and Service Tax, provident fund, employees state insurance, income-tax, and any other material statutory dues as applicable with the appropriate authorities.
- According to the information and explanation given to us and the records of the Company examined by us, no undisputed amounts payable in respect of Goods and Service Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues were in arrears, as at March 31, 2023 for a period of more than six months from the date they became payable.

ANNEXURE A

- (b) According to the information and explanations given to us and based on our examination of the records of the Company, there are no statutory dues referred to in sub-clause (a) as at 31 March 2023, which have not been deposited with the appropriate authorities on account of any dispute, except as stated below:

Name of the Statute	Nature of the Dues	Amount demanded (In Lakhs)	Amount paid (In Lakhs)	Period to which amount relates	Forum where dispute is pending

- (viii) Based on our audit procedures and as per the information and explanations given by the management, no amount has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Accordingly, paragraph 3(viii) of the order is not applicable to the Company.
- (ix)
- (a) Based on our audit procedures and as per the information and explanations given by the management, the Company has not defaulted in repayment of loans or other borrowings or in payment of interest thereon to any lender.
- (b) According to the information and explanations given to us, the Company is not a declared willful defaulter by any bank or financial institution or other lender. Accordingly, paragraph 3(ix)(b) of the Order is not applicable to the Company.
- (c) Term loans were applied for the purpose for which the loans were obtained.
- (d) According to the information and explanations given to us and the records of the Company examined by us, there were no funds raised on short term basis have been used for long-term purposes by the Company. Accordingly, paragraph 3(ix)(d) of the Order is not applicable to the Company.
- (e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) and (f) of the Order is not applicable to the Company.
- (x)
- (a) According to the information and explanations given to us, the Company did not raise money by way of initial public offer or further public offer (including debt instruments) during the year and hence the question of whether money raised were applied for the purposes for which those are raised does not arise. Accordingly, paragraph 3(x) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year and hence the question of whether the requirements of section 42 and section 62 of the Act have been complied with and the funds raised have been used for the purposes for which the funds were raised does not arise. Accordingly, paragraph 3(x)(b) of the Order is not applicable to the Company.
- (xi)
- (a) To the best of our knowledge and belief and according to the information and explanations given to us, we report that no fraud by the Company or on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) To the best of our knowledge and belief and according to the information and explanations given to us, we report that no whistle blower complaints were received during the year by the Company.
- (xii) The Company is not a Nidhi company in accordance with Nidhi Rules 2014. Accordingly, paragraph 3(xii)(a) to (c) of the Order is not applicable.
- (xiii) Based on our audit procedures and according to the information and explanations given to us, all the transactions entered into with the related parties during

ANNEXURE A

the year are in compliance with Section 177 and Section 188 of the Act where applicable and the details have been disclosed in the financial statements as required by the Indian accounting standard Related Party Disclosures (Ind AS 24)

- (xiv)
- (a) To the best of our knowledge and belief and according to the information and explanations given to us, the Company has an internal audit system commensurate with the size and nature of its business.
 - (b) We have considered the reports of the Internal Auditors for the period under audit.
- (xv) On the basis of the information and explanations given to us, in our opinion, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi)
- (a) Based on our audit procedures and according to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of Reserve Bank of India Act, 1934 (2 of 1934).
 - (b) Based on our audit procedures and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934. has not incurred cash losses in the financial year and in the immediately preceding financial year.

- (xviii) There has been no resignation of the statutory auditors during the year and accordingly this clause is not applicable.
- (xix) On the basis of financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans, we are of the opinion that no material uncertainty exists as on the date of the audit report of the Company's capability of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx)
- (a) Based on our audit procedures and according to the information and explanations given to us, in respect of other than ongoing projects, the Company having spent the required amount, there is no amount pending to be transferred to a Fund specified in Schedule VII to the Act within a period of six months of the expiry of the financial year in compliance with second proviso to sub-section (5) of section 135 of the said Act.
 - (b) Based on our audit procedures and according to the information and explanations given to us, the company is not required to transfer unspent amount under sub-section (5) of section 135 of the said Act, pursuant to ongoing project to special account in compliance with provision of sub-section (6) of section 135 of the said Act. Accordingly, paragraph 3(xx)(b) of the Order is not applicable to the company.

ANNEXURE B

Referred to in paragraph 2(f) on 'Report on Other Legal and Regulatory Requirements' of our report of even date

Report on the Internal Financial Controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls with reference to financial statements of Mangalore Chemicals & Fertilizers Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the

Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

Retained earnings - Retained earnings represent profits generated by the Company not distributed to shareholders.

Capital redemption reserve - The said reserve was created by way of transfer from general reserve on redemption of preference shares. This reserve account can be applied in paying up unissued shares to be issued to members of the Company as fully paid bonus shares in accordance with the provisions of the Companies Act, 2013.

General reserve - Under the erstwhile Companies Act, 1956, general reserve was created through transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of the Companies Act, 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the requirements of the Companies Act, 2013.

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

1. Corporate information

Mangalore Chemicals and Fertilizers Limited ("MCF" or "the Company") is a public limited company domiciled in India and incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on two recognized stock exchanges in India. The registered office of the Company is located at Level 11, UB Tower, UB City, 24, Vittal Mallya Road, Bengaluru 560 001, Karnataka, India. The Company is primarily engaged in the manufacture, purchase and sale of fertilisers. The Company has manufacturing facility in India. Information on related party relationships of the Company is provided in Note 38.

The Ind AS financial statements were approved by the Board of Directors of the Company on May 11, 2023.

2. Basis of preparation of Ind AS financial statements

The Ind AS financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the Ind AS financial statements.

The Ind AS financial statements have been prepared on a historical cost basis, except for assets and liabilities which are required to be measured at fair value. The Ind AS financial statements are presented in Indian Rupees ("INR") and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

The significant accounting policies adopted for preparation and presentation of these Ind AS financial statement have been applied consistently, except for the changes in accounting policy for amendments to the standard that were issued effective for the financial year beginning from on or after April 1, 2022 as stated in Note 2.3.

2.1 Summary of significant accounting policies

(a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- expected to be realized or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- expected to be settled in normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(b) Foreign currencies

The Ind AS financial statements are presented in INR, which is also the Company's functional currency.

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date, the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate, if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in other comprehensive income ("OCI") or the statement of profit and loss are also recognised in OCI or statement of profit and loss, respectively).

(c) Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Ind AS financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the Ind AS financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held

for sale in discontinued operations. External valuers are involved, wherever considered necessary.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

(d) Revenue from contract with customer

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue towards satisfaction of performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the company as a part of contract. The Company has concluded that it is the principal in its revenue arrangements.

Goods and Service Tax (GST) is not received by the Company on its own account and is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 2.2.

Sale of products

Revenue from sale of product is recognised at the point in time when control of the asset is transferred to the customer, generally on dispatch of the product. The normal credit term is 15 to 120 days upon delivery.

Revenue from the sale of products, including concession receivable from the Government of India under the applicable New Pricing Scheme / Nutrient Based Subsidy Policy, is recognised when control of the products has transferred to the customer and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Revenue towards satisfaction of performance obligation is

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the company as a part of contract.

Concessions in respect of Urea, as notified under the New Pricing Scheme, is recognized with adjustments for escalation/de-escalation in the prices of inputs and other adjustments, as estimated by the management in accordance with the known policy parameters in this regard.

Subsidy for Phosphatic and Potassic (P&K) fertilisers is recognized as per the rates notified by the Government of India in accordance with Nutrient Based Subsidy Policy from time to time.

Freight subsidy on Urea, Complex fertilisers, etc. is recognized in accordance with the specified parameters and notified rates.

In determining the transaction price for the sale of goods, the Company considers the effects of variable consideration, the existence of significant financing components, and consideration payable to the customer (if any)

(i) Variable consideration

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception.

(ii) Significant financing component

The Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

Sale of services

Service income is recognized, on an accrual basis, at agreed rate in accordance with the terms of the agreement.

Interest Income

Interest income from dealers and others on delayed payments is recognized to the extent the Company is reasonably certain of their ultimate collection.

Other interest income is recognized using the effective interest rate (EIR) method. The effective interest rate is the rate that discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. Interest income is included under the head "other income" in the statement of profit and loss.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A trade receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in paragraph (o) Financial Instruments.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

(e) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

(f) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss (either in OCI or in equity in correlation to the underlying transaction). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions, where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities and assets are recognized for all taxable temporary differences and deductible temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss (either in OCI or in equity in correlation to the underlying transaction).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged

to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the Company will pay normal income tax during the specified year, i.e., the year for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset. The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

Goods and Service Tax (GST) paid on acquisition of assets or on incurring expenses

When the tax incurred on purchase of assets or services is not recoverable from the taxation authority, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable. Otherwise, expenses and assets are recognized net of the amount of taxes paid. The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

(g) Property, plant and equipment

On transition to Ind AS i.e. 1 April 2015, the Company has elected to continue with the carrying value of all of its property, plant and equipment (PPE) recognised as at 1 April 2015 measured as per the Indian GAAP and use that carrying value as the deemed cost of the PPE.

Property, plant and equipment, capital work-in-progress is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects, if the recognition criteria are met.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred. Items of stores and spares that meet the definition of Property, plant and equipment are capitalized at cost, otherwise, such items are classified as inventories.

Depreciation is calculated on a straight-line basis

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

over the useful lives of the assets, estimated by the management, as follows:

	<u>Useful life (years)</u>
Buildings	5 to 60
Railway sidings	15
Roads, drainage and culverts	5 to 30
Plant and equipment (continuous process plant)	25
Computer equipment	3 and 6
Electrical installations and fittings	10
Office equipment	5 and 15
Furniture and fixtures	10
Cranes and locomotives	15
Vehicles	8 and 10

For the purpose of depreciation calculation, residual value is determined as 5% of the original cost for all the assets, as estimated by the management basis independent assessment by an expert. The Company, based on assessment made by technical expert and management estimate, depreciates following assets, not included above, over the estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives reflect fair approximation of the period over which the assets are likely to be used.

- (i) The useful lives of components of certain plant and equipment are estimated as 2 to 20 years.
- (ii) Insurance/capital/critical stores and spares are depreciated over the remaining useful life of related plant and equipment or useful life of insurance/capital/critical spares, whichever is lower.
- (iii) The useful lives of certain vehicles are estimated as 3 to 5 years.

Leasehold land is amortized on a straight-line basis over the period of lease.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(h) Intangible assets

On transition to Ind AS, the Company has elected to continue with the carrying value of all of intangible assets recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in the statement of profit and loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as finite.

Intangible assets are amortized over the useful economic life and assessed for impairment, whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognized in the statement of profit and loss, unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Research and development costs

Research costs are expensed as incurred. Development expenditures are recognised as intangible asset when the Company can demonstrate:

- the technical feasibility of completing the intangible asset so that the asset will be available for use or sale,
- intention to complete and its ability and intention to use or sell the asset,
- its future economic benefits,

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

- the availability of resources to complete the asset and
- the ability to measure reliably the expenditure during development.

Following initial recognition, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use.

Computer Software

The computer software is amortised on a straight-line basis over the useful economic life of 5 years, as estimated by the management.

(i) **Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(j) **Leases**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use

assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in Section (I) Impairment of non-financial assets.

Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. The Company's lease liabilities are included in Borrowings.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

to be of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term. Effective April 1, 2019, the Company has adopted Ind AS 116 on Leases which replaces Ind AS 17 on Leases, including appendices thereto. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The Company has used the modified retrospective approach for transition to Ind AS 116 and consequently comparatives for previous year have not been restated. The Company also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (short-term leases), and lease contracts for which the underlying asset is of low value (low-value assets).

This has resulted in recognition of right-of-use assets and corresponding lease liabilities of Rs. 2,015.20 Lakhs as at April 1, 2019. Right-of-use assets are depreciated over the lower of useful life of the asset or the lease term and interest on lease liabilities is recognized under finance costs. The net impact of adopting this standard on the statement of profit and loss and earnings per share is not material. Refer disclosures included in Note 33 for details.

The Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

(k) Inventories

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials, packing materials, stores and spares: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

- Finished goods and Work-in-progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.
- Traded Goods: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Materials and other items held for use in the production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost.

Cost is determined on a moving weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

(l) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's ("CGU") fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss, unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

(m) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss, net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

(n) Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no

obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

Retirement benefit in the form of superannuation fund is a defined contribution scheme. The Company has established a Superannuation Fund Trust to which contributions are made each month. The Company recognizes contribution payable to the superannuation fund scheme as expenditure, when an employee renders the related service. The Company has no other obligations beyond its monthly contributions.

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to the statement of profit and loss in subsequent periods.

Past service costs are recognized in the statement of profit and loss on the earlier of:

- the date of the plan amendment or curtailment, and
- the date that the Company recognizes related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- net interest expense or income

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for twelve months after the reporting date. Where the Company has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the same is presented as non-current liability.

(o) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e. the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost, if both of the following conditions are met:

- (i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- (ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A 'debt instrument' is classified as FVTOCI, if both of the following criteria are met:

- (i) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets; and
- (ii) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in OCI. However, the Company recognizes interest income, impairment losses and foreign exchange gain or loss in the statement of profit and loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Equity Instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

are held for trading are classified as FVTPL. If the Company decides to classify an equity instrument as FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when:

- The rights to receive cash flows from the asset have expired; or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets and credit risk exposure.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has

not increased significantly, twelve month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on twelve-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument.

The twelve-month ECL is a portion of the lifetime ECL which results from default events that are possible within twelve months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e., all cash shortfalls), discounted at the original EIR. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

For recognition of impairment loss on other financial assets and risk exposure, the Company categorizes them into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1: When financial assets are first recognized, the Company recognizes an allowance based on 12 months ECLs.

Stage 1 financial assets also include facilities where the credit risk has improved, and the financial assets has been reclassified from Stage 2.

Stage 2: When a financial asset has shown a significant increase in credit risk since origination, the Company records an allowance for the lifetime ECLs. Stage 2 loans also include facilities, where the credit risk has improved, and the financial assets has been reclassified from Stage 3.

Stage 3: Financial assets considered credit impaired. The Company records an allowance for the lifetime ECLs.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include borrowings, trade and other payables, and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading, unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not subsequently transferred to the statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss.

Loans and borrowings

Borrowings is the category most relevant to the Company. After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Reclassification of financial assets and liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no re-classification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a re-classification is made only if there is a change in the business model for managing those assets.

A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the re-classification prospectively from the re-classification date, which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(p) Derivative financial instruments and hedge accounting

The Company uses derivative financial instruments, such as forward currency contracts, currency and interest rate swaps, to hedge its foreign currency risks and interest rate risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

Any gains or losses arising from changes in the fair value of derivatives are taken directly to the statement of profit and loss.

(q) Cash and cash equivalents

Cash and cash equivalents in the balance sheet and cash flow statement comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(r) Cash dividend to equity holders

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

(s) Contingent liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the Ind AS financial statements.

(t) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year.

The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(u) Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Company), whose operating results are regularly reviewed by the Company's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Operating segments of the Company are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

2.2 Significant accounting judgements, estimates and assumptions

The preparation of the Ind AS financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

The Company bases its assumptions and estimates on parameters available when the Ind AS financial statements are prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur. The judgements, estimates and assumptions management has made which have the most significant effect on the amounts recognized in the Ind AS financial statements are as below:

Revenue from contracts with customers

Concessions in respect of urea, as notified under the New Pricing Scheme, is recognized with adjustments for escalation/de-escalation in the prices of inputs and other adjustments, as estimated by the management in accordance with the known policy parameters in this regard. The Company recognises urea concession income from the Government of India ("GOI") based on estimates as per the GOI notification dated June 17, 2015 and changes, if any, are recognised in the year of finalisation of the prices by the GOI under the scheme.

Also, the Company determines and updates its assessment of expected rebates periodically and the accruals are adjusted accordingly. Estimates of expected rebates are

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

sensitive to changes in circumstances and the Company's past experience regarding these amounts may not be representative of actual amounts in the future.

Property, plant and equipment

The depreciation of property, plant and equipment is derived on determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time of acquisition of asset and is reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life.

Impairment of financial and non-financial assets

Significant management judgement is required to determine the amounts of impairment loss on the financial and non-financial assets. The calculations of impairment loss are sensitive to underlying assumptions.

Tax provisions and contingencies

Significant management judgement is required to determine the amounts of tax provisions and contingencies. Deferred tax assets are recognised for unused tax losses and MAT credit entitlements to the extent it is probable that taxable profit will be available against which these losses and credit entitlements can be utilized. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans

The cost of the defined benefit plan and the present value of the obligation are determined using actuarial valuation. An actuarial valuation involves various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds where remaining maturity of such bond correspond to expected term of defined benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary

increases and gratuity increases are based on expected future inflation rates.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using internal valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

2.3 Changes in accounting policies and disclosures

New and amended standards

The Company applied for the first-time certain standards and amendments, which are effective for annual period beginning on or after April 01, 2022. The Company has not early adopted any other standard or amendment that has been issued but is not yet effective.

(i) Ind AS 103 Business Combination

Identified assets acquired and liabilities assumed (including contingent assets and contingent liabilities) must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Ind AS (Conceptual Framework) issued by the Institute of Chartered Accountants of India (ICAI).

(ii) Ind AS 109 Financial Instruments

Guidance provided on identifying substantial modification of the terms of an existing financial liability basis difference in discounted present value of the cash flows between old and new terms.

(iii) Ind AS 16 – Property Plant and equipment

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

(iv) Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that related directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

These amendments had no impact on the financial statements of the Company.

2.4 Standards issued but not yet effective

Ministry of Corporate Affairs (MCA), on March 31, 2023, through the Companies (Indian Accounting Standards (Ind AS)) Amendment Rules, 2023 amended certain existing Ind ASs on miscellaneous issues with effect from 1st April 2023. Following are few key amendments relevant to the Company:

(i) Ind AS 1 – Presentation of Financial Statements & Ind AS 34 – Interim Financial Reporting

Material accounting policy information (including focus on how an entity applied the requirements of Ind AS) shall be disclosed instead of significant accounting policies as part of financial statements.

(ii) Ind AS 107 – Financial Instruments: Disclosures

Information about the measurement basis for financial instruments shall be disclosed as part of material accounting policy information.

(iii) Ind AS 8 – Accounting policies, changes in accounting estimate and errors

Clarification on what constitutes an accounting estimate provided.

(iv) Ind AS 12 – Income Taxes

In case of a transaction which give rise to equal taxable and deductible temporary differences, the initial recognition exemption from deferred tax is no longer applicable and deferred tax liability & deferred tax asset shall be recognized on gross basis for such cases.

- a. The Company is in the process of evaluating the impact of the above amendments which is not expected to have any material impact on the financial statements of the Company. It may be noted that we expect there would be a change in Accounting policies section of the financial statements as the standard would require presentation of 'material accounting policies' as against 'significant accounting policies' disclosed so far.

The performance obligation is satisfied upon delivery of the goods and payment is generally due within 15 to 120 days from delivery.</p> <p>The Direct Benefit Transfer (DBT) Scheme entails 100% payment of subsidy to the Company on the basis of actual sales by the retailer to the beneficiary, however, the performance obligation of the Company is satisfied upon delivery of the goods.</p>		
<p>(e) Sales of products include government concession/subsidies amounting to INR 2,68,770.17 Lakhs (Previous year: INR 1,96,363.31 Lakhs). The urea concession has been estimated and accounted as per the Government of India notification dated June 17, 2015 and the subsidy on phosphatic and complex fertilisers has been accounted based on estimates and on the rates announced by the Government of India under Nutrient Based Subsidy Policy, as applicable.</p>		
<p>(f) Government of India has notified the pooling of Gas in Fertiliser (Urea) sector effective from June 2015. As per the notification, domestic Gas is pooled with Regasified Liquefied Natural Gas (RLNG) to provide natural Gas at uniform delivered price to all Natural Gas Grid connected Urea manufacturing plants.</p>		

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

(g) The Company had during the year ended March 31, 2021 recognised urea subsidy income of INR 2,914 Lakhs without benchmarking its cost of production using naphtha with that of gas-based urea manufacturing units recently converted to natural gas, as notified by the Department of Fertilizers [DoF] for subsidy income computation, against which the Company had filed a writ petition against the DoF before the Hon'ble High Court of Delhi [DHC]. Pending finalization of writ petition before the DHC, the management, based on legal opinion and considering the fact that the energy cost is always a pass through in subsidy computation, believes that artificial benchmarking is arbitrary and discriminatory and is confident of realisation of the aforesaid subsidy income.

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

	For the year ended March 31, 2023	For the year ended March 31, 2022
(g) The principal assumptions used in determining gratuity obligations for the Company plan are as shown below:		
Discount rate	7.45%	7.25%
Salary increase rate	6.50%-8.00%	6.50%-8.00%
Employee turnover	1.00%-3.00%	1.00%-3.00%

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. The overall rate of return on assets is determined based on the market price prevailing on that date, applicable to the period over which the obligation is to be settled.

(h) A quantitative sensitivity analysis for significant assumption is as below:

	As at March 31, 2023		As at March 31, 2022	
	0.5% increase	0.5% decrease	0.5% increase	0.5% decrease
<u>Impact on defined benefit obligation</u>				
Discount rate	(57.51)	62.43	(56.41)	61.29
Salary increase rate	62.25	(57.84)	61.27	(56.89)
Employee turnover	6.08	(6.82)	4.42	(5.01)
Mortality rate	0.31	(0.31)	0.23	(0.22)

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable change in key assumptions occurring at the end of the reporting period.

(i) The following payments are expected contribution to the defined benefit plans in future years:

	For the year ended March 31, 2023	For the year ended March 31, 2022
Within next 12 months	183.25	260.40
Between 2 to 5 years	536.10	542.54
Between 6 to 10 years	424.86	416.05
More than 10 years	2,152.50	1,993.15
Total	3,296.71	3,212.14

The average duration of the defined benefit plan obligation at the end of the reporting period/year is 9 years (March 31, 2022: 9 years).

(iii) Contribution to provident and other funds includes the following defined contributions:

	For the year ended March 31, 2023	For the year ended March 31, 2022

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

33. Leases

The Company as a lessee

The Company has lease contracts for land, buildings and tanks. The leases for land generally have lease terms between 1 to 30 years, while others generally have lease terms between 1 to 6 years. The Company's obligations under its leases are secured by the lessor's title to the leased assets. Generally, the Company is restricted from assigning and sub-leasing the leased assets. There are several lease contracts that include extension and termination options, which are further discussed below.

The Company also has certain leases with lease terms of 12 months or less and leases with low value. The Company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases.

Refer Note 3B for details of carrying amounts of right-of-use assets recognised and the movements during the year. Set out below are the carrying amounts of lease liabilities (included under interest-bearing borrowings) and the movements during the year:

	For the year ended March 31, 2023	For the year ended March 31, 2022
At the beginning of the year	2,113.75	2,134.12
Additions	-	15.89
Leases terminated	(157.49)	-
Accretion of interest	202.05	216.50
Payments	(235.64)	(252.76)
At the end of the year	1,922.67	2,113.75
Current	36.07	45.66
Non-current	1,886.60	2,068.09

The maturity analysis of lease liabilities are disclosed in Note 41(c). The following are the amounts recognised in the statement of profit or loss:

Depreciation expense of right-of-use assets	111.94	128.04
Interest expense on lease liabilities	202.05	216.50
Expense relating to short-term leases (included in rent expense)	478.43	543.10
Total amount recognised in the statement of profit or loss	792.42	887.64

The Company had total cash outflows for leases of INR 714.07 Lakhs (Previous year: INR 795.86 Lakhs). The Company also had non-cash additions to right-of-use assets and lease liabilities of INR Nil (Previous year: 15.89 Lakhs).

The Company has several lease contracts that include extension and termination options. These options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Company's business needs. Management exercises significant judgement in determining whether these extension and termination options are reasonably certain to be exercised.

The effective interest rate for lease liabilities is 10%, with maturity between 2023-2042

There are no future rental payments relating to periods following the exercise date of extension and termination options that are not included in the lease term.

	For the year ended March 31, 2023	For the year ended March 31, 2022
Expense relating to leases of low-value assets	-	-
Expense relating to short-term leases	78.67	75.26
Variable lease payments	399.76	467.84
Total Lease Payments not considered as Lease payments under Ind AS 116	478.43	543.10

The Company as a lessor

The Company has entered into cancellable operating leases in respect of a portion of its land and building. These leases have terms of between 10 years and above. The leases include a clause to enable upward revision of the rental charge on an annual basis according to prevailing market conditions. The total rents recognised as income during the period is INR 112.36 Lakhs (Previous year: INR 109.27 Lakhs).

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

	For the year ended March 31, 2023	For the year ended March 31, 2022
34. Capital and other commitments		
(a) Estimated amount of contract remaining to be executed (net of capital advances) on capital account and not provided for	5,225.19	14,015.72
(b) For commitments relating to lease arrangements, refer Note 33.		
35. Contingent liabilities		
(a) Claims against the Company not acknowledged as debts		
Income tax	358.04	358.04
Excise duty	638.96	638.96

Customs duty	424.70	402.70
Service tax	15.49	15.49
Others	95.00	95.00

The income tax matters under appeal include certain deductions claimed by the Company for financial years 2012-13 and 2013-14 which have resulted in tax losses, on which deferred tax assets have been recognized and utilized against taxable profits of following years, which have been disallowed by the income tax authorities and the differential tax liability (deferred tax/regular tax) that may arise is estimated to be INR 3,315 Lakhs and interest thereon. The Company is contesting aforesaid disallowances and the management, based on independent tax opinions, believes that its position will likely be upheld in the appellate process and accordingly no expense has been accrued in this regard.

The Company is contesting aforesaid demands and the management, based on advise of its advisors, believes that its position will likely be upheld in the appellate process. No expense has been accrued in the financial statements for these demands raised. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Company's financial position and results of operations. The Company does not expect any reimbursements in respect of the above contingent liabilities.

In addition, the Company is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Company's management reasonably does not expect that these legal actions, when ultimately concluded and determined, will have any material effect on the Company's results of operations or financial condition.

(b) Other money for which the Company is contingently liable		
Bank guarantees	904.23	864.96

There have been no guarantees provided or received for any related party receivables or payables.

39. Segment information

The Company is engaged in the manufacture, sale and trading of fertilizers which the management has considered as single business operating segment. Further, the Company operates in India and caters to the needs of only domestic market. Accordingly, no further disclosures are required.

Revenue from single customer i.e. Government of India amounted to INR 2,68,770.17 Lakhs (Previous period: INR 1,96,363.31 Lakhs) arising from the concession/subsidy on fertilizers.

40. Financial instruments fair value measurement

All assets and liabilities for which fair value is measured or disclosed in the Ind AS financial statements are categorised within the fair value hierarchy, as below, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 : Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

There has been no transfers between levels during the year. The fair values of derivatives are based on derived mark-to-market values. The management has assessed that the carrying values of financial assets and financial liabilities for which fair values are disclosed, reasonably approximate their fair values because these instruments have short-term maturities.

Borrowings include Indian currency and Foreign currency long-term loans wherein interest rates are linked to benchmark rates (Marginal Cost of Lending Rates/Prime Lending Rates) of respective lenders. These benchmark rates are determined based on cost of funds of the lenders, as well as, market rates. The benchmark rates are periodically revised by the lenders to reflect prevalent market conditions. Accordingly, effective cost of debt for borrowings at any point of time is in line with the prevalent market rates. Due to these reasons, management is of the opinion that they can achieve refinancing, if required, at similar cost of debt, as current effective interest rates. Hence, the discounting rate for calculating the fair value of Borrowings has been taken in line with the current cost of debt.

41. Financial risk management objectives and policies

The Company's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, trade and other receivables, cash and cash equivalents, bank balances, security deposits and derivatives that are out of regular business operations.

NOTES TO THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's risk management is carried out by a treasury department under policies approved by the Board of Directors. The Board of Directors provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument that will fluctuate because of changes in market prices. Market risk comprises three types of risk i.e. interest rate risk, currency risk and other price risk, such as commodity risk. Financial instruments affected by market risk include borrowings, derivatives financial instruments and trade payables.

i. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rate relates primarily to the Company's borrowings with floating interest rates. The following table demonstrates the sensitivity to a reasonably possible change in interest rates on borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, without considering impact of derivatives not designated as hedges, as follows:

	March 31, 2023		March 31, 2022	
	0.5% increase	0.5% decrease	0.5% increase	0.5% decrease
INR Borrowings	(500.96)	500.96	(428.35)	428.35
USD Borrowings	(177.87)	177.87	(240.79)	240.79
EURO Borrowings	-	-	(1.66)	1.66

ii. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's foreign currency borrowings and trade payables. The summary of derivative instruments and unhedged foreign currency exposure is as below:

Derivatives (not designated as hedges) outstanding as at the reporting date

Type	Currency	March 31, 2023		March 31, 2022	
		Foreign currency in Lakhs	INR in Lakhs	Foreign currency in Lakhs	INR in Lakhs

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

iii. Commodity price risk

The Company's operating activities require the ongoing purchase of natural gas. Natural gas being international commodity is subject to price fluctuation on account of the change in the crude oil prices, demand supply pattern and exchange rate fluctuations. The Company is not affected by the price volatility of the natural gas as under the Urea pricing formula the cost of natural gas is pass through if the consumption of natural gas is within the permissible norm for manufacturing of Urea.

The Company deals in purchase of imported fertilizers (i.e., DAP and MOP), which are imported by the Company and sold in the domestic market. The import prices of these goods are governed by the international prices. There is a price and material availability risk, which may not be in line to meet the domestic market requirement. The risk is also with domestic manufacturers whose costing is based on majorly imported raw materials and small value-add. However, a dynamic alignment of procurement to sales and constant review of market conditions and competitors costing help in mitigating the impact.

The Company also deals in purchase of imported raw materials (i.e. P2O5, Ammonia and Urea) which are imported by the Company and used in the manufacturing of NP. The import prices of these materials are governed by international prices. There is a price and material availability risk.

(b) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments if a counterparty default on its obligations. The Company's exposure to credit risk arises majorly from trade and other receivables. Other financial assets like security deposits and bank deposits are mostly with government authorities and scheduled banks and hence, the Company does not expect any credit risk with respect to these financial assets.

Trade Receivables

The Trade receivables can be classified into two categories, from the customers and from the Government in the form of subsidy/concession. The concession/subsidy receivable classified under trade receivables amounting to INR 63,358.47 Lakhs (March 31, 2022: INR 57,679.74 Lakhs) is receivable from the Government of India in the form of subsidy and being of sovereign nature credit risk is not perceived. The receivables from customers also include INR 8,284.41 Lakhs (March 31, 2022: INR 7,983.23 Lakhs) receivable from related party on which management does not expect any challenge in realisation. Further, as per terms agreed with related parties, interest is also charged on the overdue balances.

From market receivables from customers, the Company extends credit to customers in the normal course of business. The Company considers factors such as credit track record in the market and past dealings for extending credit to customers. The Company monitors the track record of the payments by the customers and the receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, since the customer base is large and located in several jurisdictions and operate in largely independent markets. The Company has also taken security deposits from its customers, which mitigate the credit risk to some extent. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 9. The Company holds collateral as security for many of its customers. At March 31, 2023, 35.75% (31 March 2022: 45.47%) of the Company's trade receivables from customers are covered by collateral security.

An impairment analysis is performed at the reporting date using a provision matrix to measure expected credit losses ("ECL"). The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, product type, customer type and rating). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Though the required amount of ECL provision as at March 31, 2023 is lower than the provision of earlier years, the Company is carrying ECL of INR 500.03 Lakhs same as previous year on conservative basis.

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

(c) Liquidity risk

The Company's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements at all times. The Company relies on a mix of borrowings and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium/long term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The table below summarises the maturity profile of the Company's financial liabilities on undiscounted basis:

Dear Shareholder,

Sub: Dividend

You will be aware that the Board of Directors of the Company, at its meeting held on May 11, 2023, has recommended a dividend of INR 1.50 per equity share of INR 10 subject to the approval of the members at the Annual General Meeting scheduled to be held on September 26, 2023.

To avoid loss of dividend warrants in transit and undue delay in respect of receipt of dividend warrants, the Company has provided a facility to the members for remittance of dividend through the National Electronic Clearing Services (NECS). NECS essentially operates on the new and unique bank account number allotted by banks post implementation of Core Banking Solution(CBS) for centralized processing on inward instructions and efficiency in handling bulk transaction. This facility is available at locations identified by Reserve Bank of India from time to time. This is in addition to the existing facility of ECS in other locations.

Members holding shares in electronic mode are requested to intimate all changes pertaining to their bank details to their Depository Participant in order to arrange the dividend payment by NECS or through warrant by printing the bank details, as the case may be.

Members who hold shares in physical form and desirous of availing this facility are requested to use the format below, to furnish the bank details of the first named shareholder and send the same to the Company/ Share Transfer Agent, not later than September 23, 2023 to update the bank details and arrange the dividend payment by NECS or through dividend warrant by printing the bank details, as the case may be.
